*Going to the Dogs* Gwyneth Anne Thayer, 2013-06-13 In the 1970s sitcom *The Odd Couple*, Felix and Oscar argue over a racing greyhound that Oscar won in a bet. Animal lover Felix wants to keep the dog as a pet; gambling enthusiast Oscar wants to race it. This dilemma fairly reflects America's attitude toward greyhound racing. This book, the first cultural history of greyhound racing in America, charts the sport's meteoric rise—and equally meteoric decline—against the backdrop of changes in American culture during the last century. Gwyneth Anne Thayer takes us from its origins in coursing in England, through its postwar heyday, and up to its current state of near-extinction. Her entertaining account offers fresh insight into the development of American sport and leisure, the rise of animal advocacy, and the unique place that dogs hold in American life. Thayer describes greyhound racing's dynamic growth in the 1920s in places like Saint Louis, Chicago, and New Orleans, then explores its phenomenal popularity in Florida, where promoters exploited its remote association with the upper class and helped foster a celebrity culture around it. By the end of the century media reports of alleged animal cruelty had surfaced as well as competition from other gaming pursuits such as state lotteries and Indian casinos. Greyhound racing became so suspect that even Homer Simpson derided it. In exploring the socioeconomic, political, and ideological factors that fueled the rise and fall of dog racing in America, Thayer has consulted participants and critics alike in order to present both sides of a contentious debate. She examines not only the impact of animal protectionists, but also suspected underworld ties, longstanding tensions between dogmen and track owners over racing contracts, and the evolving relationship between consumerism and dogs. She captures the sport's glory days in dozens of photographs that recall its coursing past or show celebrities like Frank Sinatra and Babe Ruth with winning racing hounds. Thayer also records the growth of the adoption movement that rescues ex-racers from possible euthanasia. Today there are fewer than half as many greyhound tracks, in half as many states, as there were 10 years ago—and half of them are in Florida. Thayer's in-depth, meticulously balanced account is an intriguing look at this singular activity and will teach readers as much about American cultural behavior as about racing greyhounds.

Chasing the Scream Johann Hari, 2015-01-20 The New York Times Bestseller What if everything you think you know about addiction is wrong? Johann Hari's journey into the heart of the war on drugs led him to ask this question—and to write the book that gave rise to his viral TED talk, viewed more than 62 million times, and inspired the feature film *The United States vs. Billie Holiday* and the documentary series *The Fix*. One of Johann Hari's earliest memories is of trying to wake up one of his relatives and not being able to. As he grew older, he realized he had addiction in his family. Confused, not knowing what to do, he set out and traveled over 30,000 miles over three years to discover what really causes addiction—and what really solves it. He uncovered a range of remarkable human stories—of how the war on drugs began with Billie Holiday, the great jazz singer, being stalked and killed by a racist policeman; of the scientist who discovered the surprising key to addiction; and of the countries that ended their own war on drugs—with extraordinary results. *Chasing the Scream* is the story of a life-changing journey that transformed the addiction debate internationally—and showed the world that the opposite of addiction is connection.

**In the Godfather Garden** Richard Linnett, 2013-04-01 In *the Godfather Garden* is the true story of the life of Richie “the Boot” Boiardo, one of the most powerful and feared men in the New Jersey underworld. The Boot cut his teeth battling the Jewish gang lord Abner Longy Zwillman on the streets of Newark during Prohibition and endured to become one of the East Coast's top mobsters, his reign lasting six decades. To the press and the police, this secretive Don insisted he was nothing more than a simple man who enjoyed puttering about in his beloved vegetable garden on his Livingston, New Jersey, estate. In reality, the Boot was a confidante and kingmaker of politicians, a friend of such celebrities as Joe DiMaggio and George Raft, an acquaintance of Joseph Valachi—who informed on the Boot in 1963—and a sworn enemy of J. Edgar Hoover. The Boot prospered for more than half a century, remaining an active boss until the day he died at the age of ninety-three. Although he operated in the shadow of bigger Mafia names across the Hudson River (think Charles Lucky Luciano and Louis “Lepke” Buchalter, a cofounder of the Mafia killer squad Murder Inc. with Jacob “Gurrah” Shapiro), the Boot was equally as brutal and efficient. In fact, there was a mysterious place in the gloomy woods behind his lovely garden—a furnace where many thought the Boot took certain people who were never seen again. Richard Linnett provides an intimate look inside the Boot's once-powerful Mafia crew, based on the recollections of a grandson of the Boot himself and complemented by never-before-published family photos. Chronicled here are the Prohibition gang wars in New Jersey as well as the murder of Dutch Schultz, a Mafia conspiracy to assassinate Newark mayor Kenneth Gibson, and the mob connections to several prominent state politicians. Although the Boot never saw the 1972 release of *The Godfather*, he appreciated the similarities between the character of Vito Corleone and himself, so much so that he hung a sign in his beloved vegetable garden that read “The Godfather Garden.” There's no doubt he would have relished David Chase's admission that his muse in creating the HBO series *The Sopranos* was none other than “Newark's erstwhile Boiardo crew.”

The Challenge of Crime in a Free Society United States. President's Commission on Law Enforcement and Administration of Justice, 1967 This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of

individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

A Gangster's Paradise - Saratoga Springs from Prohibition to Kefauver Greg Veitch,2019-12-06 During the era of the American gangster, Saratoga Springs was a virtual Gangster's Paradise. From Prohibition to Kefauver hoodlums, gunmen and gamblers had the run of the town. With public officials accepting graft on a grand scale, and police looking the other way, a who's who of organized crime made Saratoga Springs their playground. From Charles Lucky Luciano and Myer Lansky, to Joe Adonis and Frank Costello, the Spa hosted them all. In his follow up book to ALL THE LAW IN THE WORLD WON'T STOP THEM, retired Saratoga Springs police Chief Greg Veitch tells the stories of the exploits of both home-grown, and nationally known gangsters at the Spa. This historical account of Saratoga Springs between Prohibition and Kefauver takes the reader back to a time when Saratoga was, indeed, A Gangster's Paradise.

*Chasing My Cure* David Fajgenbaum,2019-09-10 LOS ANGELES TIMES AND PUBLISHERS WEEKLY BESTSELLER • The powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of *The Emperor of All Maladies* and *The Gene* David Fajgenbaum, a former Georgetown quarterback, was nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart, Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Praise for *Chasing My Cure* “A page-turning chronicle of living, nearly dying, and discovering what it really means to be invincible in hope.”—Angela Duckworth, #1 New York Times bestselling author of *Grit* “[A] remarkable memoir . . . Fajgenbaum writes lucidly and movingly . . . Fajgenbaum’s stirring account of his illness will inspire readers.”—Publishers Weekly

**Fateful Rendezvous** John B Lundstrom,Steve Ewing,2012-04-15 Fighter pilot Butch O'Hare became one of America's heroes in 1942 when he saved the carrier Lexington in what has been called the most daring single action in the history of combat aviation. In fascinating detail the authors describe how O'Hare shot down five attacking Japanese bombers and severely damaged a sixth and other awe-inspiring feats of aerial combat that won him awards, including the Medal of Honor. They also explain his key role in developing tactics and night-fighting techniques that helped defeat the Japanese. In addition, the authors investigate events leading up to O'Hare's disappearance in 1943 while intercepting torpedo bombers headed for the Enterprise. First published in 1997, this biography utilizes O'Hare family papers and U.S. and Japanese war records as well as eyewitness interviews. It is essential reading for a true understanding of the development of the combat naval aviation and the talents of the universally admired and well-liked Butch O'Hare.
