**The Art of iPhone Photography** Bob Weil, Nicki Fitz-Gerald, 2013 Explores how forty-five of today's best iPhone photographers from around the world conceived, composed, and created some of their best-known pieces, including Liz Grilli's *Avian*, Markus Rivera's *Run!*, and Ade Santora's *Human Tree*.

The iPhone Photography Book Scott Kelby, 2021-02-05 **Learn to take great photos with your iPhone—the camera you always have with you!**

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you'd be able to create using those same ideas. Well, finally, somebody has.

The world's #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today's top pro photographers use to make stunning images. You're going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone's camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You'll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, "Wait...you took this?!"

Pilgrim at Tinker Creek Annie Dillard, 2009-10-13 Winner of the Pulitzer Prize "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." — Eudora Welty, *New York Times Book Review* *Pilgrim at Tinker Creek* is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of beauty tangled in a rapture with violence. Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons.

**Inside the Artist's Studio** Joe Fig, 2015-10-06 What was your earliest childhood artwork that received recognition? When did you first consider yourself a professional artist? How has your studio's location influenced your work? How do you choose titles? Do you have a favorite color? Joe Fig asked a wide range of celebrated artists these and many other questions during the illuminating studio visits documented in *Inside the Artist's Studio*—the follow-up to his acclaimed 2009 book, *Inside the Painter's Studio*. In this remarkable collection, twenty-four painters, video and mixed-media artists, sculptors, and photographers reveal highly idiosyncratic production tools and techniques, as well as quotidian habits and strategies for getting work done: the music they listen to; the hours they keep; and the relationships with gallerists and curators, friends, family, and fellow artists that sustain them outside the studio.
