Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Practising Compassion in Higher Education Narelle Lemon, Heidi Harju-Luukkainen, Susanne Garvis, 2023-02-27 Presenting a collective international story, this book demonstrates the importance of compassion as an act of self-care in the face of change and disruption, providing guidance on how to cope under trying conditions in higher education settings. Practising Compassion in Higher Education presents an opportunity to learn through story and by taking proactive action for our wellbeing. It highlights the need to protect and maintain the wellbeing of staff and students, positioning the COVID-19 pandemic as a major catalyst of disruption. The chapters connect theory with lived experience, exploring self-compassion in work and research, compassion in teaching practice and within the personal/professional blur. The book's contributors bring a range of theoretical and personal perspectives from various global contexts, sharing their own approaches to self-care and how compassion has become a central and crucial

element of this practice. This book takes a unique approach to navigating and surviving the higher education environment and offers valuable lessons for the pandemic era and beyond. This will be an essential resource for students and professionals working in all areas of higher education.

Professional Troublemaker Luvvie Ajayi Jones,2021-03-02 INSTANT NEW YORK TIMES BESTSELLER From the New York Times bestselling author of I'm Judging You, a hilarious and transformational book about how to tackle fear--that everlasting hater--and audaciously step into lives, careers, and legacies that go beyond even our wildest dreams Luvvie Ajayi Jones is known for her trademark wit, warmth, and perpetual truth-telling. But even she's been challenged by the enemy of progress known as fear. She was once afraid to call herself a writer, and nearly skipped out on doing a TED talk that changed her life because of imposter syndrome. As she shares in *Professional Troublemaker*, she's not alone. We're all afraid. We're afraid of asking for what we want because we're afraid of hearing no. We're afraid of being different, of being too much or not enough. We're afraid of leaving behind the known for the unknown. But in order to do the things that will

truly, meaningfully change our lives, we have to become professional troublemakers: people who are committed to not letting fear talk them out of the things they need to do or say to live free. With humor and honesty, and guided by the influence of her professional troublemaking Nigerian grandmother, Funmilayo Faloyin, Luvvie walks us through what we must get right within ourselves before we can do the things that scare us; how to use our voice for a greater good; and how to put movement to the voice we've been silencing--because truth-telling is a muscle. The point is not to be fearless, but to know we are afraid and charge forward regardless. It is to recognize that the things we must do are more significant than our fears. This book is about how to live boldly in spite of all the reasons we have to cower. Let's go!

The Little Book of Boards Erik Hanberg, 2015-02-10 Are you new to a board and have no idea what's expected of you? Do you know what a board's six key responsibilities are? Do you know what your relationship with the Executive Director should be? If not, this book is for you. So many board members—especially of small nonprofits—want to support a nonprofit and readily accept the invitation to join the board. It's only then that they discover they are in over their heads, with no idea of their expectations and responsibilities. The Little Book of Boards is here to throw that drowning board member a rope. Told with a conversational style, this book will lead you through the basics of being on a board, how meetings work, and what's expected between meetings. In addition, at the back of the book are several in-depth resources for understanding Roberts Rules of Order, bylaws, committee structures, board leadership, and much more. Perfect for any new board member—or for an entire board that is feeling lost—this book and its common sense approach will serve you every year you are on the board.

The Politics of Privatisation and Trade Union Mobilisation Pablo Ghigliani, 2010 This is a comparative study of how workers and their unions respond to privatisation. Drawing upon research from a variety of disciplines, the author examines the push toward privatisation in diverse national settings, its profound impact on organised labour, and the often innovative responses of workers and their unions in the affected industries. By means of a detailed analysis of the privatisation of the electricity industries in the United Kingdom and Argentina, and the various initiatives of workers and their trade unions in these two countries, this book offers an engaging comparative case study that sheds new light on key issues in contemporary labour studies: the strategic choices available to workers and their organisations when faced with the radical restructuring of their industries; the types of resources available to trade unions and how they are mobilised; and the impact of widespread worker unrest on their organisations. This book also provides fresh insight into the use of mobilisation theory in the field of labour studies. The author employs mobilisation theory to make sense of worker and trade union responses to privatisation, and he argues that this theoretical framework can be useful for cross-national comparisons.
