*Successful Approaches to Recycling Urban Wood Waste* ,2002 This report presents eight case studies of successful urban wood waste recycling projects and businesses. These studies document the success of recovered products such as lumber and lumber products, mulch, boiler fuel, and alternative cover for landfills. Overall, wood waste accounts for about 17% of the total waste received at municipal solid waste landfills in the United States. In 1998, the amount of urban wood waste generated was more than 160 million tons, with 29.6 million tons available for recovery. Similarly, in 1998, new construction in the United States generated 8.7 million tons of wood waste, with 6.6 million tons available for recovery; demolition waste generated 26.4 million tons of wood waste, with 9 million tons available for recovery. The case studies were selected on the basis of the following criteria: an emphasis on partnerships among communities, businesses, governments, and non-governmental organizations; efficient use of funds; sustained creation of enterprise; and a high benefit/cost ratio.

**Civil Rights in Black and Brown** Max Krochmal,Todd Moyer,2021-11-09 Not one but two civil rights movements flourished in mid-twentieth century Texas, and they did so in intimate conversation with one another. Far from the gaze of the national media, African American and Mexican American activists combated the twin caste systems of Jim Crow and Juan Crow. These insurgents worked chiefly within their own racial groups, yet they also looked to each other for guidance and, at times, came together in solidarity. The movements sought more than integration and access: they demanded power and justice. *Civil Rights in Black and Brown* draws on more than 500 oral history interviews

newly collected across Texas, from the Panhandle to the Piney Woods and everywhere in between. The testimonies speak in detail to the structure of racism in small towns and huge metropolises—both the everyday grind of segregation and the haunting acts of racial violence that upheld Texas's state-sanctioned systems of white supremacy. Through their memories of resistance and revolution, the activists reveal previously undocumented struggles for equity, as well as the links Black and Chicana organizers forged in their efforts to achieve self-determination.
