Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Mixed Plate Jo Koy,2021-03-23 A stunning, hilarious memoir from beloved comedian Jo Koy, “far and away one of the funniest people out there” (Chelsea Handler). Mixed Plate illuminates the burning drive and unique humor that make Jo Koy one of today’s most successful comedians. Includes never-before-seen photos. Well guys, here it is—my story. A funny, sad, at times pathetic but also kick-ass tale of how a half-Filipino, half-white kid whose mom thought (and still thinks) his career goal was to become a clown became a success. Not an overnight success, because that would have made for a really short read, but an All-American success who could give my immigrant mom the kind of life she hoped for when she came to this country, and my son the kind of life I wished I’d had as a kid. With all the details of what it felt like to get the doors closed in my face, to grind it out on the road with my arsenal of dick jokes, and how my career finally took off once I embraced the craziness of my family, which I always thought was uniquely Filipino but turns out is as universal as it gets. In this book, I’ll take you behind the mic, behind the curtain—OK, way behind it. From growing up with a mom who made me dance like Michael Jackson at the Knights of Columbus, to some real dark stuff, the stuff we don’t talk about often enough as immigrants. Mental health, poverty, drinking. And show you the path to my American Dream. Which was paved with a lot of failure, department store raffle tickets to win free color televisions, bad jokes, old VHS tapes, a motorcycle my mom probably still hates, the only college final I aced (wasn’t math), and getting my first laugh on stage. There’s photo evidence of it all here, too. In this book, I get serious about my funny. And I want to make you laugh a little while I do it. I’m like Hawaii’s favorite lunch—the mixed plate. Little bit of this, a little bit of that. My book Mixed Plate is too.

Billboard ,1953-05-23 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Tales from the Pit David G. Schwartz,2016 Dealing in a casino presents challenges and rewards not seen in many workplaces. With hundreds of thousands of dollars at stake every minute, table games pits are high-stress workplaces. Managing a workforce of dealers and attending to the needs of players brings stresses of its own. In 2015, the University of Nevada, Las Vegas's Center for Gaming Research received a grant from the UNLV University Libraries Advisory Board that enabled it to undertake an oral history project intended to capture the stories of table games managers, including both those currently working in the field and those who have retired. Drawn from these interviews, Tales from the Pit provides an overview of how the interviewees felt about a variety of topics, ranging from their experiences breaking in as new dealers to their transitions to management and the changes the industry has seen over their careers. The current and former managers speak candidly about the owners, bosses, dealers, and players who made each day challenging. This book illuminates the past several decades of casino history through the words of those who lived and made it.

Tales from the Slot Floor, Volume 1: Casino Slot Managers in Their Own Words David G. Schwartz,2018-06-22 Slot machines are the backbone of most casinos. They earn the most money and determine the physical layout of the casino floor. The management of slot machines, which includes overseeing employees, selecting machines, designing the playing space, resolving customer disputes, and conducting analyses to improve operations, is a challenging field whose complexity has grown as the machines themselves have become more sophisticated. To better document the current issues in slot management--and the change the field has seen over the past four decades--the University of Nevada, Las Vegas Center for Gaming Research conducted an oral history project. Those interviewed were at all stages of their careers. Drawn from these interviews, Tales from the Slot Floor features slot managers discussing several of the most important issues in today's casino world, including: the optimal layout of a slot floor; the qualities demonstrated by both good and bad managers; what customers want from their visits to the casino; the vendor/casino relationship; appealing to millennials; and what the future holds. In addition, those with long careers share their views on the changes they have seen, and all subjects offer their advice to those embarking on a career in slot management. For those interested in becoming slot managers, or those just curious about how casinos work, Tales from the Slot Floor gives you the inside story of slot operations, from those who do it.

The Poisonwood Bible Barbara Kingsolver,2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” –Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

501 Critical Reading Questions ,2004 Presents five hundred-one critical reading questions to prepare for the SAT I and other tests and includes skill builders on different subject matter such as U.S. history and politics, arts and humanities, health and medicine, literature and music, sports, science, and social studies.

CUCKOO'S EGG Clifford Stoll,2012-05-23 Before the Internet became widely known as a global tool for terrorists, one perceptive U.S. citizen recognized its ominous potential. Armed with clear evidence of computer espionage, he began a highly personal quest to expose a hidden network of spies that threatened national security. But would the authorities back him up? Cliff Stoll's dramatic firsthand account is a computer-age detective story, instantly fascinating [and] astonishingly gripping (Smithsonian). Cliff Stoll was an astronomer turned systems manager at Lawrence Berkeley Lab when a 75-cent accounting error alerted him to the presence of an unauthorized user on his system. The hacker's code name was Hunter—a mysterious invader who managed to break into U.S. computer systems and steal sensitive military and security information. Stoll began a one-man hunt of his own: spying on the spy. It was a dangerous game of deception, broken codes, satellites, and missile bases—a one-man sting operation that finally gained the attention of the CIA . . . and ultimately trapped an international spy ring fueled by cash, cocaine, and the KGB.

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Ace Bingo Beach Bash Lucky Island Bingo Games Free**

In a world inundated with displays and the cacophony of fast conversation, the profound energy and emotional resonance of verbal art often fade in to obscurity, eclipsed by the constant onslaught of sound and distractions.
