Speed Reading David Clark, 2015-07-26 Speed Reading How To Speed Read - 17 Powerful Speed Reading Techniques to Increase Your Reading Speed by 300% in Just 20 Minutes To Learn Faster, Remember More, And Be More Productive! Students, business persons or anyone who needs to read a lot of material quickly will enjoy Speed Reading. In just 20 minutes - about the time it would take an average reader to skim through the book - you can gain the tools needed to dramatically increase your reading speed. Not only that, you can learn basic principles for increasing your ability to comprehend and retain the material that you read. Common wisdom has it that speed reading misses the point of reading, and that it takes the fun out of reading. Speed reading explains how reading more quickly and more efficiently can actually make reading for pleasure even more fun than before. Readers will learn about techniques such as skimming, reading in chunks and letting the words make pictures in your head. It explains how for good readers, reading is like a movie unreeling inside their minds. Included in this book is also a fast look at the various techniques and devices that have been and can currently be used to enhance the process of becoming a speed reader - including a list of computer, tablet and phone applications that can be used to assist in the learning process. But have no fear: you can learn to speed read without purchasing a single appliance. All you need is this book, and practice reading material. Download your copy of Speed Reading by scrolling up and clicking Buy Now With 1-Click button.

Speed Reading Made Quick and Easy Ken Asselin, 2008-05-16 Here is a book that will teach you the basic knowledge necessary to quickly and easily learn the techniques of speed reading. An easy to follow and well written speed reading program that can teach anyone how to read faster. Absolutely everything you need is included in this complete speed reading course; no gimmicks, no home study guides to buy, no self help tapes to order. The problem with most speed reading books and home study courses is they are filled with unrealistic promises and difficult assignments. They lack step by step basic speed reading techniques and clear easy to grasp instructions for the beginner. You will be reading faster after finishing the first chapter in this book, and with a little practice can double or triple your reading speed within the first week.

Learn to Read with Great Speed Michal Stawicki, 2013-10-30 Looking for a no nonsense approach to speed reading? Are you too busy to read as much as you would like? This book is for YOU! The tips will double to triple your reading speed with a few simple shifts. No skimming, no scanning, but reading every word with higher speed! You'll learn to: - Double to triple your reading in a matter of minutes. - Understand and process more information, in a shorter time. - Remember more of what you read for tests, exams, speeches, and more. - Enhance vocabulary to blaze through difficult and complicated material. - Stop your mind from wandering, and stay focused on every word. - Strengthen your eyes to continue reading for years to come. How will the ability to learn more skills, ace more exams, and be more informed, while having more time for your friends, spouse, and kids, enhance your life? Don't wait any longer, kick start your reading today.

Speed Reading Mastery Kaspar Schäfer, 2020-07-02 How to double or even triple your reading speed with comprehension, regardless of reading level. Reading is a tough activity for many people to reach their full potential. In fact, people tend not to reach their full potential in reading primarily because it is tough. It is tough to read at a pace where reading enough can work with your schedule. It is tough to read large amounts of information while ensuring comprehension is achieved. I understand how tough it is because I remember being laughed at by my classmates in the third grade for being a slow reader and far behind in reading assignments. It felt humiliating, my parents often told me I was smart and that they were proud of me for doing my best, but I still didn't feel this was true. And this problem had plagued my academic life until the middle of college. It was one of the reasons why I couldn't perform well in school and constantly failed classes, being held back in certain cases where I would dream of being a high school dropout. It was until my sophomore year of college where I took my future seriously and decided something HAS to change. I studied how to learn and train my mind to be a better machine at retaining and synthesizing information, and in the process, I learned what speed reading was. After 2 years of work, I was ON FIRE with everything I learned about brain training and reading. Learning felt like a breeze all of a sudden, but reading was an area with the most visible concrete improvement because by then I tripled my reading speed without sacrificing comprehension, and even improving it. It was like I found a gold mine within my head that I didn't reach before learning speed reading, everything clicked. And it could click for YOU too. I began coaching people who had similar stories I had, it gave me the inspiration to work harder so nobody will have to be in that hole of giving up reading completely. And the track record for the people I've coached shows I built a great program that anyone can take on, including you. In *Speed Reading Mastery*, you'll discover: Simple yet efficient speed reading techniques that will double or even triple your reading speed in 7 steps. How school has taught you the INCORRECT way to read. Your current reading speed, and building the best environment to improve it. How to see like a better reader.

Experimental reading tactics that can improve reading speeds in less than 10 minutes. The framework to comprehend better than the majority even while speed reading. The miracle tool you can use anywhere to improve speed reading. And so much more... People tend to take on speed reading by themselves, without a plan to efficiently guide them to become better readers while speed reading. And this often leads to nowhere for them because they aren't using all the right techniques and methods in ways that will work. With Speed Reading Mastery, you have access to the same program that has been tried & tested on people from a wide range of ages and mental capacities. You can read at incredible speeds of 400+ WPM, even if your current reading speed may be 150 WPM. You can skim your way through books and be confident you comprehended just as well or even better than the person that hasn't speed read through the same book. You can learn to speed read, no matter your age. But that is if you use the right strategy to teach you speed reading, and Speed Reading Mastery is the right strategy you can implement. So if you want to read at speeds you did not think were possible for you, then scroll up to the top of the page & click the buy now with the 2-click button to get your book instantly!

Speed Reading Chief Cognitive Studies Unit Laboratory of Clinical Science Alex Martin, Àlex Martín, 2015-12-08 Imagine that you have just been given the assignment of reading a book with hundreds of pages. You have only two days to complete this task and produce a written report about the reading. Would you be able to accomplish this in a timely and effective manner? The truth is, not many people are able to leverage such an accomplishment. In fact, it is assumed that only expert readers can do this, leaving the average reader struggling to get through even a few pages of a work at a time. To compensate for this, researchers have long debated that speed reading, or the ability to read rapidly by combining phrases and sentences all at once, is the key to acquiring vast amounts of information in a shorter period of time. It has also been suggested that this technique is able to improve reading comprehension when implemented effectively. Today, you can find several online courses and applications that train individuals on speed reading. These courses aim to help readers improve their ability to comprehend materials without spending extensive time on the text. A strategy such as this one is truly effective for individuals that are required to read a great deal of material. Consider college students or graduate students. The work load is almost certain to be overwhelming; and professors are less inclined to sympathize with a student simply because she is required to read many books at a time. Instead, it is up to the student to develop methods and strategies that will enable him to move through the material much more quickly while still being able to grasp the information's content effectively. Thus, speed reading is a key element in producing these types of results. This is not to say that this concept is widely accepted among all those who have studied this phenomenon. As you will learn in this book as well as throughout your continued study of speed reading, there are many researchers who believe that speed reading is ineffective in its ability to help a person retain information. For many experts, those who oppose speed reading are considered to be old-fashioned, myth-based researchers who have not fully understood the positive effects of speed reading. To these individuals - the ones that oppose speed reading - the reader can and will miss important details that are often grasped by those who take their time in reading a text. Theoretically, it would be impossible for a reader to comprehend the material effectively if time is not taken to focus or fixate on each word. This idea, however, could not be further from the truth. In fact, there is substantial evidence to validate that one's inability to speed read greatly hinders his progress in acquiring the information presented in a text. Quintessentially, and for the sake of this book, we will explore the many benefits of speed reading, and will discuss various strategies that one can use to improve reading comprehension and completion.

Speed Reading for Beginners Andy Arnott, 2014-07-09 Speed Reading for Beginners Do You Want to Greatly Improve Your Reading Speed? Do You Want to Do It Without a Loss in Comprehension? And Do You Want to Learn How to Do It In Less Than 24 Hours? Well, let me introduce you to Speed Reading for Beginners... You're going to love this book, your newly acquired speed reading skills and the massive improvement to your productivity. Click the Buy Now button and get started straight away.

Speed Reading: How to Read Faster Chan Hu Wang, 2016-04-26 Learn how to read the right way. Unlock the secrets of your mind that will allow you to get and process information faster and better than most people. Speed reading is a skill that allows you to enjoy the following perks: 1. Cover more written material by doubling or tripling the number of words that you can read in a minute 2. Become more attentive to information that is important 3. Minimize or eliminate distraction 4. Become more focused on any material for better comprehension and information retention Those who claim that they can speed-read say that they can read at a whopping rate of 1000 to 1700 words per minute, which means that they can read up to the next chapter almost three times faster than you could. Would you like to achieve the same results? When you neglect to read and achieve good reading habits, you will be stuck in the elementary level of reading that prevents you from getting the most out of any literature! It's about time you improved your reading skills! Let's take a look at the contents of this eBook: Chapter 1: Before You Speed Read, READ First Chapter 2: Is It Hard to Speed Read? Chapter 3: Why You Can't Read Like a Speed Reader - Yet Chapter 4: Discovering What Works For You Chapter 5: Improving Eye Efficiency Chapter 6: Dealing with Voices Chapter 7: Getting the Point Fast So, are you ready to begin speed-reading? Become a better reader. Read more. Download your copy now!
