A Game of Thrones is one of the most popular and successful fantasy fiction series in the world to date. With the success of the novels came a widely loved television series. While you might be a loyal fan of the books, the show, or both -- do you know all about the history of the leading families? This book aims to thoroughly detail the early history of the houses Targaryen, Stark, and Lannister, including how they first rose to power, and what happened in the years leading up to the beginning of The Game of Thrones story. Of the houses of the Seven Kingdoms, the great houses have the most power. In the past, they were largely royalty, but have sworn to the Iron Throne since then. Of the known world, the great houses are the most powerful throughout all of the different regions in the area. Do you know how the Targaryens first took control of the land of the Seven Kingdoms? Follow the tale of Aegon the Conqueror, and learn how he used his people's might to force a union of the kingdoms. You will follow the story of the dragons, and find out how they came to be killed off, leaving the Targaryens vying for power with the other houses. Despite their great conquests, they are too among the houses who play the game of thrones, attempting to restore their name to glory. And what of the Starks, who were once the Kings of Winter, ruling over the North. They fought

off advances from invaders and remained in power for thousands of years. How did they come to lose their hold over their kingdom, to become only wards? And what happened to turn Lord Eddard away from his caring of the throne? The Lannisters of Casterly Rock were the Kings of the Rock at one time. Ever since the legendary Lann the Clever took it for himself through trickery, they have been rich and powerful. A Game of Thrones George R. R. Martin, 1997-08-04 NOW THE ACCLAIMED HBO SERIES
GAME OF THRONES—THE MASTERPIECE THAT BECAME A CULTURAL PHENOMENON Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys.

story, he developed a scene where a group of children find a dead direwolf and several direwolf pups. This scene would go on to plant the seeds for A Song of Ice and Fire. A Game of Thrones is the first installment in his series, A Song of Ice and Fire. Martin is finishing the seventh and final installment in the series, which was originally intended to be a trilogy. The series has been translated into 27 languages and was recently made into an award-winning television series on HBO. A top aide of the new king has died under mysterious circumstances, the heirs of the deposed despot seek to raise an army to reclaim the throne, and winter is coming, a cold and harsh winter that threatens to last for years. As a mysterious and horrifying force gathers in the wilderness, edging ever nearer to the unsuspecting people of the Seven Kingdoms, Lord Eddard Stark, a close friend of the king, investigates the death of his aide and uncovers a conspiracy that could tear the kingdoms apart. As families and steel clash amid a web of deception, Stark learns that when playing the game of thrones, there is one rule: you win, or you die.
