*Introducing Starling* Thibault Imbert, 2012-01-12 Starling is an ActionScript 3 2D framework developed on top of the Stage3D APIs (available on desktop in Flash Player 11 and Adobe AIR 3). Starling is mainly designed for game development, but could be used for many other use cases. Starling makes it possible to write fast GPU accelerated applications without having to touch the low-level Stage3D APIs. Most Flash developers want to be able to leverage GPU acceleration (through Stage3D) without the need to write such higher-level frameworks and dig into the low-level Stage3D APIs. Starling is completely designed after the Flash Player APIs and abstracts the complexity of Stage3D (Molehill) and allows easy and intuitive programming for everyone. Obviously Starling is for ActionScript 3 developers, especially those involved in 2D game development; of course you will need to have a basic understanding of ActionScript 3. By its design (lightweight, flexible and simple), Starling can be used also be used for other use cases like UI programming. That said, everything is designed to be as intuitive as possible, so any Java™ or .Net™ developer will get the hang of it quickly as well.

*Billy Dixon & Adobe Walls* Billy Dixon, Edward Campbell Little, 2010-11 *Life and Adventures of Billy Dixon* by Billy Dixon *The Battle of Adobe Walls* by Edward Campbell Little Two essential accounts of the south western plains in frontier days This special edition book contains two works-'Billy' Dixon's remarkable autobiography of his life on the south western plains of the American frontier of the post Civil War period and a useful and interesting article taken from the pages of Pearsons Magazine which describes the renowned battle at Adobe Walls with contributions from many of the participants. For anybody

interested in the history of the West, 'Billy' Dixon's name will be a familiar one. Drawn to the excitement of frontier life when no more than a boy, he lived life in full measure as a teamster, buffalo hunter and scout for the army. Dixon was well known as an outstanding marksman and when the day of battle came in July 1874 there were few among the defenders of Adobe Walls more prepared or more equal to the challenges of those three desperate days of conflict. Here legends were made as the Comanches and Kiowas under the renowned Quanah Parker charged to destruction time and again. By Dixon's side fought the young 'Bat Masterson' soon to be known as another figure of fame on the frontier. After Adobe Walls Dixon's involvement with Miles' expedition brought him to yet another heroic fight with hostile Indians in the 'Buffalo Wallow Fight'. Together these two narratives make a unique book. Available in soft cover and hard back with dustjacket.

**Cherry Valley** Kenneth M. Holtzclaw, Tom Chong, 2008 Nestled in one of Southern California's deep mountain passes, Cherry Valley has long been heralded for its pastoral beauty. The Cahuilla Indians were the first to inhabit the area, followed by Gold Rush settlers. In 1853, Dr. Isaac Smith built the first ranch here, which was later used by the Butterfield Overland Stage as a stop between San Bernardino and Yuma, Arizona. Smith's Station, as the ranch was known, became an important link for passenger and mail service between Southern California and the rest of the nation, slowly developing into a successful hotel and eventually a resort. The valley was named for its abundance of cherry trees, and in 1914, the community celebrated its first cherry festival, a tradition that continues today. Cherry Valley residents are particularly proud of their community and are dedicated in maintaining the rural residential and agricultural lifestyle they so dearly cherish.
