Tales from the Slot Floor, Volume 1: Casino Slot Managers in Their Own Words David G. Schwartz,2018-06-22 Slot machines are the backbone of most casinos. They earn the most money and determine the physical layout of the casino floor. The management of slot machines, which includes overseeing employees, selecting machines, designing the playing space, resolving customer disputes, and conducting analyses to improve operations, is a challenging field whose complexity has grown as the machines themselves have become more sophisticated. To better document the current issues in slot management--and the change the field has seen over the past four decades--the University of Nevada, Las Vegas Center for Gaming Research conducted an oral history project. Those interviewed were at all stages of their careers. Drawn from these interviews, Tales from the Slot Floor features slot managers discussing several of the most important issues in today's casino world, including: the optimal layout of a slot floor; the qualities demonstrated by both good and bad managers; what customers want from their visits to the casino; the vendor/casino relationship; appealing to millennials; and what the future holds. In addition, those with long careers share their views on the changes they have seen, and all subjects offer their advice to those embarking on a career in slot management. For those interested in becoming slot managers, or those just curious about how casinos work, Tales from the Slot Floor gives you the inside story of slot operations, from those who do it.

How to Make \$100,000 a Year Gambling for a Living David Sklansky,Mason Malmuth,1997 Is there really such a thing as a professional gambler? The answer is an unequivocal, Yes! This book's authors are but two examples. Many thousands of people around the country make a good living exclusively from gambling. It is not easy, but it can be done. The key is to understand which games are beatable and know how to beat them. David Sklansky and Mason Malmuth have spent many years writing about the finer points of poker, blackjack, and other beatable games. As you will see in the book, those other games are horses, sports, progressive slots and video poker, casino tournaments, and special promotions. They don't include craps, roulette, keno, or baccarat for reasons they'll explain. This book, was written for the not quite as experienced aspiring gambler. It shows

you everything you need to learn and do if you want to gamble for a living from both the practical and the technical standpoints. The rest is up to you.

The Babywise Parent Directed Feeding concept has enough structure to bring security and order to your baby's world, yet enough flexibility to give mom freedom to respond to any need at any time. It teaches parents how to lovingly guide their baby's day rather than be guided or enslaved to the infant's unknown needs. The information contained within *On Becoming Babywise* is loaded with success. Comprehensive breast-feeding follow-up surveys spanning three countries, of mothers using the PDF method verify that as a result of the PDF concepts, 88% breast-feed, compared to the national average of only 54% (from the National Center for Health Statistics). Of these breast-feeding mothers, 80% of them breast-feed exclusively without a formula complement. And while 70% of our mothers are still breast-feeding after six months, the national average encourage to follow demand feeding without any guidelines is only 20%. The mean average time of breast-feeding for PDF moms is 33 1/2 weeks, well above the national average. Over 50% of PDF mothers extend their breast-feeding toward and well into the first year. Added to these statistics is another critical factor. The average breast-fed PDF baby sleeps continuously through night seven to eight hours between weeks seven and nine. Drawn from these interviews, *Tales from the Pit* provides an overview of how the interviewees felt about a variety of topics, ranging from their experiences breaking in as new dealers to their transitions to management and the changes the industry has seen over their careers. The current and former managers speak candidly about the owners, bosses, dealers, and players who made each day challenging.
