The Humane Gardener Nancy Lawson,2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. The Humane Gardener fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

A Walk Around the Horizon Tom Harmer,2013-09-30 North of Santa Fe, the New Mexico landscape is framed by four high mountains. Although they are sacred to the Tewa Pueblo Indians, the four peaks are in different bureaucratic and cultural zones, which means that each peak attracts visitors but few non-Indian travelers visit more than one of the mountains. Tom Harmer's chronicle of climbing all four of these mountains in one summer—Sandia to the south, Chicoma to the west, Canjilon to the north, and Truchas to the east—offers a unique view of a montane forest unlike any in the world, where mountain, plain, and desert biota converge. Outdoor enthusiasts and armchair travelers alike will relish Harmer's precise account of his backpacking adventure, in which this sixty-two-year-old Anglo discovers the realities of complicated cultural legacies, ecological challenges, and human foibles counterpoised against his own strengths and frailties.

3 Summers Lisa Robertson,2016-09-26 Recite your poem to your aunt. I threw myself to the ground. Where were you in the night? In a school among the pines. What was the meaning of the dream? Organs, hormones, toxins, lesions: what is a body? In 3 Summers, Lisa Robertson takes up her earlier concerns with form and literary precedent, and turns toward the timeliness of embodiment. What is form's time? Here the form of life called a poem speaks with the body's mortality, its thickness, its play. The 10 poem-sequences in 3 Summers inflect a history of textual voices – Lucretius, Marx, Aby Warburg, Deleuze, the Sogdian Sutras – in a lyricism that insists on analysis and revolt, as well as the pleasures of description. The poet explores the mysterious oddness of the body, its languor and persistence, to test how it shapes the materiality of thinking, which includes rivers and forests. But in these poems' landscapes, the time of nature is inherently political. Now only time is wild, and only time – embodied here in Lisa Robertson's forceful cadences – can tell. Robertson proves hard to explain but easy to enjoy. . . . Dauntlessly and resourcefully intellectual, Robertson can also be playful or blunt. . . . She wields language expertly, even beautifully.—The New York Times Robertson makes intellect seductive; only her poetry could turn swooning into a critical gesture.— The Village Voice Lisa Robertson's books include Cinema of the Present, Debbie: An Epic, The Men, The Weather, R's Boat and Occasional Works and Seven Walks from the Office for Soft Architecture. Lisa Robertson's Magenta Soul Whip was named one of The New York Times' 100 Notable Books. She lives in France.

Letters Against the Firmament Sean Bonney,2015 Sean Bonney offers a user's report on the end of the world, a treatise against Tory terror, a proposal for a new zodiac, a defence of poetry and a hex against the devourers of planet Earth. The letters and fierce epistolary poems provide a vivid account of the sheer panic and brutality of the austerity years.

Kim Kardashian's Marriage Sam Riviere,2015-02-03 The 72 poems in Kim Kardashian's Marriage mark out equally sharpened lines of public and private engagement. Kim Kardashian's 2011 marriage lasted for 72 days, and was seen by some as illustrative of celebrity life as a performance, as spectacle. Whatever the truth of this (and Kardashian's own statements refute it), Sam Riviere has used the furor as a point of ignition, deploying terms from Kardashian's make-up regimen to explore surfaces and self-consciousness, presentation and obfuscation. His pursuit is toward a form of zero-privacy akin, perhaps, to Kardashian's own life, that eschews a dependence upon confessional modes of writing to explore what kind of meaning lies in impersonal methods of creation. The poems have been produced by harvesting and manipulating

the results of search engines to create a poetry of part-collage, part-improvisation. The effect is as refractive as it is reflective, and disturbs the slant on biography through a bricolage of recycled and cross-referenced language, until we are left with a pixellation of the first person.

Nilling Lisa Robertson,2012 Literary Nonfiction. NILLING: PROSE is a sequence of five loosely linked prose essays about noise, pornography, the codex, melancholy, Lucretius, folds, cities and related aporias: in short, these are essays on reading. I have tried to make a sketch or a model in several dimensions of the potency of Arendt's idea of invisibility, the necessary inconspicuousness of thinking and reading, and the ambivalently joyous and knotted agency to be found there. Just beneath the surface of the phonemes, a gendered name rhythmically explodes into a founding variousness. And then the strictures of the text assert again themselves. I want to claim for this inconspicuousness a transformational agency that runs counter to the teleology of readerly intention. Syllables might call to gods who do and don't exist. That is, they appear in the text's absences and densities as a motile graphic and phonemic force that abnegates its own necessity. Overwhelmingly in my submission to reading's supple snare, I feel love.

Voice & Void Thomas Trummer,2007 Edited by Thomas Trummer. Foreword by Harry Philbrick.

Utopia as Method R. Levitas,2013-07-25 Utopia should be understood as a method rather than a goal. This book rehabilitates utopia as a repressed dimension of the sociological and in the process produces the Imaginary Reconstitution of Society, a provisional, reflexive and dialogic method for exploring alternative possible futures.

The Open Giorgio Agamben,2004 In 'The Open', contemporary Italian philosopher Giorgio Agamben considers the ways in which the 'human' has been thought of as either a distinct and superior type of animal, or a kind of being that is essentially different from animal altogether.
