In Best Self, Mike Bayer, known to his fans and followers as Coach Mike, empowered his readers to embrace authenticity, break through obstacles, and discover the freedom to be their best selves. By working through each of the Seven SPHERES of life—Social, Personal, Health, Education, Relationships, Employment, and Spiritual Development—Coach Mike distilled his wisdom into a focused guide to get real results. With this essential handbook, he makes you see that change is possible. Be Your Best Self will give readers the tools to build a better life, in real-time.

Macon's Point mayor Annie McCabe loves her small community. Ever since she took over her ex-husband's political term, she's worked tirelessly for the people she has grown to care about. It's clear to Annie that Jack is just here to wrap things up and move on. After years of making concessions to her ex, Annie is not about to let another man walk all over her— especially with the future of Macon's Point at stake. Thinking in Bets Annie Duke,2019-05-07 A Wall Street Journal bestseller, now in paperback. Poker champion turned decision strategist Annie Duke teaches you how to get comfortable with uncertainty and make better decisions. Even the best decision doesn't yield the best outcome every time. There's always an element of luck that you can't control, and there's always information hidden from view. So the key to long-term success (and avoiding worrying yourself to death) is to think in bets: How sure am I? What are the possible ways things could turn out? What decision has the highest odds of success? Did I land in the unlucky 10% on the strategy that works 90% of the time? Or is my success attributable to dumb luck rather than great decision making? Annie Duke, a former World Series of Poker champion turned consultant, draws on examples from business, sports, politics, and (of course) poker to share tools anyone can use to embrace uncertainty and make better decisions. For most people, it's difficult to say I'm not sure in a world that values and, even, rewards the appearance of certainty. But professional poker players are comfortable with the fact that great decisions don't always lead to great outcomes, and bad decisions don't always lead to bad outcomes. By shifting your thinking from a need for certainty to a goal of accurately assessing what you know and what you don't, you'll be less vulnerable to reactive emotions, knee-jerk biases, and destructive habits in your decision making. You'll become more confident, calm, compassionate, and successful in the long run.
