Psychic Self-Defense Dion Fortune,2021-12-12 Psychic Self-Defense Dion Fortune - Psychic Self-Defense is one of the best guides to detection and defence against psychic attack from one of the leading occult writers of the 20th century. After finding herself the subject of a powerful psychic attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defence guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defence. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognise them.

Ancient Mesopotamia A. Leo Oppenheim,2013-01-31 This splendid work of scholarship . . . sums up with economy and power all that the written record so far deciphered has to tell about the ancient and complementary civilizations of Babylon and Assyria.—Edward B. Garside, New York Times Book Review Ancient Mesopotamia—the area now called Iraq—has received less attention than ancient Egypt and other long-extinct and more spectacular civilizations. But numerous small clay tablets buried in the desert soil for thousands of years make it possible for us to know more about the people of ancient Mesopotamia than any other land in the early Near East. Professor Oppenheim, who studied these tablets for more than thirty years, used his intimate knowledge of long-dead languages to put together a distinctively personal picture of the Mesopotamians of some three thousand years ago. Following Oppenheim's death, Erica Reiner used the author's outline to complete the revisions he had begun. To any serious student of Mesopotamian civilization, this is one of the most valuable books ever written.—Leonard Cottrell, Book Week Leo Oppenheim has made a bold, brave, pioneering attempt to present a synthesis of the vast mass of philological and archaeological data that have accumulated over the past hundred years in the field of Assyriological research.—Samuel Noah Kramer, Archaeology A. Leo Oppenheim, one of the most distinguished Assyriologists of our time, was editor in charge of the Assyrian Dictionary of the Oriental Institute and John A. Wilson Professor of Oriental Studies at the University of Chicago.

Pagan Holiday Tony Perrottet,2009-05-06 The ancient Romans were responsible for many remarkable achievements—Roman numerals, straight roads—but one of their lesser-known contributions was the creation of the tourist industry. The first people in history to enjoy safe and easy travel, Romans embarked on the original Grand Tour, journeying from the lost city of Troy to the Acropolis, from the Colossus at Rhodes to Egypt, for the obligatory Nile cruise to the very edge of the empire. And, as Tony Perrottet discovers, the popularity of this route has only increased with time. Intrigued by the possibility of re-creating the tour, Perrottet, accompanied by his pregnant girlfriend, sets off to discover life as an ancient Roman. The result is this lively blend of fascinating historical anecdotes and hilarious personal encounters, interspersed with irreverent and often eerily prescient quotes from the ancients—a vivid portrait of the Roman Empire in all its complexity and wonder.

A Little History of the World E. H. Gombrich,2014-10-01 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Pirate Hunters Robert Kurson,2015-06-16 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE • A thrilling adventure of danger and deep-sea diving, historic mystery and suspense, by the author of Shadow Divers Finding and identifying a pirate ship is the hardest thing to do under the sea. But two men—John Chatterton and John Mattera—are willing to risk everything to find the Golden Fleece, the ship of the infamous pirate Joseph Bannister. At large during the Golden Age of Piracy in the seventeenth century, Bannister should have been immortalized in the lore of the sea—his exploits more notorious than Blackbeard’s, more daring than Kidd’s. But his story, and his ship, have been lost to time. If Chatterton and Mattera succeed, they will make history—it will be just the second time ever that a pirate ship has been discovered and positively identified. Soon, however, they realize that cutting-edge technology and a willingness to lose everything aren’t enough to track down Bannister’s ship. They must travel the globe in search of historic documents and accounts of the great pirate’s exploits, face down dangerous rivals, battle the tides of nations and governments and experts. But it’s only when they learn to think and act like pirates—like Bannister—that they become able to go where no pirate hunters have gone before. Fast-paced and filled with suspense, fascinating characters, history, and adventure, *Pirate Hunters* is an unputdownable story that goes deep to discover truths and souls long believed lost. Praise for *Pirate Hunters* “You won’t want to put [it] down.”—Los Angeles Times “An exceptional adventure . . . Highly recommended to readers who delight in adventure, suspense, and the thrill of discovering history at their fingertips.”—Library Journal (starred review) “A terrific read . . . The book gallops along at a blistering pace, shifting us

deftly between the seventeenth century and the present day.”—Diver “Nonfiction with the trademarks of a novel: the plots and subplots, the tension and suspense . . . [Kurson has] found gold.”—The Dallas Morning News “Rollicking . . . a fascinating [story] about the world of pirates, piracy, and priceless treasures.”—The Boston Globe “[Kurson’s] narration is just as engrossing as the subject.”—The Christian Science Monitor “A wild ride [and an] extraordinary adventure . . . Kurson’s own enthusiasm, combined with his copious research and an eye for detail, makes for one of the most mind-blowing pirate stories of recent memory, one that even the staunchest landlubber will have a hard time putting down.”—Publishers Weekly (starred review) “The two contemporary pirate-ship seekers of Mr. Kurson’s narrative are as daring, intrepid, tough and talented as Blood and Sparrow—and Bannister. . . . As depicted by the author, they are real-life Hemingway heroes.”—The Wall Street Journal “[Kurson] takes his knowledge of the underwater world and applies it to the ‘Golden Age of Piracy’ . . . thrillingly detailing the highs and lows of chasing not just gold and silver but also history.”—Booklist “A great thriller full of tough guys and long odds . . . and: It’s all true.”—Lee Child
