Camelot's End Jon Ward, 2019-01-22 From a strange, dark chapter in American political history comes the captivating story of Ted Kennedy's 1980 campaign for president against the incumbent Jimmy Carter, told in full for the first time. The Carter presidency was on life support. The Democrats, desperate to keep power and yearning to resurrect former glory, turned to Kennedy. And so, 1980 became a civil war. It was the last time an American president received a serious reelection challenge from inside his own party, the last contested convention, and the last all-out floor fight, where political combatants fought in real time to decide who would be the nominee. It was the last gasp of an outdated system, an insider's game that old Kennedy hands thought they had mastered, and the year that marked the unraveling of the Democratic Party as America had known it. *Camelot's End* details the incredible drama of Kennedy's challenge -- what led to it, how it unfolded, and its lasting effects -- with cinematic sweep. It is a story about what happened to the Democratic Party when the country's long string of successes, luck, and global dominance following World War II ran its course, and how, on a quest to recapture the magic of JFK, Democrats plunged themselves into an intra-party civil war. And, at its heart, *Camelot's End* is the tale of two extraordinary and deeply flawed men: Teddy Kennedy, one of the nation's greatest lawmakers, a man of flaws and of great character; and Jimmy Carter, a politically tenacious but frequently underestimated trailblazer. Comprehensive and nuanced, featuring new interviews with major party leaders and behind-the-scenes revelations from the time, *Camelot's End* presents both Kennedy and Carter in a new light, and takes readers deep inside a dark chapter in American political history.

The House that Roone Built Marc Gunther, 1994 A behind-the-scenes account of how Roone Arledge transformed ABC's news division draws on hundreds of interviews with top network personnel to examine Arledge's willingness to experiment and to spend money on talent. 25,000 first printing. \$25,000 ad/promo.

The Sleep Fix Diane Macedo, 2021-12-14 From renowned ABC News anchor/correspondent and former insomniac Diane Macedo, comes a practical, user-friendly guide to getting better sleep. *The Sleep Fix* flips the switch on common advice, illuminating the reporter's relentless search for how to get a good night's sleep and the surprising, scientific, and practical solutions she found along the way. Roughly thirty percent of the population is estimated to be living with insomnia, while many more unknowingly suffer from other sleep disorders. In *The Sleep Fix*, Macedo aims to change that with perspective-shifting research and easy-to-implement solutions based not just on science and experts, but also her own years-long struggle. As an early-morning reporter and overnight news anchor, Macedo learned the hard way how valuable sleep is, and how it affects everything from our heart to our brain to our immune system. The longer Macedo struggled, the more her health deteriorated. Desperate, she tried standard sleep tip after standard sleep tip, but nothing worked - instead, it made her worse. Finally, after developing a tolerance to sleeping pills, Macedo decided to attack the problem as a journalist, interviewing sleep experts from all over the world to get to the bottom of what really keeps us from sleeping—and the various ways to fix it. As Macedo explains, the solution to catching zzz's isn't as simple as giving up caffeine, or putting away your phone before bed. With her down-to-earth explanations and humor, she instead teaches us how to:

- Understand sleep biology
- Identify sleep obstacles
- Flag sleep myths and separate fact from fiction
- Try counterintuitive approaches
- Shift our mindset

Most importantly, Macedo — a busy, working mom — teaches us how to adjust and fit these solutions

into our everyday lives. Offering expert wisdom, cutting-edge research, intimate sleep stories from public figures, and actionable advice, *The Sleep Fix* is the tell-it-like-it-is guide this sleep-deprived world has been waiting for.

Party Like a President Brian Abrams, 2015-02-10 There's the office: President of the United States. And then there's the man in the office—prone to temptation and looking to unwind after a long day running the country. Celebrating the decidedly less distinguished side of the nation's leaders, humor writer Brian Abrams offers a compelling, hilarious, and true American history on the rocks—a Washington-to-Obama, vice-by-vice chronicle of how the presidents like to party. From explicit love letters to slurred speeches to nude swims at Bing Crosby's house, reputations are ruined and secrets bared. George Washington brokered the end of the? American Revolution over glasses of Madeira. Ulysses S. Grant rarely drew a sober breath when he was leading the North to victory. And it wasn't all liquor. Some presidents preferred their drugs—Nixon was a pill-popper. And others chased women instead—both the professorial Woodrow Wilson (who signed his love letters “Tiger”) and the good ol' boy Bill Clinton, though neither could hold a candle to Kennedy, who also received the infamous Dr. Feelgood's “vitamin” injections of pure amphetamine. Illustrated throughout with infographics (James Garfield's attempts at circumnavigating the temperance movement), comic strips (George Bush Sr.'s infamous televised vomiting incident), caricatures, and fake archival documents, the book has the smart, funny feel of *Mad* magazine meets *The Colbert Report*. Plus, it includes recipes for 44 cocktails inspired by each chapter's *partier-in-chief*.

Exit Interview David Westin, 2012-05-22 When David Westin became president of ABC News in March 1997, the division was treading water. It looked like all the really important news was behind us, he writes. Hardly. For the next thirteen years, Westin would preside over ABC News during some of the most important and perplexing events in its history: • President Clinton's impeachment • The tied 2000 presidential election • The 9/11 attacks • Conflicts in Iraq and Afghanistan • The swift boat smear campaign against Senator John Kerry *Exit Interview* is a behind-the-scenes look at Westin's tenure and the major news that marked it. He takes us inside the chaos of the newsroom—alongside major players such as Peter Jennings, Barbara Walters, Diane Sawyer, and Bob Woodruff—where what looks clear and certain from the outside is often mired in conflict and urgency. Neither an apologia nor a critique, the book charts the ups and downs of fourteen formative years in network news, addressing basic questions about how our

news is reported, from the point of view of someone who was there. With milestones from the recent past, Westin explores the uncertainty inherent in his job, and its central question: Is it possible for journalists to be both good at their jobs and people of good moral character?

10% Happier Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

The Boys in the Cave Matt Gutman, 2018-11-13 From award-winning ABC News Chief National Correspondent Matt Gutman, and written using exclusive interviews and information comes the definitive account of the dramatic story that gripped the world: the miracle rescue of twelve boys and their soccer coach trapped in a flooded cave miles underground for nearly three weeks—a pulse-pounding page-turner by a reporter who was there every step of their journey out. After a practice in June 2018, a Thai soccer coach took a dozen of his young players to explore a famous but flood-prone cave. It was one of the boys' birthday, but neither he nor the dozen resurfaced. Worried parents and rescuers flocked to the mouth of a cave that seemed to have swallowed the boys without a trace. Ranging in age from eleven to sixteen, the boys were all members of the Wild Boars soccer team. When water unexpectedly inundated the cave, blocking their escape, they retreated deeper inside, taking shelter in a side cavern. While the world feared them dead, the thirteen young souls survived by licking the condensation off the cave's walls, meditating, and huddling together for warmth. In this thrilling account, ABC News Chief National Correspondent Matt Gutman recounts this amazing story in depth and from every angle, exploring their time in the cave, the failed plans and human mistakes that nearly doomed them, and the daring mission that ultimately saved them. Gutman introduces the elite team of volunteer divers who risked death to execute a plan so risky that its American planners admitted, "for us, success would have meant getting just one boy out alive." He takes you inside the meetings where life and death decisions were grimly made and describes how these heroes pulled off an improbable rescue under immense pressure, with the boys' desperate parents and the entire world watching. One of the largest rescues in history was in doubt until the very last moment. Matt Gutman covered the story intensively, went deep inside the caves himself, and interviewed dozens of rescuers, experts and eye-witnesses around the world. The result is this pulse-pounding page-turner that vividly recreates this extraordinary event in all its intensity—and documents the ingenuity and sacrifice it took to succeed.

Called Out Paula Faris, 2020-04-21 Too often we lean into the wrong things and burn out. We buy society's lie that our worth is our

work, our value is our vocation, our calling is our career. Confusing what we do with who we are wreaks havoc on our bodies, our souls, and our relationships. Called Out is a deeply personal book from Paula Faris, the beloved on-air reporter for ABC News and former co-host of The View. She shares her journey through conquering fears that nearly kept her from the high-profile, high-stakes world of broadcast journalism, and then the dangers when that world threatened to consume her. She burned out and faced public humiliation, physical breakdowns, and family struggles. But along the way, she heard God gently calling her out of that dangerous place. As she struggled to find who she was outside of what she did, she discovered her true purpose and true calling. Today, she is the host of ABC's popular podcast Journeys of Faith. Written with passion and conviction, this book reflects on what it truly means to be called, how to move past the fear holding you back, and how to walk in God's path for you.

Front Row at the Trump Show Jonathan Karl, 2021-03-16 *The Instant New York Times Bestseller* A book historians will relish. —Peggy Noonan, Wall Street Journal Must read. I've read every book about the Trump presidency. This is the best. —Bill Press An account like no other, from the White House reporter who has known President Donald Trump for more than 25 years. We have never seen a president like this...norm-breaking, rule-busting, dangerously reckless to some and an overdue force for change to others. One thing is clear: We are witnessing the reshaping of the presidency. Jonathan Karl brings us into the White House in a powerful book unlike any other on the Trump administration. He's known and covered Donald Trump longer than any other White House reporter. With extraordinary access to Trump during the campaign and at 1600 Pennsylvania Avenue, Karl delivers essential new reporting and surprising insights. These are the behind-the-scenes moments that define Trump's presidency—an extraordinary look at the president, the person, and those closest to him. This is the real story of Trump's unlikely rise; of the struggles and battles of those who work in the administration and those who report on it; of the plots and schemes of a senior staff enduring stunning and unprecedented unpredictability. Karl takes us from a TV set turned campaign office to the strange quiet of Trump's White House on Inauguration Day to a high-powered reelection campaign set to change the country's course. He shows us an administration rewriting the role of the president on the fly and a press corps that has never been more vital. Above all, this book is only possible because of the surprisingly open relationship Donald Trump has had with Jonathan Karl, a reporter he has praised, fought, and branded an enemy of the people. This is Front Row at the Trump Show.
