Reawakened Glen Guyton,2021-05-18 Every church wants to make a lasting difference. Light the spark in your congregation. More and more people are moving away from the church—not because they lack faith in God but because the church is no longer relevant to their lives. The church, not God, is the problem. In Reawakened, Glen Guyton explores eight keys to developing the abilities of congregations to bring healing and hope to their communities. These eight keys give voice to the most urgent needs of a community and offer practical suggestions for how churches can spark holistic and lasting differences in their communities. Built on a solid biblical framework, Rewakened positions churches as catalysts for transformative mission and change. Filled with stories from successful ministries that are actively engaging their communities, Reawakened helps Christians ask the big questions about God's ongoing work in the world.

Factors Determining Church Planting Success for the Korean Foursquare Church Koonsung Kim,2004 For a greater measure of growth of a denomination, a church planting and growth should be carried out effectively and successfully. The purpose of this study is to examine the situation of church planting and growth of the church of Foursquare Gospel in Korea for the past 10 years, to present an effective proposal for activating church planting that fits for the situation and reality of the denomination, to provide practical help to churches which will be planted in the future, and to contribute toward the growth of the denomination. The task of church planting should be achieved effectively and successfully for the expansion of God's kingdom and effective evangelization, and also for the denominational growth and progress. Churches planted by senior pastors themselves less than 10 years ago are selected as the sample. Planted churches surveyed in this study were a total of 15 churches. Factors determining church planting success for the Church of Foursquare Gospel in Korea was studied through practical interviews and questionnaire. The responses from the pastors were compared by the questions one by one. The researcher evaluated each answer obtained from the questionnaire separately. The results of data were divided into two, the result of successful churches and that of unsuccessful churches and they were analyzed to evaluate the important factors for activating church planting. As the result of the study, the following conclusions have been drawn for activating effective church planting and growth. First, it is essential to establish effective ministry strategies for women planters who can utilize their unique gifts and talents. Second, it is necessary for the church denomination to give proper education and training of church planting to the church planters. Third, it is important to establish the consistent supporting policy for the churches who have financial difficulties. Fourth, it is a must for church planters to establish a clear vision of church planting and communicate it to the members. Fifth, a church planting team should be formed. Sixth, Church planters should research on the community and establish a strategy for evangelism. Seventh, it is important for church planters to have enough preparation in order to graciously hold the inauguration service.

Eighth, it is needed for church planters to activate a balanced ministries in the church. Ninth, church planters should prepare practically and adequately to plant a new church. Tenth, it is important to have an institute of church planting and growth established by the denomination. To activate church planting, it is necessary of establishing effective denominational strategy based on the above mentioned important principles and supporting policy for church planting as well as successfully implementing it in the real field of planted churches. Therefore, church planting should be more activated and the kingdom of God should be expanded more rapidly--Abstract.

Activating the Passive Church Lyle E. Schaller,1981 Has your church fallen into a predictable routine? Is it drifting without purpose or resolve? Put an end to that by using Lyle E. Schaller's potent prescription for passive churches. Written for both lay and ordained congregational leaders, this timely book diagnoses the causes of church passivity, and formulates a method for combatting the problem. Dr. Schaller classifies churches according to their internal dynamics (rather than denomination or geographical location), and demonstrates how many have overcome the twenty-year syndrome - that awkward time when relatively new churches tend to lose their sense of direction. He also shows how churches can make a smooth transition from one pastor to another, and how new members can be used in establishing an effective church program. The cumulative result of twenty years of experience in parish trouble-shooting, Dr. Schaller's new book will be welcomed by church leaders everywhere who face the dreaded spectre of church passivity.

From Couch to Community Austin Maxheimer,Zach Below,2014-04-01 What if you had invented church small groups? Would anything be different? We do small groups the way we've always done 'em. Would any sacred cows disappear--or at least be prodded toward fresh vision and action? They decided to find out. *From Couch to Community* helps pastors, small group leaders, and group members: -Face the sacred cows in today's small group ministries--and uncover how to create real life change instead. -Shift church groups away from paradigms of complacency--and move people toward relevant, compassionate relationships. -Discover how to help people far from God experience Jesus through small groups. So...are you ready to activate anew the potential of your church community? Find out how inside.

How To Activate And Fully Exercise The Gifts Of The Holy Spirit Apostle Frequency Revelator,2019-11-16 In this publication, Apostle Frequency Revelator contends that the gifts of the Holy Spirit are the most valuable assets bequeathed upon believers in the Body of Christ has since the beginning of time. Without the backing of these gifts, the church would not be functioning at the level of fullness of God. As a believer, it is important that you understand and know the operation of all the gifts of the Holy Spirit, namely; prophecy, faith, miracles, healing, discernment, word of knowledge, word of wisdom, diversities of tongues as well as their interpretation. Like all other things in the Christian life, the gifts of the Holy Spirit also must be taught to be practiced. Paul precautionously admonished the Church of Corinth not to be ignorant of spiritual gifts. Basing his revelation of the foundational doctrine of the apostle Paul, Apostle Frequency Revelator further explores the divine truth that the gifts of the Holy Spirit are not called up at the fancy of the vessel God chooses to use. Instead, they are a divine legitimate birth right irrevocably bequeathed upon every believer in Christ. In this book, Apostle Frequency Revelator dissects on both the revelational and practical aspects of operating the gifts of the Holy Spirit, categorically synthesising them into revelational gifts, vocal gifts and power gifts. Definitions and explanations are given on each gift as well as elaborate explanations of the how of each operation. Christians need to understand what type of gifts they are receiving before they can operate in them. Apostle Frequency Revelator

further points out the reality that the gifts of the Holy Spirit are not manifesting to their highest level of potential in some places because of a lack of proper Biblical teaching. This revelational teaching will therefore bring faith and understanding for the operation of the gifts. The reading of this book will therefore cause you to understand the call of God in your life so that you can flow in the dispensation of God's grace upon your life. It will also assist you in terms of knowing the limits and boundaries of the operation of His gifts in your life. Ultimately, it will catapult your faith to the highest realms of the supernatural whereby you shall operate in all the gifts of the Spirit for the empowerment, edification and advancement of the Church.

Activating the Present-Day Ministry of the Holy Spirit Dr Lon Stettler, 2021-01-07 The Lord through the Holy Spirit is raising up an invincible, unstoppable, unconquerable, and overcoming Army to bring in an end-time harvest. The Lord is calling. Are you part of God's army? In his new book, *Activating the Present-Day Ministry of the Holy Spirit*, author Dr. Lon Stettler is calling those the Holy Spirit is recruiting into action to minister in these last days. This second book in his two-part Activation series outlines the three perspectives of the Holy Spirit's present-day ministry. The first perspective focuses on understanding scripturally how a person enters into the ministry of the Holy Spirit through the baptism in the Holy Spirit, speaking in tongues, and manifesting spiritual gifts. This leads into the second perspective, which is understanding the restoration ministry of the Holy Spirit to bring the church into maturity and number. The final perspective is the actual activation process to mobilize each ministry of the Holy Spirit - the baptism in the Holy Spirit with speaking in tongues, accelerating the development of the fruit of the Spirit, and activating gifts of the Spirit in your ministry. Dr. Stettler felt God leading him to write a two-part series at the start of 2020, with the first book discussing a righteousness consciousness through the identifying of Christ in us. This book then focuses on the ministry of the Holy Spirit and how to activate it in our lives and ministries. His hope is that those reading become aware of what God has gifted them with after they accepted Jesus in their hearts, the awakening of the Holy Spirit in their lives. With this new understanding, readers will begin to activate their divine gifts and ministries to be a minister in the marketplace, the public square, and the local church.

Grounded in the Faith Ken Erisman, 2013-07-15 The greatest challenge for the twenty-first-century church is the lack of catechesis—training in biblical and doctrinal knowledge. As J. I. Packer states, where wise catechesis has flourished the church has flourished, and where it has been neglected the church has floundered. It is increasingly apparent that we are raising up generations of Christians who often have little idea what they should believe and why they should believe it. Grounded in the Faith takes up that challenge with twenty-four low-prep, in-depth sessions that will ground believers in the basics of their faith. This new innovative guide is a transformational disciple-making tool that leaders can immediately use to activate discipleship in the church. It presents individuals, small groups, and Sunday school classes with a cohesive understanding of historic, sound, biblical theology that serves as a catalyst for deeper intimacy with Christ. It is a user-friendly guide to growth in the Christian faith that covers important topics such as justification, overcoming temptation, sanctification, evidence for the inspiration of the Bible, the value of prayer, the guidance of God, the Trinity, the uniqueness of Christ, and the attributes of God.
