The Wolf of Wall Street Jordan Belfort,2007-09-25 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—The New York Times “A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—Forbes “A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *GoodFellas* . . . Belfort has the Midas touch.”—The Sunday Times (London) “Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read.”—Kirkus Reviews

Life After Life Kate Atkinson,2013-04-02 What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original: this is Kate Atkinson at her absolute best.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Education in Hong Kong, 1941 to 2001 Anthony Sweeting,2004-07-01 It provides comprehensive coverage of developments in formal and informal education in Hong Kong from the end of 1941 to the beginning of the new millennium. As was true of its predecessor, each Part of this book is subdivided into three sections: Commentary, Chronicle, and Evidence. Such an organization facilitates flexible reading. Readers primarily interested in analysis, interpretation, and the identification of themes are likely to focus initially on the Commentary sections and to move, as they feel stimulated, to the relevant entries in the Chronicle and/or items of Evidence. Readers who seek either more encyclopedic understanding or detailed answers to specific questions may well wish to focus primarily or at least initially on the Chronicle sections, and then to search for substantiation in the Evidence section or for amplification in the author's Commentary. At times, some readers may wish to browse through the Evidence sections, reaching possibly serendipitous discoveries. Academic and general readers are likely to be particularly interested in Part I of the book, which deals with education in Hong Kong during the Japanese occupation, a topic that has received only very rare and generalization-bound treatment in other publications. The author offers insights into all levels of education. His conceptual scope incorporates many types of education - including the mainstream academic education, technical education, teacher education, special education, physical education, civic education, education that focuses on morals, that which focuses on culture, and the various sorts of non-formal and informal education.

It wasn't going to be easy. In fact, for a man with an unprecedented appetite for excess, it was going to be hell. Thousands of Lies Manuel Marrero,2015-12-20 When Agent Rx, chronic criminal and fugitive, goes off on a dust binge, he hits rock bottom and hits the road, leaving a trail of tears, violence and infamy in his wake. Meanwhile, Jordan Strong uncovers a highly classified method of time travel under the fixed scrutiny of various government agencies and chapters of the occult all coveting his guinea pig tits 'n appeal. Enlisting Rx's blue-collar bred double helix for tedium and accumulation of detail, they exploit parallel realities and paradoxical time lines to mine a collaborative novel transcribed from the voices of the dead. They stage the Phenotypical Exploitation, a kidnapping of Jane Bale and subsequent sale to NYC's dance music circuit, purveyor of drugs, sex and art. But their interests unravel when Agent Rx tries to reverse engineer the domestic trial of the century, bringing the novel, its author and the Exploitation's fatally erotic subject into notoriety for dollars on retrograde dimes. Together, they embark on a literary crusade of self-sabotage that threatens to fall off the cutting edge of a techno thriller, picaresque odyssey and log of skeletons. An upscale Polish call girl develops a posthumous reputation as the poster child for the right to die movement. The simultaneous advances in medical science and life expectancy coincide with the human colonization of Mars. A transgendered stick-up thug pulls off a career robbery, befriends a US President, gets used by the CIA, and becomes a father. A media star attempts to change her image. Paranormal visitations threaten the sanity of hard drug addicts, all the while a support group for movement disorders braces as a roundtable therapeutic free-for-all. Is a telephonic method of time travel the real deal, or an exploitation in itself, a device for dredging up juice from a cold vein? This is the story of two men among hundreds of ghosts and trees, from Cuba in the 1930s to New York in 2046. I know folks from the rust belt to the dust bowl who've never seen these trees. Go see them. You owe it to yourself.
