Annual Financial Report of the State of Hawaii for the Fiscal Year Ended June 30... Hawaii. Department of Accounting and General Services,1973

The First 40 Presidents of Queens' College Cambridge Jonathan Dowson,2022-02-17 Queens' College, part of the University of Cambridge, was founded in 1448 by Margaret of Anjou, wife of the inept and ill-fated Henry VI. The first of its 40 Presidents to date was Andrew Duket, an ambitious Catholic priest, while the latest, the eminent economist Dr. Mohamed El-Erian, was installed in 2020, in the midst of the Covid pandemic. This account traces the history of the College through the lives and times of each of the 40 Presidents in chronological order. Their varied careers, (which encompass the martyrdom of Saint John Fisher, incarceration in a prison ship in the Civil War and preaching at the burning of heretics on Cathedral Green at Ely), illustrate the interactions between the academic community and the social, religious, cultural and political life in Britain, over five and a half centuries.

**The Baghdad Pact** Behcet Kemal Yesilbursa,2005-07-08 This book explores the formation of the Baghdad Pact and Anglo-American defence policies in the Middle East, 1950-1959. It determines the aims with which the pact was established; the failings of the pact, and the struggle that was undertaken against it by hostile countries. It examines the events surrounding the formation, development and collapse of the pact, and Anglo-American attempts to contain the Soviet Union in the Middle East. It also deals with British and American policies towards the pact and Middle Eastern defence. It seeks to examine British and American post-war defence policies in the Middle East and their collective defence projects in the region, such as the Middle East Command and Northern Tier, leading to the Baghdad Pact. It does not attempt to offer a comprehensive history of British and American policies in the Middle East, and particularly aims to explore those policies with regard to the problems of Middle East defence. In addition, it explores the policies of the local members of the pact, and examines the pact's internal structure. It poses the questions of how the members of the pact and the United States perceived the question of Middle East defence; what their basic aims were; and what problems they faced while trying to achieve these aims and implementing their chosen solutions.
