Paris, Capital of Fashion Valerie Steele, 2019-09-05 Paris, Capital of Fashion accompanies a major exhibition at The Museum at FIT, New York's only museum dedicated solely to the art of fashion. This lavishly-illustrated book is edited by MFIT's director and chief curator, Valerie Steele, also the author of the acclaimed Paris Fashion: A Cultural History. This new book opens with an important essay on how and why Paris became famous as the international "capital of fashion." Steele traces how the mythic "aura" of Paris fashion was constructed over generations, as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture. Yet Paris has faced repeated challenges from other fashion capitals, especially London, Milan, and New York. Essays by Christopher Breward, David Gilbert, Grazia d'Annunzio, and Antonia Finnane place Paris within a broader global narrative, while Sophie Kurkdjian investigates the cultural value of the Parisian couture, and Agnès Rocomora explores the online imagery of the chic Parisienne. As The New Yorker recently put it, Paris is "the most glamorous and competitive of the world's fashion capitals." No other city has been branded "Fashion" as Paris has. By opening the study of Paris fashion to new approaches, this book explains why Paris still retains its position as the world's undisputed fashion capital.

The Legacy of Antiquity Lenia Kouneni, 2014-09-26 Recent years have seen an increase of interest in classicism and the reception and survival of antiquity. Classical Reception Studies is a rapidly developing field of research and teaching, and a growing number of new scholars are investigating issues of reception of classical texts, ideas, performance, and material culture across different cultural contexts and in different media. This volume adds new perspectives in this growing field of scholarship. This collection of essays explores the uses of the past from a wide range of perspectives. The papers are drawn from a spectrum of cultures and chronological periods; from medieval to modern times, from Italian to Byzantine, from French to British. The characters involved in each case study accessed the past through different means, employing varying combinations of texts, oral

traditions, iconographic representations, and visible remains of the landscape. It is a snapshot of a field in movement, illustrative of current directions and hopeful of producing new ones. The legacy of antiquity is omnipresent, and is as multifaceted as suggested by the wide range of the papers. This volume presents new perspectives, dealing with ever-elusive enigmas and opening the way for future research and investigation to all those who seek to explore the constant fascination with the antique.

Threads of globalization Melia Belli Bose,2024-02-06

Threads of globalization is an interdisciplinary volume that brings fashion-specific garments, motifs, materials, and methods of production into dialogue with gender and identity in various cultures throughout Asia during the long twentieth century. It examines how the shift from artisanal production to 'fast fashion' over the past 150 years has devalued women's textile labour and how skilled textile/ garment makers and the organizations that support them are preserving and reviving heritage traditions. It also offers examples of how socially engaged artists in Asia and the diaspora use their work to criticize labour and environmental abuses in the global fashion industry.

Supreme Models Marcellas Reynolds,2019-10-08 "This coffee-table book is the first-ever collection of works devoted to celebrating black models. Fashion devotees will find glorious images of supers such as Iman, Tyra Banks, Naomi Campbell, Joan Smalls, and Adwoa Aboah alongside interviews and personal essays." —Vogue Filled with revealing essays, interviews, and stunning photographs, Supreme Models pays tribute to black models past and present: from the first to be featured in catalogs and on magazine covers, like Iman, Donyale Luna, and Beverly Johnson, to the supermodels who reigned in the nineties—Tyra Banks, Naomi Campbell, and Veronica Webb. The book also

observes the newest generation of models—Adut Akech, Jourdan Dunn, and Joan Smalls—who are shaking up the fashion industry by speaking out about racial prejudice while becoming social media sensations. Written by celebrity fashion stylist and journalist Marcellas Reynolds, *Supreme Models* features more than 70 women from the last 75 years. Reynolds writes, “I hope that everyone who reads this book learns something about the models included within—and more about the business of fashion and modeling. But what I want most is for *Supreme Models* to be a source for the little boys, or girls, who like my childhood self, need to see themselves represented in a positive light.” The book, filled with gorgeous photographs of the women, details their most memorable campaigns, covers, editorials, and runway shows. Black models have been influencing fashion and pop culture for decades, reshaping beauty standards and boundaries. *Supreme Models* is a celebration of their monumental impact.
