William Dean Howells Susan Goodman,Carl
Dawson,2005-05-01 Possibly the most influential figure in the history of American letters, William Dean Howells

(1837-1920) was, among other things, a leading novelist in the realist tradition, a formative influence on many of America's finest writers, and an outspoken opponent of social injustice. This biography, the first comprehensive work on Howells in fifty years, enters the consciousness of the man and his times, revealing a complicated and painfully honest figure who came of age in an era of political corruption, industrial greed, and American imperialism. Written with verve and originality in a highly absorbing style, it brings alive for a new generation a literary and cultural pioneer who played a key role in creating the American artistic ethos. William Dean Howells traces the writer's life from his boyhood in Ohio before the Civil War, to his consularship in Italy under President Lincoln, to his rise as editor of *Atlantic Monthly*. It looks at his writing, which included novels, poems, plays, children's books, and criticism. Howells had many powerful friendships among the literati of his day; and here we find an especially rich examination of the relationship between Howells and Mark Twain. Howells was, as Twain called him, the boss of literary critics—his support almost single-handedly made the careers of many writers, including African Americans like Paul Dunbar and women like Sarah Orne Jewett. Showcasing many noteworthy personalities—Henry James, Edmund Gosse, H. G. Wells, Stephen Crane, Emily Dickinson, and many others—William Dean Howells portrays a man who stood at the center of American literature through the late nineteenth and early twentieth centuries.

William Dean Howells Delmar Gross Cooke, 1922

Language and Gender in American Fiction Elsa Nettels, 1997 Between January 1880 and December 1889, Harper's *Monthly Magazine* published 263 works of fiction; half of these were written by women. Judging by the popularity of contemporary mass-circulation magazines.

women writers of the late nineteenth century enjoyed equal opportunity in the world of commercial publishing. Yet although they wrote best-sellers and won prizes, the institutions that keep writers and their reputations alive chose not to sustain these writers, and few are familiar today; Sarah Orne Jewett, Mary Wilkins Freeman, Willa Cather, Edith Wharton. Elsa Nettels suggests that this lack of parity is not surprising in a culture that for centuries has used masculine to describe all things strong and dominant, while feminine has signified weakness and inferiority. In Victorian America, the relation of literary style to gender became of increasing interest as women writers became ever more prominent. In the influential magazines of the late nineteenth century -- Harper's, Century, Scribner's, Atlantic Monthly, Cosmopolitan, and Ladies' Home Journal -- writers directly or implicitly reflected society's views of the sexes and the proper roles of men and women. In this intelligent and accessible book, the author examines how William Dean Howells, Henry James, Edith Wharton, and Willa Cather helped both to perpetuate and to subvert Victorian America's ideology of language and gender. All had fruitful careers as novelists, editors, and critics, and she demonstrates that each was in a unique position to affect popular language and gender stereotypes. To gauge their responses to the pervasive assumptions held by the magazines that published them, Nettels traces how these writers defined masculine and feminine in their works, how they characterized women's speech and language, how they distinguished male and female discourse, and where they invested authority in matters of usage. Taking into account others engaged in the Victorian construction of gender such as grammarians, linguists, sociologists, and writers on etiquette, Nettels offers a compelling look at the cultural perpetuation of ideologies, as well as fascinating

scholarship on four authors who manipulated social mores to establish their place in American literature.
