*Bingo!* Ralph Lawler,Chris Epting,2022-11-08 *Bingo!: 40 Years in the NBA* is the memoir of legendary Los Angeles Clippers and sports broadcaster Ralph Lawler. The book covers Lawler's extraordinary life and career, from his childhood in Peoria, Illinois; through his time at Bradley University; to the beginning of his sports announcing career at the Riverside International Raceway; his years spent in Philadelphia with the Flyers, Phillies, and 76ers; his years in San Diego with the Sails and the Chargers; and culminating in his 40-year career with the Clippers. Along the way, basketball and the NBA is the focus of the book, with Lawler's observations and stories about players, coaches, and teams from the 1940s through his retirement at the close of the 2019 season forming the core of the book. Included among the myriad stories and reflections will be his relationships with NBA legend Bill Walton, infamous Clippers owner Donald Sterling, Clippers GM and NBA great Elgin Baylor, and a variety of famous players and coaches from throughout the NBA. As Lawler used to famously say from behind the microphone, Fasten your seatbelts! *Bingo!* is a fun-filled journey through professional basketball, with plenty of Oh me,

Oh my! moments, and the definitive answer to the burning question all NBA fans want to know: Is there any truth to Lawler's Law?

**The Bingo Queens of Oneida** Mike Hoefft, 2014-07-08 Before Indian casinos sprouted up around the country, a few enterprising tribes got their start in gambling by opening bingo parlors. A group of women on the Oneida Indian Reservation just outside Green Bay, Wisconsin, introduced bingo in 1976 simply to pay a few bills. Bingo not only paid the light bill at the struggling civic center but was soon financing vital health and housing services for tribal elderly and poor. While militant Indian activists often dominated national headlines in the 1970s, these church-going Oneida women were the unsung catalysts behind bingo's rising prominence as a sovereignty issue in the Oneida Nation. The bingo moms were just trying to take care of the kids in the community. **The Bingo Queens of Oneida: How Two Moms Started Tribal Gaming** tells the story through the eyes of Sandra Ninham and Alma Webster, the Oneida women who had the idea for a bingo operation run by the tribe to benefit the entire tribe. Bingo became the tribe's first moneymaker on a reservation where about half the population was living in poverty. Author Mike Hoefft traces the historical struggles of the Oneida—one of six nations of the Iroquois, or Haudenosaunee,

confederacy—from their alliance with America during the Revolutionary War to their journey to Wisconsin. He also details the lives of inspirational tribal members who worked alongside Ninham and Webster, and also those who were positively affected by their efforts. The women-run bingo hall helped revitalize an indigenous culture on the brink of being lost. The Bingo Queens of Oneida is the story of not only how one game helped revive the Oneida economy but also how one game strengthened the Oneida community.
