Heal Yourself with Chinese Pressure Points Laurent Turlin,2018-06-05 Through targeted self-massage, acupressure can relieve ailments ranging from headaches and colds to stress and insomnia. This comprehensive introduction, packed with illustrations and diagrams, presents the 12 key acupressure points along with a simple overview of the body's meridian system of energy channels. Easy-to-follow instructions outline different massage techniques before presenting directions for healing over 40 common conditions using just 12 pressure points.

Acupressure for Emotional Healing Michael Reed Gach, PhD,Beth Ann Henning, Dipl., A.B.T.,2008-11-19 Increased stress and traumatic events in our lives have resulted in many millions of people who suffer from insomnia, nightmares, anxiety attacks, depression, and tension headaches. ACUPRESSURE FOR EMOTIONAL HEALING offers relief at your fingertips, quickly and safely, for a wide range of emotional problems. It explains how emotional distress becomes lodged in the body as muscular tension and blocked energy, and shows how acupressure can relieve not just the resulting physical symptoms, but also their emotional source--often without the need for extensive talk therapy or medication. Acupressure stimulates the same points used in acupuncture, but instead of needles, firm finger pressure is used on the surface of the skin. The pressure releases neurochemicals called endorphins that relieve pain. As in acupuncture, specific pressure points are connected with internal organs and energy

pathways in the body (called meridians) that regulate the flow of electrical energy to all systems. Unlike acupuncture, acupressure can be used safely by anyone, with only the hands as equipment.

ACUPRESSURE FOR EMOTIONAL HEALING offers a comprehensive A-Z guide to emotional ailments (from abandonment to worry and obsessive thinking), with fully-illustrated instruction on dozens of precise acupressure point locations and how to activate them, combined with yogic breathing, stretching, and movement routines. Case histories from the authors' practice further illuminate each condition and the path to emotional balance and healing. Most routines can be used independently for self-care and on-the-spot relief. There are also sections on how to use the techniques to help others, with appropriate safeguards.

Five Point Touch Therapy Pierre-Noël Delatte,2013-04-19 Simple and fast-acting self-treatment of emotional issues with acupressure points • Illustrates how to quickly treat emotional difficulties arising from acute crises or loss and long-term issues such as depression and anxiety • Explains how to remove the

emotional blocks and scars at the root of many common physical ailments, such as eczema, ulcers, and weight gain • Provides guidance on treating others, including babies and children, and daily treatment routines to combat stress and create emotional and energetic balance Does emotion rule you or do you rule your emotions? With five point touch therapy, you can quickly counter negative emotional states as they arise, leaving you better able to cope with a crisis, as well as treat long-term issues such as depression and anxiety. More than just a self-help method, this technique, also called psycho-bio-acupressure (PBA), is also effective for children and babies, particularly for sleep problems and colic. Based on Dr. Delatte's 20 years of research and decades of hands-on practice, PBA works by sequential activation of 5 acupressure points to produce an energetic circuit in the body. This circuit can provide immediate relief from acute negative emotions and, when applied regularly, prevent future emotional overreactions and treat deep-seated destructive emotional states. The book includes 22 five-point sequences for specific emotional issues, such as panic attacks or suppressed anger, and for removing the emotional blocks and scars at the root of many common physical ailments, such as eczema, asthma, and weight gain. Dr. Delatte explains how to combine the 22 sequences to treat more than 70 additional emotional and physical ailments as well as how to use this technique with homeopathy and Bach Flower Therapy for more stubborn conditions. Providing a daily routine of self-treatment to combat stress and balance your energetic centers, this book allows you to take control of your emotions as well as protect and enhance your health.
