The Whole School Library Learning Commons Judith Anne Sykes, 2016-08-29 Introduce your teachers, librarians, and administrators to the roles and responsibilities of educators in advocating a whole school library learning commons using this step-by-step guide for creating shared learning space in your school. It is no surprise that technology has shifted the way we educate—bearing on how, what, and where we learn. This guide lays the framework for helping turn your school library into a whole school library learning commons (WSLLC)—a space where traditional academics merge with the latest technologies to engage learners in a way never before realized. Author Judith Anne Sykes contends that since the WSLLC philosophy allows staff and students to co-create knowledge in a shared space, it is more effective than the traditional approach. Sykes addresses the differences between a school library and a WSLLC, provides reasons to champion its creation in your institution, and discusses how to use mentoring as a means to sustain its survival. The book explores the roles and responsibilities of educators in developing

WSLLC goals and presents strategies for using typical assessment tools—including standardized tests, report cards, and anecdotal assessments—to help support its philosophy.

Goodnight Mister Tom Michelle Magorian,2010-06-03 Puffin Classics: the definitive collection of timeless stories, for every child. Tom tucked a blanket round him, drew up a chair by the fire and watched Willie fall asleep. The tales he had heard about evacuees didn't seem to fit Willie. 'Ungrateful' and 'wild' were the adjectives he had heard used, or just plain 'homesick'. He was quite unprepared for this timid, sickly little specimen. Britain, 1940. With World War Two raging all around, young children are being sent from their homes in the city to the countryside for safety. When eight-year-old Willie Beech first arrives on Tom Oakley's doorstep, neither are quite sure what to make of each another. Brought up in terrible poverty, Willie is terribly shy, and totally unprepared for village life - but the gruff-but-gentle 'Mister Tom' quickly takes him under his wing. Neither he nor Willie could ever have predicted the journey they will go on together - nor the unbreakable bond that will be formed. Winner of the Guardian Children's Fiction Award, and rightly hailed as a true classic of children's literature, *Goodnight Mister Tom* is a beautifully told, deeply moving story about the power of friendship, kindness, hope - and love. 'Everyone's idea of a smash-hit novel: full-blown

characters to love and hate, moments of grief and joy, and a marvellous story that knows just how to grab the emotions' - Guardian

Foundations of Library Services Hali R. Keeler, 2021-03-12
Trained library support staff play a critical role in assisting the user in locating and interpreting the resources available in libraries. To do so requires the knowledge and practice of library missions and roles in different types of libraries and the delivery of that information to an increasingly diverse clientele. The plethora of resources available today requires that support staff understand and implement the basic principles of information services as well as the responsibility and relationships among library departments and functional areas. *Foundations of Library Services* is both a text for professors who teach in library support staff programs and an introductory reference manual for support staff who work in libraries. As part of the Library Support Staff Series, this updated edition will guide the LSS to be able to: Understand the mission and role of the library in its community Be familiar with the ethics and values of the profession, including those of the Library Bill of Rights, the ALA Code of Ethics, freedom of information, confidentiality of library records and privacy issues Know the responsibility and relationships among library departments Practice the basic principles of circulation, including interlibrary loan; current cataloging and classification systems; and acquisitions and collection development policies. Understand how libraries are governed and funded within their organizations or government structures Realize the value of cooperation to enhance services Practice quality customer service Communicate and promote the library's values and services Recognize and

respond to diversity in user needs
