When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food,

how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

How to Create Your Own Murder Mystery Party Joseph J. Franco,2007-07-23 *How To Create Your Own Murder Mystery Party* will guide you through writing your own custom murder mystery party games. What sets these games apart from the store bought 'boxed' type of murder mystery

games is that the party is designed by you and around the people coming to the party. After all, who knows your friends better than you? The other major and most fun difference is that the murderer is one of the guests. They know they are the killer and will be trying to protect themselves by lying, hindering others' progress, etc, while keeping their identity a secret. The book is a step-by-step guide, including many completed examples and a quick start game. The book covers how to get started, how to generate story ideas, choosing a murder weapon and body, how to choose who plays the murderer, generating ideas for puzzles and clues and the difference between the two, timing during the game, setting difficulty levels, keeping people involved and having fun and ending the game.
