Renegades Trevor Boffone,2021 Digital communities : from Dubsmash to TikTok -- This bridge called Dubsmash : Renegades call it home -- The original Renegade : Dubsmash, hip hop culture, and sharing values in a digital space -- Gone viral : creating an identity as a hip hop artist -- Moving as one : unison dancing, muscular bonding, and hip hop pedagogy -- When Karen slides into your DMs : race, language, and Dubsmash -- Revolution will be Dubsmashed.

The Atlantis Gene A.G. Riddle,2015-04-09 70,000 years ago, the human race almost went extinct. We survived, but no one knows how. Now the countdown to the next stage of human evolution is about to begin. Will we survive this time? An exhilarating thriller that reveals the secrets of modern science and ancient conspiracies.

Spot Television Rates and Data ,1992-12

Game-Day Eats Eddie Jackson,2019-10-29 Create epic feasts for game days at home with this full-color cookbook from former NFL star and celebrity chef Eddie Jackson that includes 100 fresh and inventive recipes for tailgating at home. There's nothing like day full of football and great food. While many fans tailgate on game days--gathering in the stadium parking lot to grill and eat with family and friends--the real fun of the weekend for former pro-football star and celebrity chef Eddie Jackson is "homegating": throwing a party in your own living room or den. With homegating, the party doesn't have to stop once the game starts. Game-Day Eats combines Eddie's two greatest passions--cooking and football--in one hearty cook's playbook. Eddie gives you 100 recipes centered around eating, drinking, and spending time with friends while enjoying the game in your own space. The key to a great homegate is food that can be cooked while spending time with your guests. Because you're cooking in your own kitchen, you can go way beyond brats, chili, and cheeseburgers. With Game-Day Eats you can enjoy mouthwatering Roasted Herb Wings and Chipotle Rib Nachos as well as fun surprises like Jalapeño Honey Chicken Biscuit Sliders and Citrus Beer Floats. Eddie shows how anyone at any culinary skill level can create festive feasts any day of the week. Each inventive and hearty recipe includes steps that can be done ahead of time or prepped very quickly so that you never have to miss a play--whether you're gathering for a traditional Sunday afternoon or for a weeknight game. With influences from Eddie's international culinary escapades and pro days traveling the country, and illustrated with 150 mouthwatering full-color photos, the food in Game-Day Eats is sure to win over your favorite crowd.

Swabbed & Found Frank Billingsley,2017 Providing a clear road map of how the DNA discovery process works, resources, and explanations of just what second cousin-once-removed really means, as well as insight on life as a gay public figure in the South, this generous book makes it clear why Billingsley has found such a home in Houston's heart. Anyone who has ever wondered about missing branches on their family tree, wanted to know more about their heritage, or wanted to understand, once and for all, that we are all really one big family, will find *Swabbed & Found* enlightening and engaging--Provided by publisher.

Jefferson and His Time: Jefferson and the ordeal of liberty Dumas Malone,1948

Dr. Seuss Philip Nel,2005-01-01 Philip Nel takes a fascinating look into the key aspects of Seuss's career - his poetry, politics, art, marketing, and place in the popular imagination. Nel argues convincingly that Dr. Seuss is one of the most influential poets in America. His nonsense verse, like that of Lewis Carroll and Edward Lear, has changed language itself, giving us new words like nerd. And Seuss's famously loopy artistic style - what Nel terms an energetic cartoon surrealism - has been equally important, inspiring artists like filmmaker Tim Burton and illustrator Lane Smith. --from back cover

Better Buses, Better Cities Steven Higashide,2019-10-10 Imagine a bus system that is fast, frequent, and reliable--what would that change about your city? Buses can and should be the cornerstone of urban transportation. They offer affordable mobility and can connect citizens with every aspect of their lives. But in the US, they have long been an afterthought in budgeting and planning. Transit expert Steven Higashide uses real-world stories of reform to show us what a successful bus system looks like. Higashide explains how to marshal the public in support of better buses and argues that better bus systems will create better cities for all citizens. With a compelling narrative and actionable steps, *Better Buses, Better Cities* describes how decision-makers, philanthropists, activists, and public agency leaders can work together to make the bus a win in any city.

The Reckonings Lacy M. Johnson,2019-06-04 "Unflinching and honest...both timely and timeless" (Houston Chronicle), this extraordinary collection of essays by the award-winning writer of *The Other Side*--rooted in her own experience with sexual assault--pursues questions that strike at the heart of our national conversation about the justness of society. In 2014, Lacy Johnson was giving a reading from *The Other Side*, her "instant classic" (Kirkus Reviews) memoir of kidnapping and rape, when a woman asked her what she would like to happen to her rapist. This collection "attempts to parcel out several knotted problems and suggests forms of meaningful justice" (Booklist, starred review). Drawing from philosophy, art, literature, mythology, anthropology, film, and her own experience of violence, Johnson considers how our ideas about justice might be expanded beyond vengeance and retribution to include acts of compassion, patience, mercy, and grace. "The Reckonings is not a book about changing the world. It's philosophy in disguise, equal parts memoir, criticism, and ethics...The twelve essays deserve great consideration, while you read it and long after" (NPR). From "Speak Truth to Power," about the condition of not being believed about rape and assault; to "Goliath," about the ways evil is used as a form of social control; to "The Fallout," about ecological and generational violence, Johnson creates masterful, elaborate, gorgeously written essays that speak incisively about our current era. She grapples with justice and retribution, truth and fairness, and sexual assault and workplace harassment, as well as the broadest societal wrongs: the BP Oil Spill, government malfeasance, police killings. *The Reckonings* is a powerful and necessary work, ambitious in its scope, which "challenges our culture's expectations of justice and expose the limits of vengeance and mercy" (Ms. Magazine).

Sig Byrd's Houston Sigman Byrd,1955 A very funny book. The marvelous stories it tells with such economy and force could be the basis for many novels, motion pictures and folk song.

Ladies and Gentlemen, the Bronx Is Burning Jonathan Mahler,2006-03-21 By early 1977, the metropolis was in the grip of hysteria caused by a murderer dubbed Son of Sam. And on a sweltering night in July, a citywide power outage touched off an orgy of looting and arson that led to the largest mass arrest in New York's history. As the turbulent year wore on, the city became absorbed in two epic battles: the fight between Yankee slugger Reggie Jackson and team manager Billy Martin, and the battle between Ed Koch and Mario Cuomo for the city's mayoralty.

Buried beneath these parallel conflicts, one for the soul of baseball, the other for the soul of the city, was the subtext of race. The brash and confident Jackson took every black myth and threw it back in white America's face. Meanwhile, Koch and Cuomo ran bitterly negative campaigns that played upon urbanites' fears of soaring crime and falling municipal budgets. These braided stories tell the history of a year that saw the opening of Studio 54, the evolution of punk rock, and the dawning of modern SoHo. As the pragmatist Koch defeated the visionary Cuomo and as Reggie Jackson finally rescued a team racked with dissension, 1977 became a year of survival but also of hope. -- Publishers description.

Seeing Green Finis Dunaway, 2015-03 Over 15 chapters, Dunaway transforms what we know about icons and events. *Seeing Green* is the first history of ads, films, political posters, and magazine photography in the postwar American environmental movement. From fear of radioactive fallout during the Cold War to anxieties about global warming today, images have helped to produce what Dunaway calls ecological citizenship, telling us that we are all to blame. Dunaway heightens our awareness of how depictions of environmental catastrophes are constructed, manipulated, and fought over--Publisher info.

Texas Chronicles Leon Hale, 1989 This book contains many essays about life in Texas, from storytellers in beer joints to preachers at country revivals, and from perils in the big-city traffic to the peace the author finds on a Texas riverbank.

Ask Amy Amy Dickinson, 2013-05-14 For a decade, Amy Dickinson has been the Chicago Tribune's signature general advice columnist, helping readers with questions both personal and pressing. *Ask Amy: Advice for Better Living* is a collection of over 200 question-and-answer columns taken from 2011–2013. As the highly popular successor to the legendary Ann Landers, Dickinson answers readers' questions with care and attention, while also providing a plainspoken, straight-shooting dose of reality that often only comes to us from close friends. Dickinson's advice is rooted in honesty and trust, which is why so many readers turn to her for advice on their everyday lives and for maintaining healthy, lasting relationships. *Ask Amy: Advice for Better Living* is a testament to the empathetic counsel and practical common-sense tips that Dickinson has been distilling for years.

Metaheuristics in Machine Learning: Theory and Applications Diego Oliva, This book is a collection of the most recent approaches that combine metaheuristics and machine learning. Some of the methods considered in this book are evolutionary, swarm, machine learning, and deep learning. The chapters were classified based on the content; then, the sections are thematic. Different applications and implementations are included; in this sense, the book provides theory and practical content with novel machine learning and metaheuristic algorithms. The chapters were compiled using a scientific perspective. Accordingly, the book is primarily intended for undergraduate and postgraduate students of Science, Engineering, and Computational Mathematics and is useful in courses on Artificial Intelligence, Advanced Machine Learning, among others. Likewise, the book is useful for research from the evolutionary computation, artificial intelligence, and image processing communities.

Ava and the Prince Joy Sewing, 2019-09 Ava and Prince are like most dogs. They want a place to call home, where love is yummy like peanut butter and belly rubs never end. This is their sweet, real-life story about home, family and love.

The Lost Indictment of Robert E. Lee John Reeves, 2018-07-15 History has been kind to Robert E. Lee. Woodrow Wilson believed General Lee was a “model to men who would be morally great.” Douglas Southall Freeman, who won a Pulitzer Prize for his four-volume biography of Lee, described his subject as “one of a small company of great men in whom there is no inconsistency to be explained, no enigma to be solved.” Winston Churchill called him “one of the noblest Americans who ever lived.” Until recently, there was even a stained glass window devoted to Lee's life at the National Cathedral in Washington, D.C. Immediately after the Civil War, however, many northerners believed Lee should be hanged for treason and war crimes. Americans will be surprised to learn that in June of 1865 Robert E. Lee was indicted for treason by a Norfolk, Virginia grand jury. In his instructions to the grand jury, Judge John C. Underwood described treason as “wholesale murder,” and declared that the instigators of the rebellion had “hands dripping with the blood of slaughtered innocents.” In early 1866, Lee decided against visiting friends while in Washington, D.C. for a congressional hearing, because he was conscious of being perceived as a “monster” by citizens of the nation’s capital. Yet somehow, roughly fifty years after his trip to Washington, Lee had been transformed into a venerable American hero, who was highly regarded by southerners and northerners alike. Almost a century after Appomattox, Dwight D. Eisenhower had Lee’s portrait on the wall of his White House office. *The Lost Indictment of Robert E. Lee* tells the story of the forgotten legal and moral case that was made against the Confederate general after the Civil War. The actual indictment went missing for 72 years. Over the past 150 years, the indictment against Lee after the war has both literally and figuratively disappeared from our national consciousness. In this book, Civil War historian John Reeves illuminates the incredible turnaround in attitudes towards the defeated general by examining the evolving case against him from 1865 to 1870 and beyond.

A Little Closer to Home Ginger Zee, 2022-01-11 In Ginger Zee's follow-up to the bestselling *Natural Disaster*, the ABC chief meteorologist takes readers on a much deeper journey of self discovery. When Ginger Zee opened her life to readers in *Natural Disaster*, the response was enormous. She put a very relatable if surprising face on depression and has helped lessen the stigma surrounding mental health issues. But Ginger tells us, *Natural Disaster* was Ginger Lite and only scratched the surface. In this moving follow-up, Ginger shares her truest self. She spent most of her life shielding her vulnerabilities from the world all while being a professional people pleaser. Her stormy childhood, her ongoing struggles with crippling depression, her suicide attempts, and many other life experiences will resonate with readers who are likely to see themselves along the way. In spite of its serious subject matter, Ginger's positive, life-affirming outlook comes through loud and clear. Written with great heart and quite a bit of humor, Ginger normalizes issues and challenges millions of people face every day. *A Little Closer to Home* will broaden the conversation around mental health at a time we need it more than ever.
