A New Law-dictionary Giles Jacob,Sir John Holt,2004

Jacob, Giles. *A New Law-Dictionary: Containing, The Interpretation and Definition of Words and Terms used in the Law; and Also the Whole Law, and the Practice Thereof, Under All the Heads and Titles of the Same. Together With Such Informations Relating Thereto, as Explain the History and Antiquity of the Law, and Our Manners, Customs, and Original Government. Collected and Abstracted From All Dictionaries, Abridgments, Institutes, Reports, Year-Books, Charters, Registers, Chronicles, and Histories, Published to This Time. And Fitted for the Use of Barristers, Students, and Practicioners of the Law, Members of Parliament, and Other Gentlemen, Justices of Peace, Clergymen, &c. The Fifth Edition, with Great Additions and Improvements, and the Law-Proceedings Done Into English. To Which is Annexed, a Table of References to All the Arguments and Resolutions of the Lord Chief Justice Holt; in the Several Volumes of the Reports.* London: Printed by Henry Lintot, 1744. Unpaginated [828 pp.]. Printed in double columns. Folio (9 x 12). Reprinted 2004 by The Lawbook Exchange, Ltd. ISBN 1-58477-376-6. Cloth. \$295. * Reprint of the fifth edition, which was the last published during the author's lifetime. As Cowley pointed out, the *New Law-Dictionary* (first edition, 1729) was both Jacob's masterpiece and an entirely new departure in legal literature that provided a model for several subsequent efforts. In contrast to earlier works, each entry summarizes all of the laws relating to the subject and offers extensive interpretive commentary. Jacob [1686-1744] was also careful to omit obsolete terms. It was recognized almost immediately that Jacob had created a highly useful legal encyclopedia that was both more

detailed and concise than any other abridgment of the period. An extremely popular work that went through twelve editions by 1800, it offers unparalleled insights into Anglo-American law during the eighteenth century. Cowley, *A Bibliography of Abridgements, Digests, Dictionaries and Indexes to the Year 1800* xc-xci, 244.

Face to Face Lillian Lotus Lang, 2015-06-24 Excerpt from *Face to Face: A Practicable Novelette* I feel His presence, I know it is here; I feel His love, so wondrous - dear. My soul expands like some wonderful flower, Blooming in some fragrant ethereal bower. From the desert of ignorance I spring, To the greater truth, that will ever bring Happiness to the great and to the small - To all, who hearken to His loving call. When we attempt to convince others of the truths we have been enabled to gather by the wayside, we sometimes feel very much as did Abion when he sought the hand of Penelope. Placing a mallet and chisel in the hands of Abion, Penelope bade him hew out the image of her favorite sister, whom Abion had never seen. Throwing down the mallet and chisel Abion flew to Brene, where he established a kingdom, from whence he sent a message to Penelope: My dear Penelope: I cannot hew out the image of one whom I have never seen, but if you will come to my kingdom, I will show you the works of one whom I have never seen. Studies on Agreement João Costa, Maria Cristina Figueiredo Silva, 2006 The status of agreement is a core issue in current morphological and syntactic theory. The collection of papers in this volume focuses on important issues, such as the nature of the relation between syntax and morphology in determining agreement relations; whether and which syntactic configurations are relevant for determining agreement; the relevance of verbal agreement for the purposes of EPP; the inquiry into the existence of connections between verbal and DP-internal agreement; on the morphological and syntactic distinction of person, number and gender agreement; how and why AGREE and Spec, head relations trigger different agreement effects; and the type of relation that exists between head-movement and morphological agreement. The data collected come from a wide variety of languages and the studies presented discuss innovative and thought-provoking ideas for dealing with agreement phenomena

The SimHebrew Bible Jonathan Orr-Stav,Bob

MacDonald,2021-10-25 The SimHebrew Bible makes reading, searching, and learning the Hebrew Bible much easier for non-Hebrew readers. SimHebrew is an exact simulation of the fully spelled Hebrew text of the Bible. Readers of the Latin character set who are not versed in the square text will find both ease and pleasure in learning the Bible in its original tongue without any of the difficulties encountered when facing the traditional right-to-left text. The technique gives a true insight into the linguistic features of the Hebrew – in particular, its economy of language, wordplay, repetition of the same word in different contexts, and above all, the root structure of its words. This Bible also allows easy searching in both Hebrew and English including a full glossary and links to a corresponding online concordance. The combination makes both the Hebrew language and the translation decisions in the English guide fully transparent.
