Shivering Babe, Glorious Lord Douglas Wirth,2016-05-13 The Nativity Stories from Matthew and Lukes gospels have endured through the centuries, but the way Christmas is celebrated has been dramatically reshaped. In the modern era the story of Christs birth has been overshadowed by fanciful tales of Santa, Frosty, and Rudolph. Holiday customs designed to enhance the enjoyment of Christmas have often come to obscure the message of the Saviors birth. The Christmas season now exists primarily to foster the urge to shop rather than a desire to pause and reflect on the good news of Christs coming. Today the Nativity Stories are seldom considered as a whole, and the theological riches of these sacred texts have regrettably been reduced to The Christmas Story. The biblical narratives that have inspired poets and artists for centuries warrant more careful study. Shivering Babe, Glorious Lord surveys the Nativity Stories through twenty centuries of Christian tradition: their composition by Matthew and Luke; their relationship to the larger biblical narrative; their profound influence on theology and worship; their modern decline and the reemergence of Christmas in a secular guise in the nineteenth and twentieth centuries. Readers yearning for a more Christ-centered Christmas will find helpful resources here.

Connections and Influence in the Russian and American Short Story Jeff Birkenstein,Robert C. Hauhart,2021-03-10 In Connections and Influence in the Russian and American Short Story, editors Robert C. Hauhart and Jeff Birkenstein have assembled a collection of eighteen original essays written by literary critics from around the globe. Collectively, these critics argue that the reciprocal influence between Russian and American writers is integral to the development of the short story in each country as well as vital to the global status the contemporary short story has attained. This collection provides original analyses of both well-known Russian and American stories as well as some that might be more unfamiliar. Each essay is purposely crafted to display an appreciation of the techniques, subject matter, themes, and approaches that both Russian and American short story writers explored across borders and time. Stories by Gogol, Dostoevsky, Turgenev, Chekhov, and Krzhizhanovsky as well as short stories by Washington Irving, Faulkner, Langston Hughes, Richard Wright, Ursula Le Guin, Raymond Carver, and Joyce Carol Oates populate this essential, multivalent collection. Perhaps more important now than at any time since the end of the Cold War, these essays will remind readers how much Russian and American culture share, as well as the extent to which their respective literatures are deeply intertwined.
