Missamore,Desirae Negron,Marcus Plumlee,Emily Grace Sarver-Wolf,Lesley Sneed,Cassie Walters,Lucy Weakley,2011 In the Fall of 2010 I gave an assignment in my Appalachian Literature class at Berea College, telling my students to write their

own version of Where I'm From poem based on the writing prompt and poem by George Ella Lyon, one of the preeminent Appalachian poets. I was so impressed by the results of the assignment that I felt the poems needed to be preserved in a bound document. Thus, this little book. These students completely captured the complexities of this region and their poems contain all the joys and sorrows of living in Appalachia. I am proud that they were my students and I am very proud that together we produced this record of contemporary Appalachian Life -- Silas House

*Ask a Manager* Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk someone in an email then hit “reply all”
- you're being micromanaged—or not being managed at all
- you catch a colleague in a lie
- your boss seems unhappy with your work
- your cubemate's loud speakerphone is making you homicidal
- you got drunk at the holiday party

Praise for *Ask a Manager* “A must-read for anyone who works . . .

[Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Class Paul Fussell, 1992 This book describes the living-room artifacts, clothing styles, and intellectual proclivities of American classes from top to bottom.

**It's Complicated** Danah Boyd, 2014-02-25 Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

Unbroken (Movie Tie-in Edition) Laura  
Hillenbrand, 2018-08-21 #1 NEW YORK TIMES  
BESTSELLER • The incredible true story of survival  
and salvation that is the basis for two major  
motion pictures: 2014's *Unbroken* and the upcoming  
*Unbroken: Path to Redemption*. On a May afternoon  
in 1943, an Army Air Forces bomber crashed into  
the Pacific Ocean and disappeared, leaving only a  
spray of debris and a slick of oil, gasoline, and  
blood. Then, on the ocean surface, a face  
appeared. It was that of a young lieutenant, the  
plane's bombardier, who was struggling to a life  
raft and pulling himself aboard. So began one of  
the most extraordinary odysseys of the Second  
World War. The lieutenant's name was Louis  
Zamperini. In boyhood, he'd been a cunning and  
incorrigible delinquent, breaking into houses,  
brawling, and fleeing his home to ride the rails.  
As a teenager, he had channeled his defiance into  
running, discovering a prodigious talent that had  
carried him to the Berlin Olympics and within  
sight of the four-minute mile. But when war had  
come, the athlete had become an airman, embarking  
on a journey that led to his doomed flight, a tiny  
raft, and a drift into the unknown. Ahead of  
Zamperini lay thousands of miles of open ocean,  
leaping sharks, a foundering raft, thirst and  
starvation, enemy aircraft, and, beyond, a trial  
even greater. Driven to the limits of endurance,  
Zamperini would answer desperation with ingenuity;  
suffering with hope, resolve, and humor; brutality  
with rebellion. His fate, whether triumph or  
tragedy, would be suspended on the fraying wire of  
his will. In her long-awaited new book, Laura

Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—New York "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—People "A meticulous, soaring and beautifully written account of an extraordinary life."—The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."—The New York Times Book Review "Marvelous . . . *Unbroken* is wonderful twice over, for the tale it tells and for the way it's told. . . . It manages maximum velocity with no loss of subtlety."—Newsweek "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."—Maureen Corrigan, *Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter's pace."—Time "*Unbroken* is too much book to hope for: a hellride of a story in the grip of the one writer who can handle

it.”—Christopher McDougall, author of *Born to Run*

Enchantress from the Stars Sylvia

Engdahl, 2018-04-10 Rediscover this beloved Newbery Honor-winning classic, Featuring a brand-new cover and a foreword by Lois Lowry! Elana, a member of an interstellar civilization on a mission to a medieval planet, becomes the key to a dangerous plan to turn back an invasion. How can she help the Andrecians, who still believe in magic and superstition, without revealing her own alien powers? At the same time, Georyn, the son of an Andrecian woodcutter, knows only that there is a dragon in the enchanted forest, and he must defeat it. He sees Elana as the Enchantress from the Stars who has come to test him, to prove he is worthy. One of the few science fiction books to win a Newbery Honor, this novel continues to enthrall readers of all ages. Critical acclaim for *Enchantress from the Stars*: A Newbery Honor Book A Junior Library Guild selection An ALA Notable pick Winner of the Phoenix Award Finalist for the Book Sense Book of the Year Award

Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of *Born to Run* lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly

in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

We Beat the Street Sampson Davis, George Jenkins, Rameck Hunt, Sharon Draper, 2006-04-20  
Growing up on the rough streets of Newark, New Jersey, Rameck, George, and Sampson could easily have followed their childhood friends into drug dealing, gangs, and prison. But when a presentation at their school made the three boys aware of the opportunities available to them in the medical and dental professions, they made a pact among themselves that they would become doctors. It took a lot of determination—and a lot of support from one another—but despite all the hardships along the way, the three succeeded. Retold with the help of an award-winning author, this younger adaptation of the adult hit novel *The Pact* is a hard-hitting, powerful, and inspirational book that will speak to young

readers everywhere.

**Alcoholics Anonymous** Bill W., 2014-09-04 A 75th anniversary e-book version of the most important and practical self-help book ever written, Alcoholics Anonymous. Here is a special deluxe edition of a book that has changed millions of lives and launched the modern recovery movement: Alcoholics Anonymous. This edition not only reproduces the original 1939 text of Alcoholics Anonymous, but as a special bonus features the complete 1941 Saturday Evening Post article "Alcoholics Anonymous" by journalist Jack Alexander, which, at the time, did as much as the book itself to introduce millions of seekers to AA's program. Alcoholics Anonymous has touched and transformed myriad lives, and finally appears in a volume that honors its posterity and impact.

*Silent Hill* Bernard Perron, 2012-01-03 *Silent Hill: The Terror Engine*, the second of the two inaugural studies in the Landmark Video Games series from series editors Mark J. P. Wolf and Bernard Perron, is both a close analysis of the first three Silent Hill games and a general look at the whole series. Silent Hill, with its first title released in 1999, is one of the most influential of the horror video game series. Perron situates the games within the survival horror genre, both by looking at the history of the genre and by comparing Silent Hill with such important forerunners as *Alone in the Dark* and *Resident Evil*. Taking a transmedia approach and underlining the designer's cinematic and literary influences, he uses the narrative structure; the techniques of imagery, sound, and music employed;

the game mechanics; and the fiction, artifact, and gameplay emotions elicited by the games to explore the specific fears survival horror games are designed to provoke and how the experience as a whole has made the Silent Hill series one of the major landmarks of video game history.

### **Science And Human Behavior B.F**

Skinner,2012-12-18 The psychology classic—a detailed study of scientific theories of human nature and the possible ways in which human behavior can be predicted and controlled—from one of the most influential behaviorists of the twentieth century and the author of Walden Two. “This is an important book, exceptionally well written, and logically consistent with the basic premise of the unitary nature of science. Many students of society and culture would take violent issue with most of the things that Skinner has to say, but even those who disagree most will find this a stimulating book.” —Samuel M. Strong, The American Journal of Sociology “This is a remarkable book—remarkable in that it presents a strong, consistent, and all but exhaustive case for a natural science of human behavior...It ought to be...valuable for those whose preferences lie with, as well as those whose preferences stand against, a behavioristic approach to human activity.” —Harry Prosch, Ethics
