A Bike Ride Through My Life Frank Clements,2011-06-06 A Bike Ride through My Life chronicles the life of author Frank Clements with bicycles following the twists and turns that his life has taken in pursuit of his passion for riding. Clements is the younger brother of Ernie Clements, winner of several British Cycling Championships and a Silver Medal in the 1948 Olympic Games Bicycle Race. Despite his love of cycling, he first chose to join National Service in the RAF to establish a unique place for himself and spent virtually all of his final twelve months of service riding a bike. After his tour of duty ended, he began training to become the best cyclist in the world, his life's ambition since his success as a potential world class cyclist as a teen. Clements has had many ups and downs in his cycling life. At a young age, he came in second in the British under-eighteen championships and just missed being a member of the British Olympic Cycling team for the 1956 Olympics in Melbourne, Australia. He also designed, built, and loaned five special Cross country bikes to Roger Hammond and he won the Worlds Cyclo Cross Championship with them. This memoir follows Clements from youth to retirement, offering a fascinating trip through an amazing life.

To Finish First You Must First Finish Tony Murphy,2023-04-26 Now in my eighties, I met scores of famous people within the motorcycle and car racing world and became lifelong friends with many of them. I'd work and professionally road race for the Honda, Yamaha, and Bridgestone factory teams, win national championships for two of them, and be associated with Bombardier, maker of Ski-Doo snowmobiles and Sea-Doo watercraft when they undertook the development and manufacture of the Can-Am, a North American off-road motorcycle to challenge the Japanese. I'd also spend forty-years importing Bombardier-Rotax racing engines from Austria. I'd do motorcycle development projects for several other manufacturers and even a motorcycle project for General Motors, then the largest corporation the world had ever known. I'd win the Baja 500 off-road car race for another automobile manufacturer, American Motors, on a team sponsored by film star James Garner, with teammate Bob Bondurant, a former Formula 1 race car driver. But all that was yet to come and in no way could I have portended what excitement, success, and personal notoriety lay ahead in my then-young life. I'd become living proof that the United States was truly the land of opportunity. If one was prepared to be dedicated and work hard, almost any dream could come true.

One Man's Mountain James Essinger,2022-02-21 'One Man's Mountain' is a powerful and energetic memoir describing how what seem to be distant and unachievable dreams can become real and develop into a life's experience that is way beyond what was thought possible. The book depicts life's experiences leading from war-time to normal peacetime living. An ordinary suburban lifestyle enables the writer to explore and adventure on two wheels and brings to life a competitive spirit, which causes the writer to see and develop an ambition. The goal to be achieved centres upon an island in the Irish Sea, yet seems beyond reach. The difficulty is that it combined the need to ride and earn a living! Yet strangely, work and play relate.

Voices of North and South Ockendon Cecilia Pyke,2014-05-01 This warm and nostalgic collection of memories reveals the fascinating history of North and South Ockendon before, during and after the Second World War. The 1930s saw great change in South Ockendon as London Land Company, London County Council and Essex County Council began buying up land belonging to the Belhus estate and, after the Second World War, rehousing families from London whose homes had been destroyed by the Blitz. Life also changed for the inhabitants of North Ockendon, as the old ways of farming were replaced by modern machinery, with jobs disappearing and village life diminishing. Horses practically vanished from the area and rows of green vegetables were replaced by wheat, barley and rape. Those who live and have lived in the area reminisce about their childhoods, creating a valuable historical record of Ockendon heritage which will bring back poignant memories to all who have connections with the area.

Six-Gun Law - Westerns of the 1950s: The Classic Years Barry Atkinson, There are no two ways about it-the 1950s was the decade in which the American Western flourished and attained an absolute peak of perfection. So cowboy, saddle up, strap on your shooters, grab your rifle, and get ready to ride into a hot, dusty and highly dangerous universe populated by not-so-good guys bent on vengeance, cowardly townsfolk, bad hombres, rebellious Native Americans, glamorous dames in distress, evil land-grabbers, corrupt saloon owners, masked raiders, outlaw gangs, rustlers, psychotic villains, bank and stage holdups, train robberies, wagon trains under attack, cattle barons feuding with sheep farmers, ghost towns, gripping gunfights, bruising fistfights, crooked town officials, stand-alone lawmen, gun-toting ladies, cold-hearted killers, stampeding cattle and horses, comical sidekicks, cavalry battles, engaging 10-year-olds as tough as the adults, lone, trigger-happy strangers

met with slit-eyed suspicion and towns where trouble lurks on every dusty street corner, all set against America's striking natural scenery and mostly shot with an expertise unknown to a generation of 21st-century moviegoers fed on a never-ending diet of CGI-dominated movies with nary a Stetson or horse in sight. The 1950s was the decade in which Western movies thrived and reigned supreme; this volume hopefully, and conclusively, sets out to prove it. Six-Gun Law 3 covers 446 movies, contains over 450 photos, and is an essential reference for every Western fan.

Pocket Watch D Ogie Phillips,2011-07-01 Pocket Watch is an epic and abstract fantasy adventure following the adventures of a young adult who finds himself in an alternate plane of existence, an ancient fantasy land with heavy philosophical, spiritual, and psychological influences. William winds up following his new friends through the once great land of Amplexus, now known as Belique, as they try to loosen the Empire's oppressive grip while he himself struggles with trying to find acceptance, love, and himself through long journeys, epic battles, and dizzying debates and dialogues.

Mystic and Rider Sharon Shinn,2006-02-28 Gillengaria seethes with unrest. In the south, hostility toward magic and its users has risen to a dangerous level, though King Baryn has ordered that such mystics are to be tolerated. It is whispered that he issued the decree because his new wife used her magic powers to ensnare him... The King knows there are those in the noble Twelve Houses who could use this growing dissent to overthrow him. So he dispatches the mystic Senneth to assess the threat throughout the realm. Accompanying her is a motley band of magic-users and warriors including Tayse, first among the King's Riders—who holds a hard view of mystics in general, and Senneth in particular. But as the unlikely allies venture farther into the south, they will face death in a land under the sway of a fanatical cult that would purge Gillengaria of all magic users. And they will come to realize that their only hope of survival lies in standing together...
