Led Zeppelin Martin Popoff,2018-08-21 Just in time for their 50th anniversary, Led Zeppelin breaks down one of the world's most prolific bands—track by track, album by album—in this expanded edition, revised to include rarities, outtakes, and B-sides from their storied catalog?. Formed by the unlikely alliance of two ace London studio musicians and two bar-band bumpkins from the north, Led Zeppelin went on to create the template for the modern marauding rock 'n' roll band. Though Zeppelin is often described as "heavy," any true fan will tell you that the band's catalog is actually a complex amalgam of blues, psychedelia, rock, folk, and country that reflect the specific influences carried by each of Led Zeppelin's four members. Veteran music journalist Martin Popoff picks apart each of these 81 studio tracks, as well as a slew of non-album tracks in exquisite detail, and, for the first time ever, he analyzes the circumstances that led to their creation, the recording processes, the historical contexts, and more. Celebrate Led Zeppelin's 50th anniversary with this veneration of the band's extensive catalog of rock music.

The Red Army's Do-It-Yourself, Nazi-Bashing Guerrilla Warfare Manual Lester Grau,Michael Gress,2011-05-28 The WWII Soviet guerilla training manual that became an essential text for freedom fighters across the globe—complete with illustrations. When Germany invaded the Soviet Union during World War II, the Red Army began recruiting local partisans to help mount a resistance. This edition of The Partisan’s Companion is the last and best Red Army manual used to train these men to fight Nazi invaders. Besides field craft, it covers partisan tactics, German counter-guerrilla tactics, demolitions, German and Soviet weapons, scouting, camouflage, anti-tank warfare, and antiaircraft defense for squad and platoon-level instruction. It contains the

Soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force. While this handbook was a vital part of Soviet victory over the Nazis, its usefulness outlived the Second World War. It was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s–70s. Even the fedayeen guerrillas who fought US and coalition forces in Iraq relied on this manual for training, tactics, and general approach to combat. A selection of the Military Book Club.
