Cather Studies, Volume 10 Cather Cather Studies,2015-08 Willa Cather and the Nineteenth Century explores, with textual specificity and historical alertness, the question of how the cultures of the nineteenth century--the cultures that shaped Willa Cather's childhood, animated her education,

supplied her artistic models, generated her inordinate ambitions, and gave embodiment to many of her deeply held values--are addressed in her fiction. In two related sets of essays, seven contributors track within Cather's life or writing the particular cultural formations, emotions, and conflicts of value she absorbed from the atmosphere of her distinct historical moment; their ten colleagues offer a compelling set of case studies that articulate the manifold ways that Cather learned from, built upon, or resisted models provided by particular nineteenth-century writers, works, or artistic genres. Taken together with its Cather Studies predecessor, *Willa Cather and Modern Cultures*, this volume reveals Cather as explorer and interpreter, sufferer and master of the transition from a Victorian to a Modernist America.

Internet Comedy Television Series, 1997-2015 Vincent Terrace, 2016-02-25 Created around the world and available only on the web, Internet television series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The fourth in a series covering Internet TV, this book takes a comprehensive look at 1,121 comedy series produced exclusively for online audiences. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.
