A Double Barreled Detective Story Mark

Twain, 2017-08-27 A Double Barrelled Detective Story is a novel by Mark Twain (Samuel Clemens), in which Sherlock Holmes finds himself in the American west. At a mining camp in California, Fetlock Jones, a nephew of Sherlock Holmes, kills his master, a silver-miner, by blowing up his cabin. Since this occurs when Holmes happens to be visiting, he brings his skills to bear upon the case and arrives at logically worked conclusions that are proved to be abysmally wrong by an amateur detective with an extremely keen sense of smell, which he employs in solving the case. This could be seen as yet another piece where Twain tries to prove that life does not quite follow logic. First Page: A DOUBLE BARRELLED DETECTIVE STORY By Mark Twain PART I We ought never to do wrong when people are looking. I The first scene is in the country, in Virginia; the time, 1880. There has been a wedding, between a handsome young man of slender means and a rich young girl a case of love at first sight and a precipitate marriage; a marriage bitterly opposed by the girl's widowed father. Jacob Fuller, the bridegroom, is twenty six years old, is of an old but unconsidered family which had by compulsion emigrated from Sedgemoor, and for King James's purse's profit, so everybody said somewhat maliciously the rest merely because they believed it. The bride is nineteen and beautiful. She is intense, high strung, romantic, immeasurably proud of her Cavalier blood, and passionate in her love for her young husband. Sherlock Holmes Mark Twain, 2013-08-20 A Double Barreled Detective Story by Mark Twain features Sherlock Holmes in the American west. Twain uses

Sherlock Holmes to brilliantly parody the entire mystery genre. Holmes slavishly employs the scientific method to a ridiculous degree and to a widely incorrect conclusion while attempting to solve a crime. Holmes nephew, Fetlock Jones, provides us with Twain's opinion of Holmes: Anybody that knows him the way I do knows he can't detect a crime except where he plans it all out beforehand and arranges the clues and hires some fellow to commit it according to instructions. Fans of both Sherlock Holmes and Mark Twain will be delighted by this wonderful book.

A Double Barrelled Detective Story Mark Twain, 1902 The first scene is in the country, in Virginia; the time, 1880. There has been a wedding, between a handsome young man of slender means and a rich young girl—a case of love at first sight and a precipitate marriage; a marriage bitterly opposed by the girl's widowed father. Jacob Fuller, the bridegroom, is twenty-six years old, is of an old but unconsidered family which had by compulsion emigrated from Sedgemoor, and for King James's purse's profit, so everybody — some maliciously— the rest merely because they believed it. The bride is nineteen and beautiful. She is intense, high-strung, romantic, immeasurably proud of her Cavalier blood, and passionate in her love for her young husband. For its sake she braved her father's displeasure, endured his reproaches, listened with loyalty unshaken to his warning predictions, and went from his house without his blessing, proud and happy in the proofs she was thus giving of the quality of the affection which had made its home in her heart. The morning after the marriage there was a sad surprise for her. Her husband put aside her proffered caresses, and said: Sit down. I have something to say to you. I loved you. That was before I asked your father to give you to me. His refusal is not my grievance—I could have endured

that. But the things he said of me to you--that is a different matter.
