Casino Royale Ian Fleming, 2022-08-16 DigiCat Publishing presents to you this special edition of Casino Royale by Ian Fleming. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

So Shelly Ty Roth, 2012 When their friend Shelly drowns in a sailing accident, John Keats and Gordon Byron decide to steal Shelly's ashes and, in a romantic gesture, return them to the small Lake Erie island where her body washed up.

Sierra Hotel : flying Air Force fighters in the decade after Vietnam , 2001 In February 1999, only a few weeks before the U.S. Air Force spearheaded NATO's Allied Force air campaign against Serbia, Col. C.R. Anderegg, USAF (Ret.), visited the commander of the U.S. Air Forces in Europe. Colonel Anderegg had known Gen. John Jumper since they had served together as jet forward air controllers in Southeast Asia nearly thirty years earlier. From the vantage point of 1999, they looked back to the day in February 1970, when they first controlled a laser-guided bomb strike. In this book Anderegg takes us from glimmers of hope like that one through other major improvements in the Air Force that came between the Vietnam War and the Gulf War. Always central in Anderegg's account of those changes are the people who made them. This is a very personal book by an officer who participated in the transformation he describes so vividly. Much of his story revolves around the Fighter Weapons School at Nellis Air Force Base (AFB), Nevada, where he served two tours as an instructor pilot specializing in guided munitions.

Legend of the Four Beasts Topix Media Lab, 2021-08-15

A Panorama of American Film Noir (1941-1953) Raymond Borde, Etienne Chaumeton, 2002 This first book published on film noir established the genre--a classic, at last in translation.

The Conjugal Dictatorship of Ferdinand and Imelda Marcos Primitivo Mijares, 2016-01-17 Author's Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this volume very, very slowly. I could have done with it in three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20, 1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, Baka mapanis 'yan. (Your book could become stale.) While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes crying out to me to finish this work, lest the frailty of human memory -- or any incident a la Nalundasan -- consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me to San Francisco, California perpetuate the personal knowledge I have gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a

day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos does not have eternal life and that the Filipino people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press. I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States. But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which must inevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President. If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August, 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manuscript. However, as I put the finishing touches to my work, I found myself expurgating it of the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had(more inside)

Snow Crash Neal Stephenson, 1994-10-27 THE 30th ANNIVERSARY EDITION WITH NEW, NEVER-BEFORE-PUBLISHED MATERIAL After the Internet, what came next? Enter the Metaverse - cyberspace home to avatars and software daemons, where anything and just about everything goes. Newly available on the Street - the Metaverse's main drag - is Snow Crash. A cyberdrug that reduces avatars in the digital world to dust, but also infects users in real life, leaving them in a vegetative state. This is bad news for Hiro, a freelance hacker and the Metaverse's best swordfighter, and mouthy skateboard courier Y. T.. Together, investigating the Infocalypse, they trace back the roots of language itself to an ancient Sumerian priesthood and find they must race to stop a shadowy virtual villain hell-bent on world domination. In this special edition of the remarkably prescient modern classic, Neal Stephenson explores linguistics, computer science, politics and philosophy in the form of a break-neck adventure into the

fast-approaching yet eerily recognizable future. 'Fast-forward free-style mall mythology for the twenty-first century' William Gibson 'Brilliantly realized' New York Times Book Review 'Like a Pynchon novel with the brakes removed' Washington Post 'A remarkably prescient vision of today's tech landscape' Vanity Fair

Game Preview Nicolae Sfetcu,2014-05-04 A guide for game preview and rules: history, definitions, classification, theory, video game consoles, cheating, links, etc. While many different subdivisions have been proposed, anthropologists classify games under three major headings, and have drawn some conclusions as to the social bases that each sort of game requires. They divide games broadly into, games of pure skill, such as hopscotch and target shooting; games of pure strategy, such as checkers, go, or tic-tac-toe; and games of chance, such as craps and snakes and ladders. A guide for game preview and rules: history, definitions, classification, theory, video game consoles, cheating, links, etc.

Northern Lights Pål Brekke,Fredrik Broms,2013 Forfatterne gir i denne boken svar på alt du ønsker å vite om nordlyset: Når kan man se det? Hvor bør man reise? Hva slags utstyr trenger man? Og hvordan tar man egne bilder av dette spektakulære lysshowet? Pål Brekke er astrofysiker og arbeider som forsker ved Norsk romsenter. Fredrik Broms har spesialisert seg på å fotografere nordlyset.

Dragon's Deep Ashley P. Martin,2013-06-29 A fantasy adventure gamebook in which you must use skill and luck to defeat the red dragon by venturing into the mysterious region known as Dragon's Deep.

Chagos Nigel Wenban-Smith,Marina Carter,2016

The Dialectics of Seeing Susan Buck-Morss,1991-07-01 Walter Benjamin's magnum opus was a book he did not live to write. In *The Dialectics of Seeing*, Susan Buck-Morss offers an inventive reconstruction of the *Passagen Werk*, or *Arcades Project*, as it might have taken form. Working with Benjamin's vast files of citations and commentary which contain a myriad of historical details from the dawn of consumer culture, Buck-Morss makes visible the conceptual structure that gives these fragments philosophical coherence. She uses images throughout the book to demonstrate that Benjamin took the debris of mass culture seriously as the source of philosophical truth. The Paris Arcades that so fascinated Benjamin (as they did the Surrealists whose materialist metaphysics he admired) were the prototype, the 19th century ur-form of the modern shopping mall. Benjamin's dialectics of seeing demonstrate how to read these consumer dream houses and so many other material objects of the time—from air balloons to women's fashions, from Baudelaire's poetry to Grandville's cartoons—as anticipations of social utopia and, simultaneously, as clues for a radical political critique. Buck-Morss plots Benjamin's intellectual orientation on axes running east and west, north and south—Moscow Paris, Berlin-Naples—and shows how such thinking in coordinates can explain his understanding of dialectics at a standstill. She argues for the continuing relevance of Benjamin's insights but then allows a set of afterimages to have the last word.

Asian Brand Strategy M. Roll,2005-10-17 This book offers insights, knowledge and perspectives on Asian brands and branding as a strategic tool and provides a comprehensive framework for understanding Asian branding strategies and Asian brands, including success stories and challenges for future growth and strengths. The book

includes theoretical frameworks and models and up-to-date case studies on Asian brands

Internet Gaming Law I. Nelson Rose, Martin D. Owens, 2005

Hispanics and United States Film Gary D. Keller, 1994 In its role as handbook, *Hispanics and United States Film* provides the best single source of information on Hispanic personalities in American film and on American films with a Hispanic focus produced from 1896 to the present time. Hundreds of films, actors, and other figures of the film industry are referenced. This informational component of the book, which provides titles, dates, and other filmographic information, is supplemented by a bibliography on the subject.

Anthropology and the Racial Politics of Culture Lee D. Baker, 2010-03-03 In the late nineteenth century, if ethnologists in the United States recognized African American culture, they often perceived it as something to be overcome and left behind. At the same time, they were committed to salvaging “disappearing” Native American culture by curating objects, narrating practices, and recording languages. In *Anthropology and the Racial Politics of Culture*, Lee D. Baker examines theories of race and culture developed by American anthropologists during the late nineteenth century and early twentieth. He investigates the role that ethnologists played in creating a racial politics of culture in which Indians had a culture worthy of preservation and exhibition while African Americans did not. Baker argues that the concept of culture developed by ethnologists to understand American Indian languages and customs in the nineteenth century formed the basis of the anthropological concept of race eventually used to confront “the Negro problem” in the twentieth century. As he explores the implications of anthropology’s different approaches to African Americans and Native Americans, and the field’s different but overlapping theories of race and culture, Baker delves into the careers of prominent anthropologists and ethnologists, including James Mooney Jr., Frederic W. Putnam, Daniel G. Brinton, and Franz Boas. His analysis takes into account not only scientific societies, journals, museums, and universities, but also the development of sociology in the United States, African American and Native American activists and intellectuals, philanthropy, the media, and government entities from the Bureau of Indian Affairs to the Supreme Court. In *Anthropology and the Racial Politics of Culture*, Baker tells how anthropology has both responded to and helped shape ideas about race and culture in the United States, and how its ideas have been appropriated (and misappropriated) to wildly different ends.

The Potomac and the Chesapeake , 1986

Better Than Gold Dietrich Hatlapa, 2015-07

I Love You Like Salt GeAnn Powers, 2021-07-02 Children's book, meaning of love. King has three daughters and asked each of them how much they love him. I love you like diamonds, I love you like gold, I love you like salt. The king learns what it really means to be loved

The Draglings Bedtime Story Randal Spangler, 2021-11-30 A rhyming bedtime story about two little cookie-loving dragons.
