THEOLOGY OF MISSION DR. PIOUS JOSEPH PAUL

YANZUH, 2020-08-13 Mission is the participation of the people of God in God's action in the world. The theological and critical reflection about mission is called missiology. Missiology is a multi-disciplinary and cross-cultural field of study incorporating theology, anthropology, history, geography, theories and methods of communication, comparative religion, Christian apologetics, education methodology, and interdenominational relations.

Acts R. Kent Hughes, 1996 Dynamic churches & congregations that are experiencing phenomenal growth, Christian ministries that God is using to take down walls, churches where souls are being saved and lives transformed & inspire us and make for great reading. The book of Acts, the divinely inspired history of the early church, is all this and more. In the author's words: One reason I love to study the book of Acts is its uniqueness. It is the sourcebook for the spread of early Christianity. Without it we would know little about the apostolic church except what could be gleaned from Paul's epistles. It is the chronicle of the spreading flame of the Holy Spirit. In this welcome addition to the Preaching the Word series, Pastor Kent Hughes explores the key narratives of the book of Acts, including the birth of the church, bold gospel preaching resulting in the prospering of the church, and the dramatic missionary journeys of the Apostle Paul.

NEVER IMAGINE GOD PIOUS JOSEPH PAUL

YANZUH,2020-04-08 Do you consider yourself to have big faith or small faith? Do you really believe that God can do anything in your life? Do you trust God even when it seems like it's taking a longer time for your prayers to be answered? Failure is not final. Mistakes don't have to keep you from your destiny. God's plan can override every setback. Your world may be in turmoil today in a relationship, finances, health or education. Continue to trust in God, for He will rescue you, set your feet on a rock and lead you to your final destination in life. Remember that the promises He placed in you didn't go away because you had some personal failures. Keep hoping in great expectation, because God will soon move you into the blessing and victory He has prepared for you! My life from primary school to the university has many untold stories. Memories of pains, sorrows, challenges, struggles, fun, adventures, tempest and storms. These raw materials have processed me into what I am today. Life is indeed a process. Life is in stages.

VOICES PIOUS JOSEPH PAUL YANZUH ,2020-06-11 Have you ever considered that people can identify you by your voice? Are you aware that voice is a unique identifier? We hear several voices or encounter everyday in different perspective. It is said the voice of people is the voice of God. However, whether people know the benefits of voice and how to use it profitably remains unknown. People either give voice training to better their voices or change the natural voice for people to admire them when they speak or sing. It is imperative if voice is used circumspectly. One must

know that God has his voice while Satan has his voice. God's voice is sacred but the devil's voice is coercive, destructive and deceptive. It is good to think that voice is very important aspect in life and must be treated as such. If voice is used correctly and judiciously, it promotes the Vice life but rather will disintegrate and can cause mishap in our society. Voice can be used to singing for merriment. The melodies the voice, the better the admiration of the song in our today's society.

Acts Alive David K. Buehring, 1986-07-01

The Global House Church Movement Rad Zdero, 2004
A major church shift is happening all around the world. God is once again bringing back the power and simplicity of New Testament style Christianity. The Lord is raising up the global house church movement. Do you want to reach your friends and your nation with an approach to church life and church planting that is biblical and effective? If so, read this book.

SACRIFICIAL SERVANT LEADER PIOUS JOSEPH PAUL YANZUH, 2020-04-08 This book discusses how these lay persons are inspired to lead, serve, and nurture congregations. Using the model which Jesus taught on servant leadership – “the son of man came to serve and not to be served” (Matt 20:28; Mk 10:45), an exploration is conducted on the concept of servant leadership, the characteristics

and behaviors of sacrificial servant leaders, and the environmental factors that motivate sacrificial servant leaders to be effective in the Church. The purpose of this book is to encourage and motivate leaders to be sacrificial servant leaders and to enhance an effective church ministry. In this contemporary era and more than ever before, there is a need for sacrificial servant leadership and team-work to cope with the needs of the congregation. However, I approach sacrificial Servant leadership as the process of serving followers towards growth through sacrificial and selfless stewardship based on the example of Jesus Christ viewed within the Christian faith. In essence, the concepts of “sacrificial”, “selflessness”, and “stewardship” are foundational and define the larger facets of sacrificial servant leadership.

Spirit Walk (Special Edition) Steve Smith, 2020-03-11 The Holy Spirit is the Hidden Mover behind all personal life transformation and ministry fruitfulness. Since the original publication of Spirit Walk, author Steve Smith has gone home to meet the Lord face-to-face. However, before that glorious day, he penned an impassioned plea to believers in the last days of his life. That plea and piece of instruction is what comprises the new foreword in this special edition of Spirit Walk. Read and be both challenged and invited to a life lived in the power of the Holy Spirit. Though we know the Bible says to walk in the Spirit, the majority of Christians are illiterate (and even nervous) about how to practically live in His power. The result is lives

marred by continued brokenness and ministries plagued by fruitlessness. In contrast, believers from Acts understood the ancient path of the Spirit Walk. That extraordinary power was not just for them, but also for us. Gleaning insights from implementation in dozens of Acts-like movements around the world, Spirit Walk “lifts the hood and shows us the real secret behind apostolic, disciple multiplying movements” (Neil Cole, author of Organic Church). Whether you need a movement of God in your personal life or in your ministry, this book takes you through the timeless principles of the Bible. The Spirit Walk path has helped thousands of ordinary people shift from a fundamental reliance upon methods and self-helps to the essential reliance upon the Spirit who empowers both. Discover how to start on your lifelong journey of being filled again and again by the Holy Spirit as you abide in Christ.

Church Planting Movements V. David Garrison, 2007 David Garrison, PhD University of Chicago, defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment. Garrison's Church Planting Movements: How God Is Redeeming a Lost World signaled a breakthrough in missionary church planting. After the publication of Garrison's book in 2004 it became impossible to talk about missions without referencing Church Planting Movements. Church Planting Movements examines more than two-dozen movements of multiplying churches on five continents. After presenting these case studies, Garrison identifies ten universal elements present in each movement.

He then broadens the circle of examination to identify a further ten common characteristics, factors identified in most, but not all, of the movements. He concludes his examination with a list of Seven Deadly Sins, i.e. harmful practices that stifle or impede Church Planting Movements. Important for evangelical readers, the author returns to his findings to see how they stand up to the light of Scripture. What he discovers is that Church Planting Movements are much more consistent with the New Testament lay-led house-church movements that swept rapidly through the Mediterranean world in the face of hostile opposition than today's more sedentary professional institutionalized Christianity. The Acts of the Apostles P.D. James,1999-01-01 Acts is the sequel to Luke's gospel and tells the

story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

I Hate Witnessing Dick Innes, 1985 Presents ways to tell people about Jesus Christ, effectively and without fear.

Ministry Nuts and Bolts Aubrey Malphurs, 1997 Malphurs examines the four things that drive effective ministry--values, mission, vision, and strategy--and demonstrates how to implement them. Many seminarians envision ministry as 95 percent preaching and 5 percent weddings, funerals, and visitation. They are often unprepared for the realities of working with a church board, mediating disagreements among family members, and struggling to maintain effective leadership and a sense of calling. Malphurs examines the four themes that drive effective ministry--values, mission, vision, and strategy--and demonstrates how to implement these essential qualities into a local church ministry. Arthur, 2002-06-15 Acts is a gold mine of truths about living and walking by the Spirit. Readers will discover the dynamic working of God's Spirit in the lives of early believers--and in the lives of believers today.

Acts Bill Smallman, 2017-01-23 The ACTS of the APOSTLES tracks the expansion of new churches from

Jerusalem (religious capital) to Rome (political capital), and from being a small Jewish sect to a global community. Ten lessons enable the teaching of this crucial history book.

Theologizing in the Radical Middle Ryun H.

Chang, 2018-09-17 This book doesn't endorse any systematic theology; rather, it's about how we theologize. Why do two equally trained theologians, studying the same book and loving the same Lord, arrive at such different conclusions? This theological disagreement, at times becoming personal, spills over from the academia to seminaries and churches. And if history is any indicator, this always weakens the unity of the church. Who needs unity when correct doctrines are at stake, right? But, is the defense of all doctrines worth foregoing the unity of the church, despite Jesus' prayer that "they may be one even as we are one"? At bottom, our theological contentiousness stems from not recognizing that the way biblical revelation is framed is not designed to be handled the way seminaries typically do. Regardless, we strive for the rightness of our tidy theology, even disowning those who disagree while doing so. The disavowal of continuationists by the Strange Fire crowd is the most recent instance in a long line of placing doctrinal purity over the unity of the body. This book uncovers how Scripture is really structured and how, therefore, we need to theologize differently so that we may grow spiritually in Word and Spirit.
