shiekh Hafiz Ibn Ahmed Al Hakami

The Interpretation of The Meaning of The Holy Quran Volume 64 - Surah Ad-Dukhan, Surah Al-Jathiyah Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013, I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah, I have completed the whole Quran on 29th October 2020 with 84 books. I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English. Currently, there is a great misunderstanding about Islam among Muslims and non-Muslims globally. The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims. The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non-Muslims. The wrong actions of the Muslims have led to many miseries and wars among Muslims. The wrong actions of Muslims have also led to many wars and clashes between Muslims and non-Muslims. In order to avoid miseries, wars and clashes from taking place between the whole mankind in the whole world, the whole mankind in the whole world need to understand the true teaching of Islam. There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran. The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world (English). For this very reason I have written the interpretation of the Holy Quran in English. Prof. Nasoha Bin Saabin

The Division By Division English Interpretation of THE QUR'AN in The Order of Revelation Hakkı Yılmaz, If you wish to have this book as paperback, you can get in touch with info@quraninenglish.net. Web Sites: <https://www.quraninenglish.net/> <https://presentationofislamandquran.com/> <https://www.youtube.com/playlist?list=PLzuPsekljGMNgVGEoSGyNvRbj1-6gH438> I hereby seek refuge in Allah from thinking ability; its allurements, its enticement and its deception for this work of mine which I have done to recite and comprehend the Qur'an in its original Arabic form then interpret what I have understood in English. While being incapable of praising as deep as we should, I offer to Allah, Rabb of all worlds, Most Gracious, Most Merciful, all my compliments that I can come up with and conceive with my humble thinking ability, and I offer my sincerest gratitude to Him for bestowing me, this humble, poor and servile one, His blessings and felicity to offer the reciters an English interpretation of the Qur'an. I entreat our Great Rabb to look after, protect and support us together with all the people who serve for the religion of Allah, as He did for His prophet Muhammad (Peace Be Upon Him), his family and companions. In this work of mine, in which I have striven to comprehend the messages of our Rabb plainly and offer to all people, I have not sought for anything except than the countenance of Allah. Due to our weakness and our comprehension is limited, there are definitely deficiencies. However, my Rabb is witness that no wrong has been done intentionally. Therefore, I hope that our great Rabb forgives me. This interpretation that is presented here is a result of the analyses that were meticulously conducted by taking into account the ancient Arabic Language (with its vocabulary, grammar and literature) and the unity of the Qur'an. Evidences, sources and justifications relevant to this interpretation that we present are available in our work titled as Tebyinu'l Qur'an. Our readers who

wish to get detailed information, review and examine our works, they can see these in Tebyinu'l Qur'an that has been published as 8 volumes or in our websites. The religion of Islam is, as the meaning, "The religion that strengthens people" [the set of principles that keep people away from the things like problems, sorrows, wars, weaknesses, spiritual illnesses, unhappiness and similar things and that ensure safety and security]. The religion of Islam taught in the Qur'an in fact distances people and societies from problems, fears, unhappiness, quarrels, wars and similar negative things. All the principles in the Qur'an are for the health, happiness and peaceful living of humanity. The name of the religion that Allah sent with Adam, Noah, ...Abraham, ...Moses, Jesus and Muhammad is Islam. The only source of the religion of Islam is the Qur'an. Some people and communities known as Muslims on earth adopted the views and understandings of some others as a religion by leaving the original messages of the Qur'an. Hence, intolerable problems among themselves and in their relations with non-Muslims have emerged and still continue to emerge. Islam expounded by the Qur'an is very different from what it appears, particularly what the non-Muslims see on those people who claim to be Muslims. When you read the English interpretation of the Qur'an which is the source the religion of Islam, you will know the Qur'an and the religion of Islam more closely.

200 FAQ ON Muslim Belief shiekh Hafiz Ibn Ahmed Al Hakami,

The A to Z of the Gulf Arab States Malcolm C. Peck,2010-04-12 The A to Z of the Gulf Arab States comes at a time when the world's attention is riveted on the Middle East. The small states covered in this volume—Bahrain, Kuwait, Oman, Qatar, and the United Arab Emirates (UAE)—possess about 20 percent of the world's total oil reserves. Beyond the strategic and economic importance conferred upon them by their vast oil reserves, the Gulf Arab states are worthy of attention for the inherent interest of their history and culture. No area of the world has yielded more revealing and exciting archaeological finds in the past few decades than these states. Investigations have brought to light extensive evidence of an important culture as old as Egypt of the Pharaohs or ancient Babylon, which was virtually unknown previously except through rare references in the records of other civilizations. The A to Z of the Gulf Arab States is a paperback reprint of the Historical Dictionary of the Gulf Arab States. This edition covers the history of the five countries through a chronology broken down by country, a list of acronyms and abbreviations, an introductory essay, a bibliography, and several hundred cross-referenced dictionary entries on important persons, places, and events of each country. Everything from the Abbasids to Zubarah is covered in this essential reference on this increasingly important region of the world.

Qur'ānic Studies Today Angelika Neuwirth, Michael A Sells, 2016-04-14 Qur'ānic Studies Today brings together specialists in the field of Islamic studies to provide a range of essays that reflect the depth and breadth of scholarship on the Qur'ān. Combining theoretical and methodological clarity with close readings of qur'ānic texts, these contributions provide close analysis of specific passages, themes, and issues within the Qur'ān, even as they attend to the disciplinary challenges within the field of qur'ānic studies today. Chapters are arranged into three parts, treating specific figures appearing in the Qur'ān, analysing particular suras, and finally reflecting on the Qur'ān and its others. They explore the internal dimensions and interior chronology of the Qur'ān as text, its possible conversations with biblical and non-biblical traditions in Late Antiquity, and its role as scripture in modern exegesis and recitation. Together, they are indispensable for students and scholars who seek an understanding of the Qur'ān founded on the most recent scholarly achievements. Offering both a reflection of and a reflection on the discipline of qur'ānic studies, the strong, scholarly examinations of the Qur'ān in this volume provide a valuable contribution to Islamic and qur'ānic studies.

The Creation Everett Jenkins, 2003 The major monotheistic religions of the world--Judaism, Christianity and Islam--have certain elements in common, particularly in their scriptures concerning the beginnings of life and the early history of human beings. This shared beginning is compellingly worth further study. Common ground and common threads can only help a dialogue between people of different faiths. This reference work could be a tool toward greater understanding of other faiths and focuses on the story of the

creation of the universe and of humans. Part One traces the development of the earth and its inhabitants from a scientific viewpoint so that the humanistic perspective may be contrasted with the scriptural accounts to follow. Part Two features an introduction to the Tanakh, information on the Torah, and what is known about its authors, and other influences on the Jewish religion, followed by actual scriptures from the Torah from the creation through the destruction of the Tower of Babel. Then a section each is devoted to an explanation of the Catholic, Protestant and Fundamentalist Christian interpretations of these stories, citing scripture as appropriate. Part Three affords a Muslim perspective with excerpts from the Sirah that refer to events and characters from the early chapters of Genesis. The appendices are rich--various chronologies of similar events based on the different scriptures, tables of contents for the various holy books, tables presenting summaries of a particular perspective on a subject or comparisons between two perspectives and much more.
