Easy Casino Gambling Gayle Mitchell,2007-05-17 Everyone who has ever gambled knows how even small bets can make the heart race. Gayle Mitchell understands because that's how she felt when she first walked into a Las Vegas casino nearly twenty years ago. Because her first experience was such a pulsating one, she committed herself to learn every game in the casino so that she could return the next time a better-educated gambler. Today, she is considered one of North America's leading experts on casino gaming and has made a career out of educating other gamblers. Here she explains the best and worst bets in the casino, the secrets of successful slots and video poker play, how to win at blackjack, her ten "Dos" of casino gambling, tips on casino poker, and much more. Her thorough knowledge of the subject and enthusiasm for the sheer fun of the casino experience makes this book essential reading before you walk through a casino's doors.

Bingo! Nicolae Sfetcu,2014-04-18 A short guide about what is and how to play bingo, the game in United Kingdom, and its ,ajor variations. Since its invention in 1934, modern bingo has evolved into multiple variations, with each jurisdiction's gambling laws regulating how the game is played. There are also nearly unlimited patterns that may be specified for play. Some patterns only require one number to be matched, up to cover-all games which award the jackpot for covering an entire card and certain games award prizes to players for matching no numbers or achieving no pattern. Bingo is often used as an instructional tool in American primary schools and in teaching English as a foreign language in many countries. It became increasingly more popular across the UK with more purpose-built bingo halls. Keno is an important variation of bingo game, often played at modern casinos, and also offered as a game in some state lotteries. Scratchcard is another major variation. The scratchcard is a small token, usually made of cardboard, where one or more areas contain concealed information: they are covered by a substance (usually latex) that cannot be seen through, but can be scratched off.
