The Unquotable Abraham Lincoln Lochlainn Seabrook, 2016-01-10 If we're to believe the nearly 20,000 books that have been written about President Lincoln by pro-North and New South historians, he was an ardent abolitionist, a Bible-believing Christian, and a Constitution-loving conservative who headed the most ethical administration in U.S. history, preserved the Union, ended American slavery, and became the black man's greatest champion by granting him full civil and equal rights. In fact, according to Lincoln's own words, nothing could be further from the truth. After reading this eye-opening book, you'll be asking yourself the question: Why then does Lincoln continue to be annually voted America's best, favorite, and most important president by people of all ages, races, religions, and political persuasions? The answer--well-known to Southerners for the past 150 years--is that the real Lincoln has been carefully concealed from us by his faithful worshipers, the Lincolnites, some who are simply uninformed, others who will stop at nothing to keep you from learning the facts about our sixteenth chief executive and his unconstitutional, unnecessary, and unjustifiable war. In this handy Civil War Sesquicentennial Edition of The Unquotable Abraham Lincoln, Southern historian and award-winning Tennessee

author Lochlainn Seabrook closely examines the politically incorrect statements they don't want you to know. Included here, among some 230 footnoted entries, are Lincoln's controversial, even un-American, views on his presidency, the government, the U.S. Constitution, states' rights, the Union, his war on the South, abolition, slavery, colonization, African-Americans, Mexicans, mulattos, the Confederacy, the Southern people, his Emancipation Proclamation, Jesus, the Bible, Christianity, and more. This is an indispensable work for those interested in the American Civil War, for without a true and complete understanding of Lincoln one will never have a true and complete understanding of the conflict itself. Available in paperback and hardcover. Civil War scholar Lochlainn Seabrook, a descendant of the families of Alexander H. Stephens and John S. Mosby, is the most prolific and popular pro-South writer in the world today. Known as the new Shelby Foote, he is a recipient of the prestigious Jefferson Davis Historical Gold Medal and the author of over 45 books. A seventh-generation Kentuckian of Appalachian heritage and the sixth great-grandson of the Earl of Oxford, Mr. Seabrook has a forty-year background in American and Southern history, and is the author of the runaway bestseller Everything You Were Taught About the Civil War is Wrong, Ask a Southerner! His other works include: The Great Yankee Coverup: What the North Doesn't Want You to Know About Lincoln's War; Confederate Flag Facts: What Every American Should Know About Dixie's Southern Cross; Confederacy 101: Amazing Facts You Never Knew About America's Oldest Political Tradition; and Everything You Were Taught About American Slavery is Wrong, Ask a Southerner!

The Gettysburg Address Abraham Lincoln,2009-08-27 The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as a new birth of freedom that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.
