Abu Bakr As Siddiq - The First Caliph of Islam Abdul Basit Ahmad,2001 Most people have a best friend who they favor among all of the people. The best friend of Prophet Muhammad was Abu Bakr As-Siddiq. He was the only person, other than the Prophet's own wife, who accepted Islam immediately and believed in Muhammad from the first movement that he announced his Prophethood. Abu Bakr always remained at the Prophet's side and he had no reservations about spending his wealth for the sake of Islam and the Muslims. The Prophet's companions all recognized his superiority, yet he always remained humble and sincere towards all. This is the story of Abu Bakr and his rise to leadership of the Muslim Ummah.--Page 4 of cover.

Hostility Abdul Basit,2021-04-20 Hostility is former Pakistan high commissioner to India Abdul Basit's memoir of his tenure in New Delhi, from 2014 to 2017. The book takes us through perhaps the most difficult era in India-Pakistan relations in recent years. While Narendra Modi's first prime-ministership began with a new hope of normalising relations between Pakistan and India, subsequent events unfortunately proved otherwise. In his account, Abdul Basit takes us through the highs and lows of what is easily among the most difficult diplomatic postings anywhere in the world. Written with honesty, lucidity, and filled with explosive nuggets about what goes on behind the scenes between India and Pakistan, Hostility provides a rare insight into what is possibly the most damaged bilateral relationship in the world.

The War Against America Laurie Mylroie,2010-11-16 The destruction of the twin towers of the World Trade Center and the attack on the Pentagon -- all within one hour on September 11, 2001 -- demonstrated America's shocking vulnerability to terrorism. Yet terror had already emerged on America's shores eight years earlier, when the mysterious terrorist mastermind, Ramzi Yousef (arrested after a botched attempt to down a dozen U.S. airlines) bombed the World Trade Center in an attempt to fell the buildings. His attacks were viewed as the harbinger of a new terrorism, carried out by an elusive enemy driven by religious fanaticism to unprecedented hatred of the United States. But is that perception accurate? A real-life detective story, *The War Against America* engages the reader in a gripping examination of the evidence regarding Yousef and his terrorism. It reveals the split between New York and Washington that emerged during the investigation and tells a terrifying tale of America left exposed and vulnerable following the mishandling of what was once the most ambitious terrorist attack ever attempted on U.S. soil.

Dear Beloved Son Abu Hamid al-Ghazali,2022-03-13 *Dear Beloved Son* is an excellent compilation of extremely valuable pieces of advice based not only on theory but on the practical experience and insight of Imam al-Ghazali. Since he presented his disciple with these pieces of advice at a stage in life where he had studied and excelled

in all major sciences of Islam, it holds extra significance. He covers topics such as sincerity, knowledge, action, death, da'wah, hypocrisy, time, dhikr and Shari'ah, with delicacy and coherency, so that one is able to grasp clearly the multidimensional facets of a comprehensive Islam.

Afghanistan Musa Khan Jalalzai, 2019-10-01 Afghan civil society is deeply upset with disunity and detachment of Taliban groups - those who are tied to regional states agendas. This detachment has also left negative impacts on their fighting capabilities and public support. Regional states, the United States, NATO, Russia, China, Iran and Pakistan are active stakeholders who want peace on their own terms, while Taliban are not an independent entity to decide the future of Afghanistan, or outline long-term peace proposals. This has created a deep problem in finding a solution to the peace problem in Afghanistan. This book is a collection of various articles written by eminent researchers on the aspects of finding a solution to the peace prospects in troubled Afghanistan.

The Islamic State of Khorasan and the Prospect of Nuclear Jihad against Russia and Central Asia Musa Khan Jalalzai, 2020-02-07 Daesh is worse than the Taliban, which is now trying to bring a new ideology as Daesh-ism which is anti - Islam. This book brings out the alarming situation of presence of Daesh in Pakistan and its expanding activities. It serves the international community as a reminder the role they need to play in crushing this monster.

Religious Actors and Conflict Transformation in Southeast Asia Jürgen Rüland, Christian von Lübke, Marcel M. Baumann, 2019-04-30 Drawing on a rich body of multimethod field research, this book examines the ways in which Indonesian and Philippine religious actors have fostered conflict resolution and under what conditions these efforts have been met with success or limited success. The book addresses two central questions: In what ways, and to what extent, have post-conflict peacebuilding activities of Christian churches contributed to conflict transformation in Mindanao (Philippines) and Maluku (Indonesia)? And to what extent have these church-based efforts been affected by specific economic, political, or social contexts? Based on extensive fieldwork, the study operates with a nested, multi-dimensional, and multi-layered methodological concept which combines qualitative and quantitative methods. Major findings are that church-based peace activities do matter, that they have higher approval rates than state projects, and that they have fostered interreligious understanding. Through innovative analysis, this book fills a lacuna in the study of ethno-religious conflicts. Informed by the novel Comparative Area Studies (CAS) approach, this book is strictly comparative, includes in-case and cross-case comparisons, and bridges disciplinary research with Area Studies. It will be of interest to academics in the fields of conflict and peacebuilding studies, interreligious dialogue, Southeast Asian Studies, and Asian Politics.

Information Systems Engineering in Responsible Information Systems Cinzia Cappiello, Marcela Ruiz, 2019-05-23 This book constitutes the thoroughly refereed proceedings of the CAiSE Forum 2019 held in Rome, Italy, as part of the 31st International Conference on Advanced Information Systems Engineering, CAiSE 2019, in June 2019. The CAiSE Forum - one of the traditional tracks of the CAiSE conference - aims to present emerging new topics and controversial positions, as well as demonstration of innovative systems, tools and applications related to information systems engineering. This year's theme was "Responsible Information Systems". The 19 full papers and 3 short papers presented in this volume were carefully reviewed and selected from 14 direct submissions (of which 7 full papers were selected), plus 15 transfers from the CAiSE main conference (which resulted in another 12 full and 3 short papers).

The Huthi Movement in Yemen Abdullah Hamidaddin, 2022-06-30 The Huthi rebels in Yemen are a resistance movement going back decades. Their coup against Yemeni President Abdrabbuh Mansur Hadi in 2015 - and the subsequent Yemeni civil war and the intervention of the Arab coalition in support of Hadi - has brought absolute devastation to the country. But who are the Huthis and how can we understand the group away from armed conflict and war? What has motivated their social movement to fundamentally re-shape Yemen, and what are the group's local and regional ambitions? This book provides the first comprehensive critical analysis dedicated to the Huthis. Across four parts and 17 chapters, the book examines how the movement is challenging traditional religious authority, re-shaping tribal values and roles in Yemen, constructing new collective memories and identities, and infusing Yemen's mediascape with their ideological creed. In examining the movement's specific ways of thinking and beliefs, the book also highlights its foreign policy within a regional policy of resistance to the United States, and it points towards what its impact on both Yemen and the security of the Arab Gulf region will be. The book brings together the leading experts on Yemen from diverse disciplines to provide readers with a nuanced and multi-layered approach to understanding the Huthi movement.

Approaching the Qur'an Michael Sells, 2023-10-05 Approaching the Qur'an presents brilliant translations of the short, hymnic chapters, or Suras, associated with the first revelations to the Prophet Muhammad. These early Suras contain some of the most powerful, prophetic, and revelatory passages in religious history, offering the vision of a meaningful and just life that anchors the faith of one fifth of the world's inhabitants.
