Vinny the Action Verb & Lucy the Linking Verb Coert Voorhees,2019-04 Vinny the Action Verb & Lucy the Linking Verb Vinny and Lucy approach life differently. He's all action, while she's content to sit back and be. With their friend Jake the adjective in trouble, however, the two verbs must put aside their differences and work together to save the day. Vinny the Action Verb & Lucy the Linking Verb is part of the nine-book Meet the Parts of Speech series starring the eight parts of speech, who are personified based on the roles they play in the sentence. From the shady pronoun always trying to take the noun's place to the motherly conjunction who just wants everyone to get along, the Meet the Parts of Speech series uses the mechanics of character and story (plot, motivation, setting, etc.) to breathe life into what has traditionally been unengaging subject matter. Learning grammar has never been more fun! ---School Library Journal

Actions Speak Louder Than Words Celia Oyler,2012-03-22 How do educators engage students in community action projects without telling them what to think, how to think, or what to do? Is it possible to integrate social justice organizing into the curriculum without imposing one's political views on students? In Actions Speak Louder than Words, longtime activist and teacher educator Celia Oyler delves into such questions through firsthand accounts of social action projects. By moving beyond charity work or volunteerism, she shows how community activism projects offer fertile ground for practicing democratic engagement as part of classroom work. Actions Speak Louder than Words is a systematic, qualitative study offering in-depth and detailed portraits of teachers who design social action projects as part of the regular classroom curriculum. Each case forms a chapter organized as a narrative that includes excerpts from classroom dialogues, and interviews with students, teachers, and parents describing their social action projects with sufficient detail to give educators guidance for designing such projects for their own classrooms. The final chapter examines power, pedagogy, and learning outcomes across the cases, providing specific guidance to educators wishing to take up such projects and offering instructional and procedural advice as well as cautions. A fresh new example of taking up the challenge to teach toward equity and social justice, Actions Speak Louder than Words is an invaluable resource for educators who are passionate about the possibility of integrating activism and advocacy into curriculum as a means to engage in strong democracy.

Fighting Words Marc William Steinberg,1999 A key component of social life, discourse mediates the processes of class formation and social conflict. Drawing on dialogic theory and building on the work of E. P. Thompson, Marc W. Steinberg argues for the importance of incorporating discursive analysis into the historical reconstruction of class experience. Amending models of collective action, he offers new insights on how discourse shapes the dynamics of popular protest. To support his thesis, he presents studies of two English trade groups in the 1820s: cotton spinners from Lancashire factory towns and London silk weavers. For each case, Steinberg closely examines the labor process, industrial organization, social life, community politics, discursive struggles, and collective actions. By describing how workers shared experiences of exploitation and oppression in their daily lives, he shows how discourses of contention were products of struggle and how they framed possibilities for collective action. Embracing work in literary theory, sociocultural psychology, and cultural studies, Fighting Words claims a middle ground between postmodern and materialist analyses.

Things to Do Elaine Magliaro,2017-02-07 With playful prose and vivid art, Things to Do brings to life the small moments and secret joys of a child's day. There are wonders everywhere. In the sky and on the ground—blooming in a flower bed, dangling from a silken thread, buzzing through the summer air—waiting ...waiting to be found. In this thoughtful and ingenious collection of poems, Elaine Magliaro, an elementary school teacher for more than three decades and a school librarian for three years, and illustrator Catia Chien provide a luminous glimpse of the ordinary wonders all around us. Plus, this is the fixed format version, which looks almost identical to the print edition.
