The Expendable Man Dorothy B. Hughes, 2012-07-03 "It was surprising what old experiences remembered could do to a presumably educated, civilized man." And Hugh Denismore, a young doctor driving his mother's Cadillac from Los Angeles to Phoenix, is eminently educated and civilized. He is privileged, would seem to have the world at his feet, even. Then why does the sight of a few redneck teenagers disconcert him? Why is he reluctant to pick up a disheveled girl hitchhiking along the desert highway? And why is he the first person the police suspect when she is found dead in Arizona a few days later? Dorothy B. Hughes ranks with Raymond Chandler and Patricia Highsmith as a master of mid-century noir. In books like *In a Lonely Place* and *Ride the Pink Horse* she exposed a seething discontent underneath the veneer of twentieth-century prosperity. With *The Expendable Man*, first published in 1963, Hughes upends the conventions of the wrong-man narrative to deliver a story that engages readers even as it implicates them in the greatest of all American crimes.

Once Upon an Alphabet Oliver Jeffers,2014-10-14 Perfect for gift-giving, here isTHE alphabet book to top all others, an over-sized work of brilliance from the illustrator of the #1 New York Times bestselling The Day the Crayons Quit! If words make up the stories and letters make up the words, then stories are made up of letters. In this menagerie we have stories made of words, made FOR all the letters. The most inventive and irresistible book of the year spans a mere 26 letters (don't they all!) and 112 pages. From an Astronaut who's afraid of heights, to a Bridge that ends up burned between friends, to a Cup stuck in a cupboard and longing for freedom, Once Upon an Alphabet is a creative tour de force from A through Z. Slyly funny in a way kids can't resist, and gorgeously illustrated in a way readers of all ages will pour over, this series of interconnected stories and characters explores the alphabet in a way that will forever raise the bar. In Once Upon an Alphabet, #1 New York Times bestseller Oliver Jeffers has created a stunning collection of words and artwork that is a story book, alphabet book, and gorgeously designed art book all in one. Praise for ONCE UPON AN ALPHABET: An Amazon Best Book of 2014! A Publishers Weekly Best Book of the Year! A School Library Journal Best Book of the Year! A New York Times Bestseller! * The silly, spare, slightly surreal text occasionally rhymes and endlessly surprises. An utterly delightful alphabet book.-Kirkus Review, starred review * With wry humor, equally droll ink illustrations, and a solid dose of alliteration, Jeffers creates delightful mini-narratives for each letter of the alphabet.-Publishers Weekly, starred review * An altogether stimulating, surprising, and satisfying reading experience.-School Library Journal, starred review * Whimsical, funny, occasionally tragic, and highly entertaining, this collection of (sometimes) interlocking tales is brilliantly inventive.-Horn

Book, starred review Jeffers knows how to catch the attention of his young audience while challenging their imagination, intellect and vocabulary. This whimsical exploration of letters and language begs to be read over and over again.—BookPage Handsome, humorous and clad in bright tomato-red, [this] is the sort of book you may want to rush into the arms of imaginative, good-natured children between 4 and 10 years old. [T]his is no traditional abecedarian exercise. The stories are wonderfully varied, sometimes philosophical and often end surprisingly; the drawings are just as quirky and unpredictable.—The Wall Street Journal [W]itty from A to Z . . . no one would blame you for having a copy even if there are no kids in the house. Think of it as Edward Gorey for the preschool set — and their hip parents.—The Washington Post

Historical Painting Techniques, Materials, and Studio Practice Arie Wallert, Erma Hermens, Marja Peek, 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled Historical Painting Techniques, Materials, and Studio Practice at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape

painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Fighting for Space Amy Shira Teitel, 2020-02-18 Spaceflight historian Amy Shira Teitel tells the riveting story of the female pilots who each dreamed of being the first American woman in space. When the space age dawned in the late 1950s, Jackie Cochran held more propeller and jet flying records than any pilot of the twentieth century—man or woman. She had led the Women's Auxiliary Service Pilots during the Second World War, was the first woman to break the sound barrier, ran her own luxury cosmetics company, and counted multiple presidents among her personal friends. She was more qualified than any woman in the world to make the leap from atmosphere to orbit. Yet it was Jerrie Cobb, twenty-five years Jackie's junior and a record-holding pilot in her own right, who finagled her way into taking the same medical tests as the Mercury astronauts. The prospect of flying in space quickly became her obsession. While the American and international media spun the shocking story of a woman astronaut program, Jackie and Jerrie struggled to gain control of the narrative, each hoping to turn the rumored program into their own ideal reality—an issue that ultimately went all the way to Congress. This dual biography of audacious trailblazers Jackie Cochran and Jerrie Cobb presents these fascinating and fearless women in all their glory and grit, using their stories as guides through the shifting social, political, and technical landscape of the time.

PostSecret Frank Warren, 2005-11-29 The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire,

confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative. It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them graphic haiku, beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.
