**Dancing with Words** Marilyn Daniels,2000-10-30 One of the foremost authorities on the use of sign language with hearing children provides a guide for teachers and parents who want to introduce signing in hearing children's language development. Marilyn Daniels provides a complete explanation for its use, a short history of sign language and its primary role within the Deaf community, an identification of the steps to reading success delineated with suggestions for incorporating sign language, and finally the results of studies and reactions of children, teachers, and parents. She shows how sign language can be used to improve hearing children's English vocabulary, reading ability, spelling proficiency, self-esteem, and comfort with expressing emotions. Signing also facilitates communication, aids teachers with classroom management, and has been shown to promote a more comfortable learning environment while initiating an interest and enthusiasm for learning on the part of students. Sign language is shown to be an effective agent to accelerate literacy in hearing children from babyhood through sixth grade. A comprehensive exploration of the physiological rationale for the educational advantage sign carries is presented.

Overlapping integrated brain activities are incited by movement, vision, meaning, memory, play and the hand itself when sign language is used. Recent findings clearly indicate this bilingual approach with hearing children activates brain growth and development.

Back to School Alphabet Phonics Letter of the Week B Lavinia Pop, 2020-01-09 I have made this Phonics Letter of the Week unit to address the Kindergarten(Prep) level of learning. The contents of this packet provide teachers with a variety of games, activities and worksheets to help teach correct letter formation, written letter identification and recognition of initial letter sound. My aim when creating this book was to provide a unit for teaching one letter of the alphabet at a time. There is a great emphasis on letter sounds, which makes this an ideal tool for phonics teaching. There are 30 games, activities and worksheets that can be used to help you teach the letter Bb at the beginning of the year and to reinforce and consolidate what has been learnt throughout the year.
