demonstrate how to write each cursive letter one stroke at a time. Find handwriting tips to help write and recognize tricky cursive letters. Practice writing all of the uppercase and lowercase cursive letters. Practice cursive handwriting by copying words or sentences onto blank lines. Exercises will help you memorize the cursive alphabet. The content is suitable for all ages, including tweens, teens, or adults. One way is that the blank lines are spaced $\frac{3}{8}$ inches, which is narrower than most kids' writing workbooks. Another way is that there aren't any childish images designed to interest bored kids (some kids who are academically oriented appreciate this, too - it makes them feel like they are doing 'real' work).
