**Pericardial Disease** J. Soler-Soler, G. Permanyer, J. Sagristà-Sauleda, 2012-12-06 In November 1986, I was invited to attend a symposium held in Barcelona on Diseases of the Pericardium. The course was directed by Dr. J. Soler-Soler, director of Cardiology at Hospital General Vall d'Hebron in Barcelona. During my brief but delightful visit to this institution, my appreciation of the depth and breadth of study into pericardial diseases, carried out by Dr. Soler and his group, grew into the conviction that these clinical investigators have accumulated a wealth of information concerning pericardial diseases, and that investigators and clinicians practicing in English speaking countries would greatly profit from ready access to the results of the clinical investigations into pericardial disease carried out in Barcelona. The proceedings of the Barcelona conference were published in a beautifully executed volume in the Spanish language edited by Dr. Soler and produced by Ediciones Doyma. Because I believe that this work should be brought to the attention of the English speaking scientific and clinical communities, I encouraged Dr. Soler to have the book translated into English. I knew that this task could be accomplished and that the book would be translated into good English without change of its content. My confidence was based upon a translation of my own book, *The Pericardium*, into Spanish undertaken by Dr. Permanyer, who is a contributor and co-editor of the present volume.

**Founding the ACC** Robert B. McCormick, 2023-08-24 In 1953, seven universities seceded from the NCAA's Southern Conference to form the Atlantic Coast Conference. Founding members Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest were soon joined by Virginia. Inspired by national academic and gambling scandals, and a bowl game crisis in 1951, the ACC's leaders hoped to reduce the commercialism and professionalism that permeated college athletics in the 1950s. This first ever full-length history examines founding of the ACC, the star athletes and coaches and football and basketball season highlights, along with the negotiations that led to the creation one of America's most successful athletic conferences.

**Cooperation and Sustainable Development** Aleksei V. Bogoviz, Alexander E. Suglov, Alexander N. Maloletko, Olga V. Kaurova, 2021-12-03 This book presents a systematic view of the cooperative sector of the economy from the standpoint of sustainable development. On the one hand, the book reveals the consequences of business cooperation for the implementation of global sustainable development goals, primarily in terms of environmental protection and food security. On the other hand, the book defines the essence of sustainable development of the cooperative sector of the economy as a demonstrative economic practice that reflects the general state of socio-economic systems. Scientific, methodological, and applied recommendations for the systemic optimization of the management of the cooperative sector of the economy in the interests of simultaneously achieving its maximum positive impact on the implementation of sustainable development goals, as well as maintaining its stability are proposed. The book contains the best works based on the results of the International Scientific and Practical Conference "Cooperation and Sustainable Development", which was held on December 15-16, 2020. Its target audience is scientists studying processes of business structures cooperation, business entities carrying out cooperation, as well as public authorities, which will find guidelines for improving state regulation of the cooperative sector of the economy in this book.
