*Professor Penguin* Lloyd Spencer Davis, 2014-10-17 Meet 'Bill Bryson in Antarctica' in this engaging book by one of the world's authority on penguins. Part memoir, partly the research of a field biologist, Professor Penguin could be called 'How Penguins Shaped My Life'. Based on journals kept during Davis's years of working with penguins in the wild, the story takes readers to remote locations: Antarctica, the Galapagos, the deserts of Chile and Peru, the Falkland Islands, the wild coasts of Argentina and South Africa, and New Zealand. Davis, a world authority on penguins, reveals that these box-office favourites are not the cute 'mate for life' animals we've been led to believe. He also reveals that penguins are a lot like humans – sometimes disturbingly so – when it comes to their basic needs: sex, food, shelter, marriage, family and travel. Over the years that Davis studies penguins, he realises that they are far more complex and nuanced than he imagines at his first encounter. 'They really don't deserve to be seen as so black and white.' He expertly marries scientific knowledge with his own anecdotes – told with humour, hard-earned knowledge and insight. He also includes stories about those who have helped advance our knowledge of penguins – other 'Professor Penguins'. Implicit throughout is Davis's philosophy – the more we learn about the natural world, and specifically penguins, the more we learn about ourselves. And he asks: Is the isolation of Antarctica sufficient to protect penguins from us?

*Tuxedo Flyer* Judith Anne Klein, 2009-12 A splendid tale about a young Adelie penguin whose life dream is to fly high above the earth like her seagull friend Max. When Alexis comes to terms with her inability to fulfill her dream of flight, she takes a stroll down the coast far away from her family and friends. Alexis's curiosity leads her on an adventure of a lifetime. Tuxedo Flyer is a tale told through imagery and is a useful tool for teaching reading strategies to young readers. This book is dedicated to all the parents and children who dream of the impossible. You never know when or how your dreams will come true.

*Over to You* Roald Dahl, 1973 Ten terrifying tales of life as a wartime fighter pilot. During the Second World War Roald Dahl served in the RAF and even suffered horrific injuries in an air crash in the Libyan desert. Drawing on his own experiences as a fighter pilot, Dahl crafted these ten spine-tingling stories– of air battles in the sky; of the nightmare of being shot down; the infectious madness of conflict; and the nervy jollity of the Mess and Ops room. Dahl brilliantly conveys the bizarre reality of a wartime pilot's daily existence, where death is a constant companion and life is lived from one heartbeat to the next.

**Flyers** Scott Ciencin, 2002 In this third digest book of the series, Americans are stunned when three Pteranodons escape Jurassic Park and tear across the United States. No one wants to see these awesome creatures destroyed, yet their presence is terrorizing the country. Can Dr. Alan Grant and 13-year-old Eric Kirby (from the film Jurassic Park III) find a way to lead these winged creatures home?

**Terror Flyers** Kevin T Hall, 2021-01-19 Terror Flyers examines the lynch justice (Lynchjustiz) committed against American airmen in Nazi Germany during World War II. Using engaging first-person accounts of downed pilots, as well as previously unused primary sources, Terror Flyers challenges the notion that such lynchings were exclusively the domain of Nazi party officials and soldiers. New evidence reveals ordinary German people executed Lynchjustiz as well. Initially occurring as a spontaneous reaction to the devastation of the Allied air campaign against the cities of the Third Reich, Lynchjustiz offered the Nazi regime a unique propaganda opportunity to harness the outrage of the German population. Fueled by inspiration from America's own history of the lynching of African Americans, Nazi propaganda exploited the very same imagery found in US publications to escalate the anger of the German people. Drawing heavily on the accounts of the downed airmen themselves, testimonies from the flyer trials held in Dachau during 1945-48, and rarely seen Nazi propaganda, Terror Flyers offers a new narrative of this previously overlooked aspect of the Allied campaign in Europe and suggests that at least 3,000 cases of lynch justice likely occurred between 1943 and 1945.

*Riding High at White Cloud Station* Trudy Nicholson, 2023-05-20 Suzy has promised her best friends Alexa and Lucy that she will show them the secret herd of curly-coated horses living in the wild mountains near White Cloud Station. But a near tragic accident puts one of the girls and her horse out of action. Will the remaining White Cloud Flyers be able to win the coveted trophy at the upcoming event? Second Edition, Horsecrest Press, 2014 First published by Penguin Group, NZ, 2009 Join Suzy, Alexa and Lucy and their White Cloud Stationbreds. A love of horses, friendship, and adventure are the key elements of this series, which combines great storytelling with an in-depth knowledge of horses and horsemanship.

**Antarctic Adventures** John Barell, 2016-11-18 Antarctic Adventures is more than a set of guidelines for how to take control of our lives through goal setting, decision making, and problem solving. It is also an approach to living a productive life characterized by inquiry, critical thinking, learning to pay attention to natural wonders, and being fully awake to life's mysteries and opportunities. *Poppy Redfern and the Fatal Flyers* Tessa Arlen, 2020-12-01 "You'll love this character so much, you'll want her as your best friend."—Alyssa Maxwell, author of the Gilded Newport Mysteries and a Lady and Lady's Maid Mysteries Poppy Redfern is back on the case when two female fighter pilots take a fatal dive in an all-new Woman of World War II Mystery by USA Today bestselling author Tessa Arlen. It is the late autumn of 1942. Our indomitable heroine Poppy Redfern is thoroughly immersed in her new job as a scriptwriter at the London Crown Film Unit, which produces short films featuring British civilians who perform acts of valor and heroism in wartime. After weeks of typing copy and sharpening pencils, Poppy is thrilled to receive her first solo script project: a fifteen-minute film about the Air Transport Auxiliary, known as Attagirls, a group of female civilians who have been trained to pilot planes from factories to military airfields all over Britain. Poppy could not be more excited to spend time with these amazing ladies, but she never expects to see one of the best pilots die in what is being labeled an accident. When another Attagirl meets a similar fate, Poppy and her American fighter-pilot boyfriend, Griff, believe foul play may be at work. They soon realize that a murderer with a desire for revenge is dead set on grounding the Attagirls for good. . . .

**Adventures in Paranormal Investigation** Joe Nickell, 2014-04-23 Tales of alien abductions, miraculous relics, and haunted castles have attracted believers and skeptics across the globe for centuries. Paranormal investigator Joe Nickell tackles the world's most seemingly inexplicable myths in *Adventures in Paranormal Investigation*. With four decades of experience in the field, Nickell employs skepticism and scientific analysis to pull truth from the mires of false evidence and trickery that surround both old and new legends and mysteries. Unlike authors who engage in hype and sensationalism in order to foster or debunk myths, Nickell approaches each case with a rational and scientific approach intended to find the truth. Occam's Razor—all things being equal, the simplest solution is the best one—is a principal instrument in his investigative toolbox, as well as the belief that it is the claimant's responsibility to provide the extraordinary proof required in such extraordinary cases. *Adventures in Paranormal Investigation* features Nickell's on-site explorations in unusual phenomena. Among the forty unique cases, Nickell examines mysteries ranging from snake charmers who purport to hold influence over the reptiles, to the Holocaust victims who reportedly haunt a gas chamber in Dachau, to Lake Simcoe's resident lake monster Igopogo in Canada. In addition to the case studies, Nickell analyzes how the propensity to fantasize can affect human perceptions of and belief in paranormal activity and how his personal experience with the paranormal was altered when intuition led to the discovery of a daughter he didn't know existed. More than just another myth-busting text, *Adventures in Paranormal Investigation* brings together reason and scientific analyses to explain both the phenomena and the role of human perception therein, establishing Nickell as the foremost paranormal investigator of our time.

**With Wellington in the peninsula** Paul Cowan, 2015-02-28 Few men from the 71st Highland Light Infantry who sailed from Cork with Wellington to Portugal in 1808 returned to the Irish port six years later. The author of *Vicissitudes in the Life of a Scottish Soldier* was one of the survivors and claims only four other men from his company came through the entire six years with him. ??As one of Wellington's elite Light Infantry units the 71st were in the fore of the fighting in some of the hardest fought battles of the Peninsular War. The book was controversial on its release in 1827 for its unvarnished and unsentimental account of the grim war against the French in Spain, the Netherlands, Portugal and France itself. A cynic with a highly developed sense of humour, the author was not afraid to criticise his superiors, be they thieving sergeants or officers who were far from gentlemen. ??Editor Paul Cowan draws on little known diaries and other accounts written by the author's contemporaries to corroborate and expand on this frank but all too long neglected first-hand picture of the war in the Peninsula as it was really fought.

**The Literature of the Great War Reconsidered** P. Quinn, S. Trout, 2001-06-17 This definitive volume will profoundly alter our understanding of the literature of the Great War. New critical approaches have, over the last two decades, redefined the term 'war literature' and its cultural legacy. Consisting, in equal measure, of essays by male and female scholars (from several different countries), and devoted to both familiar and lesser-known works, this book presents the many faces of Great War literary study at the millennium.

**Universal versus Disney: The Unofficial Guide to American Theme Parks' Greatest Rivalry** Sam Gennawey, 2014-10-20 Universal Studios never really wanted to get into the theme park business. They wanted to be the anti-Disney. But when forced to do so, they did it in a big way. Despite the fits and starts of multiple owners, the parks have finally gained the momentum to mount a serious challenge to the Walt Disney Company. How did this happen? Who made it happen? What does this mean for the theme park industry? In *Universal Versus Disney*, his newest work to investigate the histories of America's favorite theme parks, seasoned Disney-author Sam Gennawey has thoroughly researched how Universal Studios shook up the multi-billion dollar theme park industry, one so long dominated by Walt Disney and his legacy.

**The Log from the Sea of Cortez** John Steinbeck, 1995-11-01 A Penguin Classic In the two years after the 1939 publication of Steinbeck's masterful *The Grapes of Wrath*, Steinbeck and his novel increasingly became the center of intense controversy and censorship. In search of a respite from the national stage, Steinbeck and his close friend, biologist Ed Ricketts, embarked on a month long marine specimen-collecting expedition in the Gulf of California, which resulted in their collaboration on the *Sea of Cortez*. In 1951, after Ricketts' death, Steinbeck reissued his narrative portion of the work in memory of his friend and the inspiration for Cannery Row's "Doc". This exciting day-by-day account of their journey together is a rare blend of science, philosophy, and high-spirited adventure. This edition features an introduction by Richard Astro. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world.
