A Short History of Shanghai Francis Lister Hawks Pott,2009

A Short History of Shanghai, Being an Account of the Growth and Development of the International Settlement Francis Lister Hawks Pott,1973

Shaping Modern Shanghai Isabella Jackson,2018 An innovative study of colonialism in China, examining Shanghai's International Settlement as the site of key developments in the Republican period.

The Last Kings of Shanghai Jonathan Kaufman,2021-06-01 In vivid detail... examines the little-known history of two extraordinary dynasties.--The Boston Globe Not just a brilliant, well-researched, and highly readable book about China's past, it also reveals the contingencies and ironic twists of fate in China's modern history.--LA Review of Books An epic, multigenerational story of two rival dynasties who flourished in Shanghai and Hong Kong as twentieth-century China surged into the modern era, from the Pulitzer Prize-winning journalist The Sassoons and the Kadoories stood astride Chinese business and politics for more than one hundred seventy-five years, profiting from the Opium Wars; surviving Japanese occupation; courting Chiang Kai-shek; and nearly losing everything as the Communists swept into power. Jonathan Kaufman tells the remarkable history of how these families ignited an economic boom and opened China to the world, but remained blind to the country's deep inequality and to the political turmoil on their doorsteps. In a story stretching from Baghdad to Hong Kong to Shanghai to London, Kaufman enters the lives and minds of these ambitious men and women to forge a tale of opium smuggling, family rivalry, political intrigue, and survival.

Routledge Handbook of Revolutionary China Alan Baumler,2019-08-12 The Routledge Handbook of Revolutionary China covers the evolution of Chinese society from the roots of the Republic of China in the early 1900s until the end of the Cultural Revolution in 1976. The chapters in this volume explain aspects of the process of revolution and how people adapted to the demands of the revolutionary situation. Exploring changes in political leadership, as well as transformation in culture, it compares the differences in experiences in urban and rural areas and contrasts rapid changes, such as the war with Japan and Communist ‘liberation’ with evolutionary developments, such as the gradual redefinition of public space. Taking a comprehensive approach, the themes covered include: • War, occupation and liberation • Religion and gender • Education, cities and travel. This is an essential resource for students and scholars of Modern China, Republican China, Revolutionary China and Chinese Politics.

Asiatica ,1928

Trübner's Bibliographical Catalogues Kegan Paul, Trench, Trubner & Co,1925

New frontiers Robert Bickers,Christian Henriot,2017-03-01 In the new world order mapped out by Japanese and Western imperialism in East Asia after the mid-nineteenth century opium wars, communities of merchants and settlers took root in China and Korea. New identities were constructed, new modes of collaboration formed and new boundaries between the indigenous and foreign communities were literally and figuratively established. Newly available in paperback, this pioneering and comparative study of Western and Japanese imperialism examines European, American and Japanese communities in China and Korea, and challenges received notions of agency and collaboration by also looking at the roles in China of British and Japanese colonial subjects from Korea, Taiwan and India, and at Chinese Christians and White Russian refugees. This volume will be of interest to students and scholars of the history and anthropology of imperialism, colonialism’s culture and East Asian history, as well as contemporary Asian affairs.

Selling Happiness Ellen Johnston Laing,2004-01-01 As the first substantial investigation of commercial art in China, Selling Happiness explains how the early twentieth century Chinese public came to accept Western style art as mainstream and the heretofore ignored process by which the Chinese art world became (in some sectors at least) thoroughly cosmopolitan. A monumental study of the most important genre of modern Chinese commercial art, this volume will appeal not only to historians of Chinese art but also to those interested in literary, economic, and social history. It will be an essential resource for comparative studies of visual culture.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Treaty Ports in Modern China Robert Bickers,Isabella Jackson,2016-05-20 This book presents a wide range of new research on the Chinese treaty ports – the key strategic places on China’s coast where in the late nineteenth and twentieth centuries various foreign powers controlled, through unequal treaties, whole cities or parts of cities, outside the jurisdiction of the Chinese authorities. Topics covered include land and how it was acquired, the flow of people, goods and information, specific individuals and families who typify life in the treaty ports, and technical advances, exploration, and innovation in government.

Library Catalogue: Subject catalogue University of London. School of Oriental and African Studies. Library,1963

Global Shanghai, 1850–2010 Jeffrey N Wasserstrom,2008-11-25 This book explores the play of international forces and international ideas about Shanghai, looking backward as far as its transformation into a subdivided treaty port in the 1840s, and looking forward to its upcoming hosting of China’s first World’s Fair, the 2010 Expo. As such, Global Shanghai is a lively and informative read for students and scholars of Chinese studies and urban studies and anyone interested in the history of Shanghai.

A Short History of Asia Colin Mason,2014-06-24 The nations of Asia now make up more than half of the world's population. With increasingly affluent, educated middle classes and vigorous, innovative industries, they are more populous and powerful than ever before, and their influence on the rest of the world is only growing. Colin Mason provides a clear, readable introduction to their histories and traditions, from the Stone Age right up to the present day. This thoroughly revised, updated and expanded third edition contains new chapters on Mongolia, Nepal and Bhutan, separate expanded chapters on the South Asian nations, and revised chapters on all the modern states. A new

introduction explores the nature and implications of the new politics of 'guided democracy', and the current clash between industrialisation and the consequences of climate change. Enriched with maps and a guide to further reading, this book is the essential guide to the history of a fascinating continent and its peoples.

Eventually, you will agreed discover a new experience and finishing by spending more cash. nevertheless when? do you understand that you require to acquire those every needs taking into consideration having significantly cash?
