Amateur Radio Pedestrian Mobile Handbook: Second Edition Edward

Breneiser,2014-03-05 If you plan to operate a ham radio pedestrian mobile station, this is the book for you! This handbook will guide you through all phases of designing, building and operating your PM station. This is the second edition of my handbook. You will notice some changes from the first edition. The first change is in the battery chapter as most of the charging information has been deleted from that chapter. The chapter on Military Radios has also been deleted from the text. There are numerous books on this subject. I have also added a chapter on tuning your PM station and another chapter on weather and the environment. I have also included a new chapter on what most people call, Apps. With the explosion of mobile devices in society, hams now also use their smart devices at home and most other places they visit. I've added some cool apps for use out in the great outdoors. Also look at the new chapter I added on stretching.

Through a Designer's Eye Matthew Patrick Smyth,2020-09-15 A sumptuous presentation of impeccably designed classic interiors by Matthew Patrick Smyth. Matthew Patrick Smyth is renowned for elegant, sophisticated rooms that combine sumptuous fabrics, well-selected antiques, and contemporary comfort. In *Through a Designer's Eye*, he reveals his design process, emphasizing his commitment to exploring the world, through travel and in the imagination of the theater, and to recording scenes and vignettes in photographs. *Through a Designer's Eye* presents Smyth's recent

work ranging from a traditional Park Avenue apartment and an edgy Tribeca loft in Manhattan to waterfront houses in Florida, New England, and Long Island that demonstrate his skills in responding to context and eliciting preferences of clients to create a unique environment for each. Nowhere is this better seen than in his own house in Salisbury, Connecticut, an unexpected 1970s prefabricated deck house now elegantly appointed with an eclectic mix of furniture, objects, and works of art he and his partner have collected over many years. Smyth's engaging, first-person narrative references formative experiences with theater and photography and focuses on five elements of interior design--appreciating of artisanal and handcrafted elements, understanding of history and context, evaluating light and seasonal change, weaving furnishings and art into a coherent mise-en-scene, creating an inviting atmosphere--that contribute to successful spaces. Illustrating the text are lush photographs of completed rooms, interspersed with Smyth's own vignettes and details, which add a unique visual layer to the presentation.

Modern in the Middle Susan Benjamin, Michelangelo Sabatino, 2020-09-01 The first survey of the classic twentieth-century houses that defined American Midwestern modernism. Famed as the birthplace of that icon of twentieth-century architecture, the skyscraper, Chicago also cultivated a more humble but no less consequential form of modernism--the private residence. *Modern in the Middle: Chicago Houses 1929-75* explores the substantial yet overlooked role that Chicago and its suburbs played in the development of the modern single-family house in the twentieth century. In a city often associated with the outsize reputations of Frank Lloyd Wright and Ludwig Mies van der Rohe, the examples discussed in this generously illustrated book expand and enrich the story of the region's built environment. Authors Susan Benjamin and Michelangelo Sabatino survey dozens of influential houses by architects whose contributions are ripe for reappraisal, such as Paul

Schweikher, Harry Weese, Keck & Keck, and William Pereira. From the bold, early example of the Battledock House by Henry Dubin (1930) to John Vinci and Lawrence Kenny's gem the Freeark House (1975), the generation-spanning residences discussed here reveal how these architects contended with climate and natural setting while negotiating the dominant influences of Wright and Mies. They also reveal how residential clients--typically middle-class professionals, progressive in their thinking--helped to trailblaze modern architecture in America. Though reflecting different approaches to site, space, structure, and materials, the examples in *Modern in the Middle* reveal an abundance of astonishing houses that have never been collected into one study--until now.

Portraits Unmasked Michele Robecchi, Francesca Bonazzoli, 2020-09-01 The world's most famous portraits and the hidden stories behind their subjects are explored in this fascinating and highly entertaining book. Portraiture is one of the oldest and most studied genres of art. While most scholars will look at a painting's composition, style, and themes, often questions remain unanswered--who were these people and why were they painted? This entertaining book reveals the identities and lives of some of the most famous characters that populate art history--from the Renaissance to the 21st century. Readers will learn how the fifteen-year-old subject of da Vinci's *Lady with an Ermine* nearly destroyed a marriage; that van Dyck's depiction of Prudence in wild clothes is actually one of the most controversial aristocrats of the seventeenth century; and that Francis Bacon's character George Dyer was a man he met in a Soho nightclub. These and other stories behind works by Picasso, Klimt, Rubens, Warhol, and dozens of other artists show how portraiture remains one of the most enthralling genres. Based on art scholarship and conveyed in an accessible tone, these fascinating tales of power, lust, intrigue, jealousy, vengeance, and romance will help readers understand masterpieces of art history in an entirely new light.

Ernst Haas ,2020-10-06 The first book on master photographer Ernst Haas's work dedicated to both his classic and newly discovered New York City color photographs of the 1950s and 60s. Ernst Haas's color works reveal the photographer's remarkable genius and remind us on every page why we love New York. When Haas moved from Vienna to New York City in 1951, he left behind a war-torn continent and a career producing black-and-white images. For Haas, the new medium of color photography was the only way to capture a city pulsing with energy and humanity. These images demonstrate Haas's tremendous virtuosity and confidence with Kodachrome film and the technical challenges of color printing. Unparalleled in their depth and richness of color, brimming with lyricism and dramatic tension, these images reveal a photographer at the height of his career.

Tailgreat John Currence,2020-08-25 Bring home all the flavors and excitement of game day thanks to a lifetime of tailgating wisdom from James Beard Award winner and Top Chef Masters contestant John Currence. John Currence is one of the most celebrated and beloved chefs in America, but he's also a tailgating fanatic. For years he has prepared fans to go into battle before football games on his home turf in Oxford, Mississippi, supplying them with dishes that go way beyond the expected burgers and hot dogs. In Tailgreat he makes his case that tailgating food can be so much more than sad store-bought dips and chips, as we celebrate the spirit of coming together with friends and family to support a common cause: our team. The dishes are flavor-packed hits like Korean BBQ Wings, Grilled Corn Guacamole, Sweet Mustard Pulled Pork, and NOLA Roast Beef Po'Boy Bites. With these recipes you will surely lead your team, or at least your next meal, to victory.

Rookwood Bob Batchelor,2020-09-15 Published to coincide with Rookwood's 140th anniversary, this beautiful, collectible, fully illustrated volume tells the rich story of this female-founded, female-owned great American art pottery company. *2021 Independent Press Award Winner in the Category

of Fine Arts* Author and historian Bob Batchelor tells the compelling story of this artisanal ceramics company, still operating in the heart of the Ohio River Valley from its founding to present day. Filled with behind-the-scenes artist and creator interviews, stories of Rookwood's avid collectors, as well as never-before-seen images and documents from the company's historic archives, you will see why Rookwood remains a pillar of true craftsmanship. About Rookwood: The Rookwood Pottery was the most famous company making art pottery in the United States in the late nineteenth century into the twentieth century, achieving an international reputation and consistently promoting artistic innovation. Proud that the pottery was "an artist's studio, not a factory," Rookwood Pottery is known for its exceptionally fine glazes and successful experimental designs. By assimilating the strengths of myriad aesthetic movements from the American Art Pottery Movement to Art Nouveau and Art Deco, Rookwood Pottery encouraged decorators to try unusual subjects and to explore new techniques. The Rookwood Pottery Company is located in the bustling Over-the-Rhine neighborhood of Cincinnati, Ohio—and it has been for decades. Pioneering artist Maria Longworth Nichols Storer founded the studio in the Queen City in 1880, building the business and laying the foundation for what Rookwood is today: a world-renowned artisanal ceramics company, operating in the heart of the Ohio River Valley. From New York's Grand Central Station to The Louvre in Paris, contemporary boutique hotels to historic homes, Rookwood has truly made its mark on the world in the past three centuries. And now, it's embarking on the next chapter. Today, Rookwood continues to build upon its rich heritage, creating high-quality pottery and architectural tile in the United States. With a team of just over 70 employees, Rookwood is deeply committed to its mission: cultivating artistic inspiration, giving back to the community, and balancing its rich legacy with forward-thinking momentum—ideas that are central to the Rookwood brand. The company takes pride in their process, their people, and

their product, ultimately creating premier pieces with a story—and a one-of-a-kind luxury experience that can only be Rookwood.

Unforgettable Journeys DK Eyewitness, 2020-10-27 Escape the frenetic modern world and embark on a journey of a lifetime. Ever dreamed of walking the Camino de Santiago, driving Route 66 or riding the Trans-Siberian Railway? It may sound clichéd, but sometimes it really is all about the journey, rather than the destination and what better way to see the world than by moving through it. If setting out on an adventure is on your bucket list, but you don't know where to start, *Unforgettable Journeys* will have you lacing up your hiking boots, hitting the road or taking to the high seas. Encompassing everywhere from Antarctica to Zambia, over 200 hikes, drives, cycling trails, train routes and boat trips are brought to life with inspiring narrative, sumptuous photography and illustrative maps. We even suggest alternative routes, so it's easy to plan your next trip. Make your next trip magical as you explore: - Over 200 journeys illustrated with inspiring photography and maps - Experiential text to transport the reader there; descriptive, narrative and full of story - Practical information (duration, difficulty, start and end point, options to take an organized tour - if available - or go it alone). - Sustainable and slow travel options have been covered where possible - Feature boxes give the routes context - Alternative ways to make the same journey and similar trips are pulled out Organized by type of trip - cruises, road trips, train rides, and journeys by two feet and two wheels, each chapter follows the same geographical order with chapter maps showing every country covered. Each section covers a different way to travel the world and is broken down by continent. Whether you want to explore the Atlas Mountains or Torres del Paine on foot; drive the Pan American Highway or cross the Australian Outback; cycle from the top to the bottom of Africa or enjoy a leisurely ride across The Netherlands' bulb fields; go

interrailing around Europe or board the Orient Express; island hop in Greece or the Philippines: these journeys will stay with you forever!
