The Prepared Idiot's Guide to Gold Prospecting Richard Barna,2016-02-04 Eureka! In this eBook Richard R. Barna The Prepared Idiot takes a look at how to start prospecting for gold! Who doesn't dream as a child of stumbling across a pile of gold, buried deep in your own backyard? Unfortunately, not many pirates have left treasure troves just under the surface in cities and towns, but you may be surprised to learn that gold prospecting still has a vast number of enthusiasts up and down the country. It is the thrill of the chase and the wonder of being in the great outdoors that many people find so invigorating, and so why not give it a try?

Gold! at Pigeon Roost Fred Holabird,Al Adams,2010 American's first gold rush started in North Georgia twenty years before the California Gold Rush. The Pigeon Roost Mining of Auraria, Georgia was at the heart of the Georgia rush. Out of this assortment of varied and motley gold seekers emerged an innovative group of Twenty Niners who, out of necessity, developed mining techniques, banking, and assaying systems in a remote area at a time when the world was not technologically advanced.

California's Gold Rush Robert Grayson,2012-01-01 This title examines an important historic event - the gold rush in California. Easy-to-read, compelling text explores the first discovery of gold and the creation of boomtowns in the West, issues with the Mexican government, military desertion, expansionism, and the environmental consequences of mining, key characters such as John Sutter, Samuel Brannan, Colonel Richard B. Mason, and President James K. Polk, the roles of journalism, transportation, and racial discrimination, the development of mining technologies and entrepreneurship, and the effects of this event on society. Features include a table of contents, glossary, selected bibliography, Web links, source notes, and an index, plus a timeline and essential facts. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Mining and Scientific Press ,1899

Gold Rush Jennifer Quasha,2000-12-15 Projects and activities which illustrate the history of the California Gold Rush and pioneer life in that state.

Gold Rush Jim Richards,2016-11-07 'Would you own the GOLD or would the GOLD own YOU?' When Jim Richards left home to make his fortune in a gold rush, he had no language skills, no money and no idea. But when he found diamond-filled potholes in the remote rivers of Guyana, his problems really began. Chasing gold and diamond rushes around the world, Richards worked with local miners in some of the maddest, baddest and most dangerous places on earth. His dramatic journey ranges from the piranha-infested rivers of South America to the blazing deserts of Australia, from the world's biggest mining scam in Indonesia to the war-torn jungles of Laos. To find the gold, first Jim had to find himself. He learned to dig deep and discover the resilience and fortitude needed to overcome isolation, disease, equipment disasters and gun-toting criminals to come out on top. Gold Rush is a blood-and-guts treasure hunt - the ultimate adventure story.

The World Rushed In J. S. Holliday,2015-03-16 When The World Rushed In was first published in 1981, the Washington Post predicted, “It seems unlikely that anyone will write a more comprehensive book about the Gold Rush.” Twenty years later, no one has emerged to contradict that judgment, and the book has gained recognition as a classic. As the San Francisco Examiner noted, “It is not often that a work of history can be said to supplant every book on the same subject that has gone before it.” Through the diary and letters of William Swain--augmented by interpolations from more than five hundred other gold seekers and by letters sent to Swain from his wife and brother back home--the complete cycle of the gold rush is recreated: the overland migration of over thirty thousand men, the struggle to “strike it rich” in the mining camps of the Sierra Nevadas, and the return home through the jungles of the Isthmus of Panama. In a new preface, the author reappraises our continuing fascination with the “gold rush experience” as a defining epoch in western--indeed, American--history.

The California Gold Rush Dennis B. Fradin,2009 Covers the California Gold Rush as a watershed event in U.S. history, influencing social, economic, and political policies that shaped the nation's future--Provided by publisher.

Rush for Riches J. S. Holliday,1999 Traces the history of the California Gold Rush from 1849 through 1884 when a court decision forced the shut down of the hydraulic mining operations, bringing decades of careless freedom to an end.

Gold Rush! James Klein,1998 Discusses the creation, history, and location of gold, describes tools used by prospectors, and provides instructions on how to find and pan for gold.

Gold Mining Machinery W. H. Tinney,1906

Money Pits: British Mining Companies in the Californian and Australian Gold Rushes of the 1850s John Woodland,2016-04-15 Between 1849 and 1853 shares in nearly 120 public companies to exploit the booming goldfields of California and Australia were offered to the British public. The companies were collectively capitalised at over £15 million, but in the end only some £1.75 million was actually raised between 42 of them, with only one company surviving what the newspapers of the day described as a ‘gold bubble’. This book provides an overview of the entire bubble event, its antecedents and its outcomes. A number of researchers have investigated an earlier boom in the mid-1820s to reopen gold and silver mines in Latin America and several have studied individual company operations of that period. This is the first detailed investigation of the British gold bubble companies of the 1850s and their involvement in the almost simultaneous gold rushes on both sides of the Pacific Ocean.

Dicker's Mining Record, and Guide to the Gold Mines of Australia ,1862

Mining & miners, and diggers & priggers, by a shareholder Mining,1856

Gold Fever Steve Boggan,2015-04-16 Gold. For centuries people have been entranced by the riches it promises; thousands have gone wild in their search for it and surely there will be many more. After the Financial Crisis, the price of gold reached peaks never seen in history. All over the world, particularly in the United States, people with no experience of prospecting began shopping for shovels, pickaxes, gold pans, tents, generators, and all manner of equipment they had no idea how to use. And off they went mining. In 2013, Steve Boggan decided he wanted a piece of the action, flying to San Francisco to join the 21st century's gold rush in a quest to understand the allure of the metal – and maybe find some for himself, too. Meeting a selection of colourful characters dreaming of striking it rich, he gets a crash course in small-scale prospecting while learning about the history and economics of gold. He also takes us back in time to the original gold rush, two centuries ago, tracing the path of the first intrepid 49ers who trekked thousands of miles, risking death for the chance of unimaginable wealth. Written with Boggan's characteristic charm, Gold Fever is a hugely entertaining travelogue and a moving insight into a key period in the creation of modern America.

The California Gold Rush Elizabeth Raum,2007-08 Describes the events of the nineteenth century California gold rush. Reader's choices reveal historical details of how miners traveled, how they looked for gold, and their impact on California's history--Provided by publisher.

Getting Gold: A Gold-Mining Handbook for Practical Men J. C. F. Johnson,2019-11-22 Getting Gold: A Gold-Mining Handbook for Practical Men by J. C. F. Johnson. Published by Good Press.
