**Leadership Step by Step** Joshua Spodek, 2017-02-16 Don't be content with simply learning what makes a great leader. Take the time to put in the work building those character traits inside you. Why is it that most of the principles and ideas we are inspired with when we read leadership books rarely end up leaving the page? Because we've learned what successful leaders are doing, as well as why we should be implementing it ourselves, but we have no idea how we can specifically do all this in our unique circumstances. Leadership Step by Step walks you

through what to do and how to do it by taking you through an integrated and comprehensive progression of exercises designed to cultivate key abilities, behaviors, and beliefs through experience. By the end of the 22 exercises in this hands-on book, you will learn to: Build self-awareness Manage emotions Speak in an authentic voice Create meaningful connections Inspire others Each chapter opens with a story demonstrating a vital leadership skill. Then, it guides you through the process of developing that skill for yourself. Leadership Step by Step teaches you how to be that leader you've read so much about!

**Business Administration Scale for Family Child Care (BAS)** Teri N. Talan,Paula Jorde Bloom,2018-05-18 The Business Administration Scale for Family Child Care (BAS) is the first valid and reliable tool for measuring and improving the overall quality of business and professional practices in family child care settings. It is applicable for multiple uses, including program self-improvement, technical assistance and monitoring, training, research and evaluation, and public awareness. It is currently embedded in many state quality rating and improvement systems (QRIS) across the nation. Using a 7-point rating scale (inadequate to excellent), this easy-to-use instrument assesses 10 items: Qualifications and Professional Development Income and Benefits Work Environment Fiscal Management Recordkeeping Provider-Family Communication Family Support and Engagement Marketing and Community Relations Provider as Employer The second edition of the BAS includes refinements to support the reliable use of the instrument and to reflect current best practices in administering a family child care program: The Notes for the BAS items are expanded to increase understanding and facilitate greater consistency in both interpretation and scoring. There is greater emphasis on practices that promote family and community engagement. New national norms for the BAS are reported based on data collected between 2009 and 2017 from 439 home-based programs in 22 states. Use the BAS second edition with the Family Child Care Environment Rating Scale (FCCERS-3 or FCCERS-R) for a comprehensive picture of your family child care learning environment and the business and professional practices that support the program.
