High Stakes Gary Provost, 2017-10-08 For decades, the name Las Vegas summoned up the image of a neon world of nonstop gambling, gangsters, sex, and adult entertainment. But today, Las Vegas has transformed itself into a family vacation spot second only to Disneyworld on America's leisure-time itinerary. What—and who—is responsible for this multibillion-dollar transformation? With *High Stakes*, Gary Provost takes the reader on a wide-ranging tour of Nevada's newly revitalized 21st-century vacation world. This inside look at both the gaming business and its new total entertainment centers, which now host twenty million visitors a year, reveals how Las Vegas became a clean, attractive, family-oriented resort. Today, casino gambling is just one attraction of many, most of them new: amazing theme parks, spectacular virtual-reality rides, futuristic glass domes, the world's tallest tower, a sky laser that can be seen all the way to Los Angeles. Circus Circus Enterprises Inc. is used as a model of excellence to show how the Las Vegas gaming industry develops, markets, and delivers its entertainment product at a lower price, and with greater profits, than any of its competitors. Highlighted by a preview of Circus Circus' astonishing pyramid—Luxor—the new centerpiece of the greatest gaming empire in history, *High Stakes* includes extensive interviews with Luxor's legendary creator, William G. Bennett, the man who taught the entire gaming industry how to attract the vast market of family-oriented vacationers. Also covered are all the games of chance that a casino like Circus Circus offers and the odds each gives; everything the casino hands out for free and why; the different ways in which high rollers and ordinary folk are treated; how legendary casinos of the past have crashed to oblivion and the hot newcomers that have taken their place; and the increasing competition from Atlantic City and the growing list of other venues of legal gambling in the United States. Timely, wide-ranging, and well informed, this eye-opening book traces the evolution of Las Vegas from Sin City to the Orlando of the West. Whether you are interested in gambling, business, or the changing face of America, *High Stakes* is fascinating.

Richard Marcus tells his tale of a lifetime spent cheating casinos. This insider story of how one very smart man and his small band were able to beat some of the biggest casinos, opens a window on to a hidden world of intriguing personalities, tense situations and very close shaves. What becomes clear is that the root of their success is not mere technical wizardry, but being cool under pressure.--BOOK JACKET.

**Whale Hunt in the Desert** Deke Castleman,2004 In pre-1990s Las Vegas, casino marketing executives were all cut from the same cloth; sharply-dressed and smooth-talking with street-savvy. They rose through the ranks of operations -- dealer, floor-man, pit boss, shift boss and casino manager. When it was time to leave the trenches, they went upstairs into the executive offices, where they hosted a handful of established players according to the unwritten rules of old-school Vegas. Then Steve Cyr showed up.

**At the Sands: The Casino That Shaped Classic Las Vegas, Brought the Rat Pack Together, and Went Out With a Bang** David G. Schwartz,2020-08-26 The lights are coming down. Frank, Dean, and Sammy are about to take the stage. This is the moment we remember, when Las Vegas became classic. And it was at the Sands. Built in 1952 over the ashes of Hollywood Reporter publisher Billy Wilkerson's last chance in Las Vegas, the Sands was a collective effort. Underworld figures like Meyer Lansky, Doc Stacher, and Frank Costello provided the cash. Beloved Texas gambler Jake Freedman was the public face. Manhattan nightclub king Jack Entratter kept the Copa Room filled and made the party happen, every night. Carl Cohen, esteemed as the greatest casino manager in the history of the business, made the team complete.No matter how well your casino is run, you need a good hook to get the gamblers through the door. Casino owners were learning that entertainment was a pretty fair hook. Entratter, who broke into the entertainment business as a bouncer at the Stork Club, had risen to become manager of the Copacabana, one of Manhattan's hottest hot spots, before heading to Las Vegas. At the Sands, Mr. Entertainment brought many of the brightest stars of the day to the casino's showroom, named the Copa Room. The Copa was the hottest ticket in America and, for performers, one of the most coveted stages in the nation. Headlining at the Sands-or even opening there-meant that you had made it.For gamblers, the Sands was paradise. For tourists, it was a chance to see some sophistication-and maybe run into a famous singer or actor. The resort itself became a celebrity. Early on, the Sands hosted numerous radio and television broadcasts, bringing the casino into American households coast to coast when gambling was still not entirely reputable. Las Vegas is a city built on public relations, and the Sands' Al Freeman was one of its early masters.The Sands did more than showcase stars: it made them shine brighter. In 1960, while filming Ocean's 11, the Rat Pack (though they were never called that in those days) came together onstage at the Sands, creating a cultural icon that would define the era. Behind the scenes, Davis and Sinatra resisted the prevailing segregationist mindset of Las Vegas and helped to overturn Jim Crow on the Strip. With Sinatra as its star, the

Sands reached its highest point, hosting everyone from John F. Kennedy to Texas oilmen to Miami bookmakers. Yet the Sands wasn't all comps and curtain calls. Behind the scenes, the casino's connection with reputed mobsters made it a target. For years, the FBI tried to penetrate the casino, including a disastrous wiretapping operation that turned into a public embarrassment for the Bureau. And Frank Sinatra—at one point a 10 percent owner of the Sands—would divest his interests after a highly-publicized feud with Nevada gaming regulators over his friendship with alleged Chicago mob kingpin Sam Giancana. Thanks! After Howard Hughes bought the Sands in 1967 (with Frank Sinatra explosively departing soon after) the Sands lost some of its allure, but the casino soldiered on under Hughes and other owners before being sold to Sheldon Adelson, who closed the property in 1996 to make way for the Venetian mega-resort, along the way doing for conventions what Jack Entratter had done for entertainment in Las Vegas four decades earlier. In the end, the Sands went out with a bang—an implosion that brought down its hotel tower. It had a wild 44 year run. Along the way, a host of characters, including the Rat Pack (and their many friends) in all their glory, author Mario Puzo, Apollo astronauts, wealthy arms dealer Adnan Khashoggi, and President Ronald Reagan passed through the Sands' doors. At the Sands tells the story of how one of the most fondly remembered classic Las Vegas casinos beat the odds to become a success, staged some of the Strip's most memorable spectacles, and paved the way for the next generation of Las Vegas resorts. The Sands may be gone, but it did not fade away.

**Super Casino** Pete Earley, 2000 Las Vegas was a mob town built on restlessness and hunger, on glitter, greed, and the firm belief that anyone can get lucky once. But in the last decade Las Vegas has had its own change of fortune, transforming itself from a gambler's fun house to one of the country's top family vacation spots. Now Pete Earley--the investigative journalist and award-winning author who stormed Leavenworth in *The Hot House*--takes us inside today's colossal theme casinos, in a fascinating look at the life, death, and fantastic rebirth of the Las Vegas Strip. With 320 days of sunshine, 500 churches, 27 golf courses, and no state income tax, Las Vegas is the ultimate boomtown. And at the heart of the boom are the new entertainment superstores known as super casinos. How do they run? Who are the business titans responsible for these extravagant showplaces? And why was the gaudy Vegas of the Rat Pack era remade in the first place? Pete Earley traces this evolution by taking a probing look at the checkered history of Las Vegas--when moguls, mobsters, and the world's top entertainers came together to create this ultimate monument to American excess. This fascinating book reveals the real stories of well-known power brokers like Steve Wynn, Vegas legends like Howard Hughes and Bugsy Siegel, and the gripping rise and fall and rise again of the entrepreneurs behind one of the largest gaming corporations in the nation, the colossus Circus Circus, to which the author was given unique access.

Earley's trademark you-are-there style brings us front and center as whales win and lose hundreds of thousands of dollars in a few seconds. We see grifters try every trick in the book to beat the odds--whileeye-in-the-sky cameras record all the action. We go behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the maids and chefs, security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city. This lively, probing book lays forth the real Las Vegas and shows how and why it has become the biggest draw in the country, offering adult and family entertainment like no other in the world. The result is an intriguing, often troubling look at a uniquely American city founded on greed--and a nation that built its own mad Mecca in the desert. This is the new Las Vegas--no longer the stomping ground of the Rat Pack, but just as fascinating, just as energized, just as cutthroat. What, and who, is behind it all? Earley was offered unique access to one of the largest gaming corporations in the nation (Circus Circus), and through his investigation of other major gambling enterprises, he shows how the Strip of yesterday has transformed itself, with multi-faceted, themed mega-complexes offering adult and family entertainment like no other in the world. Wall Street analysts call Las Vegas the biggest cash cow in America--its 1999 revenues were a staggering \$27.2 billion. SUPER CASINO tells how it came to be the biggest draw in the country, while catching the voices of those large and small--bosses, shift managers, dealers, cashiers, showgirls, hookers, cabbies, tourists, and of course, the players--who make it run today. -->
