The Conjugal Dictatorship of Ferdinand and Imelda Marcos Primitivo Mijares, 2016-01-17 Author's Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this volume very, very slowly. I could have done with it in three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20, 1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, Baka mapanis 'yan. (Your book could become stale.) While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes crying out to me to finish this work, lest the frailty of human memory -- or any incident a la Nalundasan - consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me to San Francisco, California perpetuate the personal knowledge I have gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos does not have eternal life and that the Filipino people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press. I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States. But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which must inevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President. If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August, 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manuscript. However, as I put the finishing touches to my work, I found myself expurgating it of the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had . . . (more inside)

In Defense of Processed Food Robert L. Shewfelt, 2016-11-23 It has become popular to blame the American obesity epidemic and many other health-related problems on processed food. Many of these criticisms are valid for some processed-food items, but many statements are overgeneralizations that unfairly target a wide range of products that contribute to our health and well-being. In addition, many of the proposed dangers allegedly posed by eating processed food are exaggerations based on highly selective views of experimental studies. We crave simple answers to our questions about food, but the science behind the proclamations of food pundits is not nearly as clear as they would have you believe. This book presents a more nuanced view of the benefits and limitations of food processing and exposes some of the tricks both Big Food and its critics use to manipulate us to adopt their point of view. Food is a source of enjoyment, a part of our cultural heritage, a vital ingredient in maintaining health, and an expression of personal choice. We need to make those choices based on credible information and not be beguiled by the sophisticated marketing tools of Big Food nor the ideological appeals and gut feelings of self-appointed food gurus who have little or no background in nutrition.

AD 2036 Is The End Christian Jacobsen, 2008-03 Did you know that the exact year of Jesus' crucifixion was predicted over five hundred years before His birth? Did you know that a similar prophecy predicts the exact year of Jesus' return to earth? In fact, the timing of the Second Coming of Christ is foreshadowed in no less than eleven places in the scriptures. These timelines all point to the end of human history within this generation. Although the Bible teaches that no one knows the day or hour when these things will happen, (Mark 13:32) it says nothing about not knowing the year. Faithful Christians most certainly won't be surprised when the day of the Lord comes, (1 Thessalonians 5:4) rather, they will see the day approaching. (Hebrews 10:25) This book reveals that the Glorious Day will occur within three and a half years of AD 2036. CHRIST HAS DIED! CHRIST IS RISEN! CHRIST WILL COME AGAIN!

Encyclopedia of Heavy Metal Music William Phillips, Brian Cogan, 2009-03-20 It has been reviled, dismissed, attacked, and occasionally been the subject of Congressional hearings, but still, the genre of music known as heavy metal maintains not only its market share in the recording and downloading industry, but also as a cultural force that has united millions of young and old fans across the globe. Characterized by blaring distorted guitars, drum solos, and dramatic vibrato, the heavy metal movement headbanged its way to the popular culture landscape with bands like Led Zeppelin and Black Sabbath in the 1970s. Motley Crue and Metallica made metal a music phenomenon in the 1980s. Heavy metal continues to evolve today with bands like Mastodon and Lamb of God. Providing an extensive overview of the music, fashion, films, and philosophies behind the movement, this inclusive encyclopedia chronicles the history and development of heavy metal, including sub-movements such as death metal, speed metal, grindcore, and hair metal. Essential and highly entertaining reading for high school and undergraduate courses in popular music studies, communications, media studies, and cultural studies, the *Encyclopedia of Heavy Metal Music and Culture* offers a guide to the ultimate underground music, exploring its rich cultural diversity, resilience, and adaptability. Entries for musicians include a discography for those wanting to start or develop their music collections.
