Rite of Spring Martin Buzacott,2012-10-01 For three generations the ABC's symphony orchestras were a jewel in the crown of Australian culture, allowing audiences to hear Rubenstein, tauber, Szell, Beecham, Schwarzkopf, Rostropovich and Klemperer in their primes, while providing career-long employment for Australia's own leading classical musicians.Much less well known is the fact that for many years the ABC's in-house musical ensembles also included full-time dance bands, a military band and wireless choruses of uncommon distinction.In this ground-breaking study of the complete gamut of ABC music-making, well-known author and music critic Martin Buzacott describes how, often against the odds, the ABC's musical founders - including Sir Charles Moses, Sir Bernard Heinze and William G. James - created a culture of musical excellence whose legacy remains with us today.Based on unprecedented access to the ABC's archives and personal interviews with many leading Australian musicians, the Rite of Spring: 75 Years of ABC Music-Making takes a fascinating journey through a musical history in which all Australians have

shared.

Violin ABC: Book E Szilvay, Géza, 2018-01-01

Colourstrings® Violin ABC is finally available in digital format! Violin Books A through F, Scales book 1, 2 and 3,

Kreutzerini and Yellow Pages 1-3 are released as electronic publications. The Colourstrings® method uses a colour for each string and focuses on teaching children rhythm and technique on open strings while gradually introducing them to more complicated methods. The two last extensive volumes of the popular Colourstrings violin tutors, Books E and F, include a wealth of repertoire for young violin players. About the Colourstrings® method: Colourstrings® is child-centred. The materials are colourful, stimulating and entice children to embark on musical adventures that will enable each of them to fulfil their musical potential through fun and creativity, without pressure. It is an extension of the Kodály philosophy: everything starts with singing to develop inner hearing. Central to the approach is the role of play and imagination – often the value of play can be overlooked in the rush to get on with the ‘real’ lesson. Colourstrings® is a Kodaly based, child centred approach to music education that has been in existence since the early 1970's. Its originators, the Hungarian brothers Géza and Csáka Szilvay, revolutionised music education in Finland to such an extent that Colourstrings® has become an integral part of the state music school system there. Colourstrings® has gained an outstanding reputation for the skill of its teachers, the success of its students and the inspiring ideas that drive it: "This excellent method for the young musical generation has proved to be really very successful. It is by now a fully established method and has already produced many fine string players." MAX ROSTAL (The Late Professor, CBE, Honorary President ESTA)
