**Good Intentions Corrupted** Paul Volcker, Mark Califano, JEFFREY MEYER, 2009-04-27 Despite its good intentions, mismanagement and corruption plagued the UN's Oil-for-Food Program:

- More than 2,200 companies paid 1.8 billion in illegal surcharges and kickbacks to the Iraqi regime
- The UN Security Council stood by as the Iraqi regime outright smuggled about 8.4 billion of oil during the Program years in violation of UN sanctions
- The Iraqi regime steered oil contracts for political advantage by giving rights to buy oil to dozens of global political figures sympathetic to Iraq's goal to loosen or overturn the UN sanctions
- The Iraqi regime provided Benon Sevan, the UN's chief administrator of the Program, with rights to buy more than 7 million barrels of oil
- UN-related humanitarian agencies collected tens of millions of dollars for costs they never incurred, and some built

factories in Iraq that weren't needed or that never worked at all • Even UN Secretary-General Kofi Annan was tainted by it But the whole story has never been told in one place.

**Loring and Rounds: A Trustee's Handbook, 2021 Edition** Rounds, 2020-12-11 Loring and Rounds: A Trustee's Handbook is an invaluable practical resource that addresses the rights, duties, and obligations of the parties once the trustee takes title to trust property. This Handbook steers you through this complex field, providing property owners with a mechanism for seeing to the needs of beneficiaries in cost-effective, creative, efficient, and flexible ways. Loring and Rounds: A Trustee's Handbook is a handy, ready reference, and a gateway to the treatises, restatements, law review articles, uniform statutes, and cases you need to know. This fully integrated and bound volume of the 2021 Handbook brings you up to date on the latest cases, statutes, and developments, as well as new or updated discussion of topics as follow: The Handbook continues the lengthy process of pruning some of the deadwood; significant exposition has been cut, revised, or combined. In sum, the Handbook is now even leaner, meaner, and more usable than ever. In addition, numerous new cases

and secondary sources have been added. These include the following: The 2021 Handbook fully covers the fourth income and principal act issued by the Uniform Law Commission, namely the Uniform Fiduciary Income and Principal Act (2018), otherwise known as UFIPA. UFIPA has been covered extensively in this edition and has been added in many separate sections. A new section covers remedies at law for breaches of trust, such as the tort of intentional interference with inheritance or acquisition by inter vivos transfer. In addition, the Handbook has been updated with 200+ new cases, including: Roth v. Jelley, holding that, when it comes to a judicial proceeding that could adversely affect the equitable property rights of a trust beneficiary, the beneficiary is entitled under the Due Process Clause of the Fourteenth Amendment to notice and an opportunity to be heard. This case also discusses the various consequences attendant to the failure to provide such notice. Hector v. Bank of N.Y. Mellon, where the court, having in part looked to the Restatement (Third) for guidance, held that the designated passive corporate trustee of a securitized fund of mortgage-backed notes would not be personally at fault, and therefore, not personally liable for any injuries to the

tenants of a certain parcel of real estate, title to which the trustee had acquired via foreclosure, that might be occasioned by their exposure to lead paint in and about the premises. *Murphy v. Trustee of Star Financial Bank*, a case discussing the unfortunate linkage of survivorship and per stirpes: to their surviving children per stirpes. The court held that the way in which surviving and per stirpes were linked rendered the provision itself ambiguous in that the condition of survival negates the right of representation inherent in a per stirpes distribution. 2020 Tax Rates for Trusts and 2021 Projected Tax Rate Schedule for Trusts Note: Online subscriptions are for three-month periods. These include the following: In the 2022 Edition, there are 91 judicial-decision references and 186 footnotes that were not in the 2021 Edition. Forty pre-existing footnotes have been revised along with their accompanying texts. There has been a major across-the-board expansion, re-organization, renovation, consolidation, coordination, and updating of the content devoted to the intersection of trust law and constitutional (U.S.) law. We have, for example, opened up a whole new section devoted entirely to relevant taking and due process jurisprudence. See §5.3.1A and its sub-sections. The Handbook's treatment of the Domestic Asset Protection Trust (DAPT) has been beefed up and consolidated in §9.28. While the Handbook has had much to say about the equitable doctrine of unclean hands as it pertains to trustee conduct, there has been little on its applicability to beneficiary conduct. This oversight has been corrected. See §§ 5.5 & 7.1.9. All this, and

much more is included in the 2022 Edition of the Handbook.
